*John Penton and the Off-Road Motorcycle Revolution* Ed Youngblood,2000 John Penton has spent his life redefining off-road motorcycling. Here Ed Youngblood presents an exhaustive review of the man and his machine, explaining how major political and economic events affected the creation of the off-road motorcycle in the 1960s, the decline of the market during the 1970s, and the rebound that found KTM motorcycles competing successfully against powerful Japanese manufacturers in the 1990s.

*Off-Road Giants! (Volume 2)* Andy Westlake,2022-03-10 If you remember off-road stars like the Rickman brothers' Vic Eastwood, Lew Coffin, and John Avery, then this is a must-have book for your collection. They're big names who brought the thrills and spills of the golden era of motorcycle sport to a whole generation. For the author, it's a personal trip down memory lane, as he was lucky enough to see many of these men and women at the height of their racing careers. Seventeen of the rider profiles in this book originally appeared over a three-year period in the pages of *The Classic Motorcycle* magazine, but the profile on the Rickman brothers – two of scrambling's true greats – has never been seen in print before. Accompanied by a totally new set of over 100 stunning photographs, this is a book that will evoke fond memories for all who share the author's love of motorcycle sport in a golden age.

*Off-Road Giants!* Andy Westlake,2008-11-15 A fascinating and nostalgic compilation of rider profiles written over a three year period, which originally appeared in *Classic Motorcycle* magazine, and is now accompanied by a new set of over 100 photographs. All of the riders featured became top achievers in their field, although, for some, it was their first interview. During the 1950s and 60s, scrambling especially drew huge crowds to meetings all across the country, and, thanks to TV coverage such as BBC Grandstand Trophy, and ITV's World of Sport, many of the competitors featured in this book became household names. Each chapter includes the competition years of the riders, and also gives an overview of their careers, and conveys their enthusiasm for the sport.

Karma Sadhguru,2021-04-27 NEW YORK TIMES, USA TODAY, and PUBLISHERS WEEKLY BESTSELLER “Full of valuable insights to guide you.”—WILL SMITH “Thoughtful and life-affirming . . . a must-read.”—TONY ROBBINS “This book will put you back in charge of your own life.”—TOM BRADY A new perspective on the overused and misunderstood concept of “karma” that offers the key to happiness and enlightenment, from the world-renowned spiritual master Sadhguru. What is karma? Most people understand karma as a balance sheet of good and bad deeds, virtues and sins. The mechanism that decrees that we cannot evade the consequences of our own actions. In reality, karma has nothing to do with reward and punishment. Karma simply means action: your action, your responsibility. It isn’t some external system of crime and punishment, but an internal cycle generated by you. Accumulation of karma is determined only by your intention and the way you respond to what is happening to you. Over time, it’s possible to become ensnared by your own unconscious patterns of behavior. In Karma, Sadhguru seeks to put you back in the driver’s seat, turning you from a terror-struck passenger to a confident driver navigating the course of your own destiny. By living consciously and fully inhabiting each moment, you can free yourself from the cycle. Karma is an exploration and a manual, restoring our understanding of karma to its original potential for freedom and empowerment instead of a source of entanglement. Through Sadhguru’s teachings, you will learn how to live intelligently and joyfully in a challenging world.

Riding in the Zone Ken Condon,2019-10-15 Riding motorcycles is fun, but author Ken Condon maintains that there is a state of consciousness to be achieved beyond the simple pleasure of riding down the road. Riding in the Zone helps riders find that state of being. It's the experience of being physically and mentally present in the moment, where every sense is sharply attuned to the ride. Your mind becomes silent to the chatter of daily life, and everyday

problems seem to dissolve. You feel a deeper appreciation for life. Your body responds to this state of being with precise, fluid movements, you feel in balance, your muscles are relaxed, and it seems as though every input you make is an expression of mastery. This is the Zone. Condon identifies all of the factors that affect entering the Zone and addresses each one individually, from the development of awareness and mental skills to mastering physical control of the motorcycle. At the end of each chapter are drills designed to transform the book's ideas into solid, practical riding skills. Riding in the Zone takes riders to the next level in their skill set.

**Tales from South America** Eglė Gerulaitytė, 2019-04-11 Tales from South America is a book of adventure, connection, and a lonely personal journey to the ends of the world. Egle, a 28-year old woman from Lithuania, sets out on a 30,000-mile solo motorcycle ride from Peru to Patagonia and back, exploring South America on two wheels. Along the way, as she journeys to the far South, she connects with local people, discovers a different South America and, in the end, a different self. Tales from South America is filled with stories about the everyday life, the weird and wonderful legends, and the extraordinary people of Peru, Bolivia, Argentina, Chile, Ecuador, and Colombia. It's also, in a way, an account of a young woman's coming of age, a glimpse into what it was like to be growing up in post-Soviet Lithuania, and a tale of a lone motorcycle adventure across one of the most magical continents on Earth.

**Urban Dirt Bikers** Spencer Murphy, 2017-05-11 A new culture of young, inner city bikers has grown up over the past years in the UK. Young men and women have taken to the streets on dirt bikes, quads and all manner of motorbikes to perform stunts. Often hidden in the mazes of industrial estates, where they won't draw too much attention from the public or police, riders gather on weekends and perform tricks up and down a strip of tarmac. Photographer Spencer Murphy, who is continually interested in people who exist on the fringes of law and society, spent two years documenting these gangs of riders and quad bikes.

*In Search of Greener Grass* Graham Field, 2012 From backpack to bicycle and now on a motorcycle, but still on a budget, the author, a compulsive traveller, embarks on a journey East from England with Mongolian intentions. In possession of a good sense of direction, a vague sense of balance and no sense of proportion; this particular trip is financed by modest winnings from an uncharacteristic appearance on a TV game show. Riding a bargain eBay purchase Kawasaki KLR 650 and travelling solo into places beyond the guide book. A daily diary of achievements and mistakes incurred in a transient lifestyle, with mixed emotions from overawed to just plain bored, and making the best of decisions made while trying not to reflect on the alternatives. This is a refreshingly honest, thought provoking, humorous and informative account based on a lifetime of first hand encounters, anecdotes, wisdom and occasional alcohol induced inspiration. Offering an unavoidable wealth of experience which takes the reader with him, as the journey twists and turns on the road which the author hopes will lead him to greener grass.
