The Daily Vegan Planner Jolinda Hackett, 2011-11-18 Eating nutritionally balanced, all-vegan meals can be a tough task—after all, broccoli doesn't come with food labels. Now, vegan readers don't have to question how wholesome their healthy food really is or how they'll add sufficient protein to their diet. The Daily Vegan Planner pairs twelve weeks of meal plans with journaling space to help new vegans follow a clear-cut strategy as they transition into their new lifestyle. Each day, readers will: eat four practical, nutritious, and tasty vegan meals; track essential nutrients—from carbs and protein, to calcium and B12; record types of food they ate on a vegan food pyramid; and journal about food discoveries, daily challenges, and kitchen notes. From the moment they write their vegan mission statement to the time they debrief themselves on Week 12, readers will find themselves fully engaged in making a difference in their lives—and the world—one meal at a time.

Cybercrime Case Presentation Brett Shavers, 2013-01-15 Cybercrime Case Presentation is a first look excerpt from Brett Shavers' new Syngress book, Placing the Suspect Behind the Keyboard. Case presentation requires the skills of a good forensic examiner and great public speaker in order to convey enough information to an audience for the audience to place the suspect behind the keyboard. Using a variety of visual aids, demonstrative methods, and analogies, investigators can effectively create an environment where the audience fully understands complex technical information and activity in a chronological fashion, as if they observed the case as it happened.

The Carnivore Diet Shawn Baker,2019-11-19 Shawn Baker's Carnivore Diet is a revolutionary, paradigm-breaking nutritional strategy that takes contemporary dietary theory and dumps it on its head. It breaks just about all the "rules" and delivers outstanding results. At its heart is a focus on simplicity rather than complexity, subtraction rather than addition, making this an incredibly effective diet that is also easy to follow. The Carnivore Diet reviews some of the supporting evolutionary, historical, and nutritional science that gives us clues as to why so many people are having great success with this meat-focused way of eating. It highlights dramatic real-world transformations experienced by people of all types. Common disease conditions that are often thought to be lifelong and progressive are often reversed on this diet, and in this book, Baker discusses some of the theory behind that phenomenon as well. It outlines a comprehensive strategy for incorporating the Carnivore Diet as a tool or a lifelong eating style, and Baker offers a thorough discussion of the most common misconceptions about this diet and the problems people have when transitioning to it.

The Penguin Book of Exorcisms Joseph P. Laycock,2020-09-08 Haunting accounts of real-life exorcisms through the centuries and around the world, from ancient Egypt and the biblical Middle East to colonial America and twentieth-century South Africa A Penguin Classic Levitation. Feats of superhuman strength. Speaking in tongues. A hateful, glowing stare. The signs of spirit possession have been documented for thousands of years and across religions and cultures, even into our time: In 2019 the Vatican convened 250 priests from 50 countries for a weeklong seminar on exorcism. The Penguin Book of Exorcisms brings together the most astonishing accounts: Saint Anthony set upon by demons in the form of a lion, a bull, and a panther, who are no match for his devotion and prayer; the Prophet Muhammad casting an enemy of God out of a young boy; fox spirits in medieval China and Japan; a headless bear assaulting a woman in sixteenth-century England; the possession in the French town of Loudun of an entire convent of Ursuline nuns; a Zulu woman who floated to a height of five feet almost daily; a previously unpublished account of an exorcism in Earling, Iowa, in 1928--an important inspiration for the movie The Exorcist; poltergeist activity at a home in Maryland in 1949--the basis for William Peter Blatty's novel The Exorcist; a Filipina girl bitten by devils; and a rare example of a priest's letter requesting permission of a bishop to perform an exorcism--after witnessing a boy walk backward up a wall. Fifty-seven percent of Americans profess to believe in demonic possession; after reading this book, you may too. For more than seventy-five years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 2,000 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.
