Power and Loss in South African Journalism Glenda Daniels, 2020-07-01 This timely collection of essays analyses the crisis of journalism in contemporary South Africa at a period when the media and their role are frequently at the centre of public debate. The transition to digital news has been messy, random and unpredictable. The spread of news via social media platforms has given rise to

political propaganda, fake news and a flattening of news to banality and gossip. Media companies, however, continue to shrink newsrooms, ousting experienced journalists in favour of 'content producers'. Against this backdrop, Daniels points out the contribution of investigative journalists to exposing corruption and sees new opportunities emerging to forge a model for the future of non-profit, public-funded journalism. Engaging and dynamic, the book argues for the power of public interest journalism, including investigative journalism, and a diversity of voices and positions to be reflected in the news. It addresses the gains and losses from decolonial and feminist perspectives and advocates for a radical shift in the way power is constituted by the media in the South African postcolony. A valuable introduction to the confusion that confronts journalism students, it has much to offer practising media professionals. Daniels uses her years of experience as a newspaper journalist to write with authority and illuminate complex issues about newsroom politics. Interviews with alienated media professionals and a semi-autobiographical lens add a personal element that will appeal to readers interested in the inner life of the media.

*General Management in Latin and Ibero-American Organizations* Adrián A. Caldart, Joan E. Ricart, Alejandro A. Carrera, 2019-06-25 This book provides an examination of the general manager, which encompasses their roles as strategist, organizational designer and institutional leader. Instead of exclusively focusing on the economic aspect of general management, this book explores a humanist perspective based on the conviction that maintaining high ethical standards is a precondition to the healthy, long-term prosperity of firms and, more importantly, the development of employees. Bringing together a team of contributors from several prestigious business schools in Spain, Portugal, and Central and South America, this book develops the field of general management through academic thinking, research and practical experience in the form of original and relevant case studies from the perspective of Ibero-American business communities. After explaining the foundations of its call for humanist general management practices, the authors focus on themes inherent to strategy and organizing such as sustainability, business model innovation, strategy in

emerging markets, strategic alliances, digital strategy and organizational learning. They conclude by focusing on institutional leadership, and provide a fresh look at boards of directors, risk management, family businesses, stakeholder management and the work of CEOs. General Management in Latin and Ibero-American Organizations is an invaluable resource that will be of great interest to practitioners and students in the field of international business, management, organization studies, strategy in emerging markets, leadership and corporate governance.

Indien zu Gast in Österreich: Anforderungen an Hoteliers bei der Beherbergung indischer Urlaubsgäste Thomas G. Müller, 2010-05 Reisen haben den Menschen seit jeher in seinem Leben beeinflusst, fasziniert und den kulturellen Austausch gefördert. Die Tourismusbranche gilt als riesiges Marktinstrumentarium und stellt für manches Land einen lebensnotwendigen wirtschaftlichen Einkommens-Turbo dar. Das im Gegensatz zu anderen Ländern Europas relativ kleine Österreich ist im weltweiten Tourismus jedoch aufgrund seines hohen Standards bei Unterkünften, seines wirtschaftlichen Umfelds, seines sicheren politischen Systems und vor allem seiner Gastlichkeit bei Urlaubern aus aller Welt sehr beliebt. Traditionelle Köstlichkeiten, eine perfekte Infrastruktur sowie öffentliche Anbindungen in den Städten und bis in kleinste Gemeinden bescherten Österreich 2007 rund 121 Millionen Übernachtungen. Der Autor dieser Arbeit erörtert die entstehenden Herausforderungen mit den damit verbundenen Anforderungen an Hoteliers im Besonderen bezüglich der Service- und Dienstleistungsqualität im Umgang mit indischen Gästen. Das Viersterne-Hotel Dorfpark - Trend Hotels im Vorarlberger Gstaad dient als Fallbeispiel für diese Arbeit. Mit Hilfe des Erhebungsinstrumentariums eines Online-Fragebogens werden ausschließlich Gäste indischer Abstammung über die Hauptmerkmale erforderliche Service- und Dienstleistungsqualität in der Beherbergung befragt. Ziel: Die Ergebnisse sollen als kleines Lexikon, vor allem für österreichische

Hotelbetreiber sowie für Menschen, die im Dienstleistungssektor (z.B. Tourismus) und mit Menschen unterschiedlicher Nationalitäten im Service arbeiten, hilfreich sein. Die Umfrage der Gäste soll helfen, den Anforderungen einer optimalen Unterbringung und der von den indischen Besuchern verlangten Serviceleistungen, gerecht zu werden. So soll zukünftigen Besuchern dieser doch neue aufstrebende Markt als touristische Destination noch attraktiver und service-orientierter präsentiert werden.
