Kindness, Clarity, and Insight The Dalai Lama, 2020-10-13 This beloved classic brings together in one volume all the major themes of the Dalai Lama's teachings such as religious values, the four noble truths, karma, compassion, and meditation. Drawn from the lectures he gave during his first three visits to North America, the book covers the core subject matter of Tibetan Buddhism, as presented for the first time to an English-speaking audience. The chapters are arranged developmentally from simple to complex topics, which include the luminous nature of the mind, the four noble truths, karma, the common goals of the world's religions, meditation, deities, and selflessness. Central to all these teachings is the necessity of compassion--which the Dalai Lama says is the essence of religion and the most precious thing there is.

The Nectar of Bodhicitta Lama Zopa Rinpoche, 2021-09-12 LYWA director Nick Ribush writes: The story behind this book is that in the early Kopan Monastery courses, Lama Zopa Rinpoche would start his day's teachings by quoting a verse from Shantideva's or Khunu Lama Rinpoche's seminal texts, giving a short teaching on it and then suggesting that students use it to generate a bodhicitta motivation for the day's activities (mainly teachings, meditations and discussion groups but also ordinary activities such as eating, talking, walking around and so forth). Since those days I've always thought that a compilation of these short teachings would make a great book, and finally, here it is. Editor Gordon McDougall has assembled Rinpoche's teachings into two parts, sorted by author of the verses and arranged thematically. In Part One, Lama Zopa Rinpoche teaches on selected verses from Khunu Lama Rinpoche's Jewel Lamp, now published as *Vast as the Heavens, Deep as the Sea*. Lama Zopa Rinpoche advises, Understanding and constantly reminding ourselves of the skies of benefits that bodhicitta brings is unbelievably worthwhile. This is the

overall purpose of Khunu Lama Rinpoche's book, to cause us to feel inspired and joyful that such a mind is possible. In Part Two, Rinpoche teaches on verses from the first chapter of Shantideva's Guide to the Bodhisattva's Way of Life. These verses describe the amazing benefits of developing the precious mind of bodhicitta, the supreme cause of happiness for all sentient beings.

Perfecting Patience The Dalai Lama, 2018-11-27 Drawing on A Guide to the Bodhisattva Way of Life, the Dalai Lama reveals how learning patience and compassion practices is more essential than ever as we navigate an era of extremism and divisiveness. All of the world's major religions emphasize the importance of love, compassion, and tolerance. This is particularly true in the Buddhist traditions, which unanimously state that compassion and love are the foundation of all paths of practice. To cultivate the potential for compassion and love inherent within us, it is crucial to counteract their opposing forces of anger and hatred. In Perfecting Patience, the Dalai Lama shows how, through the practice of patience and tolerance, we can overcome the obstacles of anger and hatred. He bases his discussion on A Guide to the Bodhisattva Way of Life, the classic work on the activities of bodhisattvas—those who aspire to attain full enlightenment in order to benefit all beings. This book was previously published under the title Healing Anger.

The Heart Treasure of the Enlightened Ones Patrul Rinpoche, 1993-01-26 In this book, two great Tibetan Buddhist masters of the nineteenth and twentieth centuries challenge us to critically examine our materialistic preoccupations and think carefully about how we want to spend the rest of our lives. At the same time, they provide practical guidance in following the Buddhist path, starting from the most basic motivation and culminating in the direct experience of reality beyond the reach of conceptual mind. The root text is a teaching in verse written in the nineteenth century by Patrul Rinpoche, one of the outstanding teachers of his day. In the accompanying commentary, Dilgo Khyentse Rinpoche (1910–1991)—lineage holder of the Nyingma school and one of the great expounders of the Dharma in Europe and North America—expands upon the text with his characteristic compassion and uncompromising thoroughness. Patrul Rinpoche's fresh and piercing verses combined with Khyentse Rinpoche's down-to-earth comments offer a concise yet complete examination of the Buddhist path.

The Heart of Unconditional Love Tulku Thondup, 2015-04-21 The unconditional love that we all long for can be experienced in the practice of loving-kindness. In this popular form of meditation, the love inherent to our own nature is gradually expanded until it embraces infinite beings. Tulku Thondup introduces a new four-stage format for this practice, rooted in the traditional teachings of Tibetan Buddhism: We first meditate on the Buddha of Loving-Kindness as a body of unconditional love and receive his blessings. This spontaneously awakens his unconditional love in our heart. We then find the whole world reflecting back to us as a world of love and peace. Finally, we remain in oneness in the realization of ultimate love.

The Small Golden Key Thinley Norbu, 1993-10-12 In The Small Golden Key, Thinley Norbu Rinpoche explains in simple, concise language the important ideas and practices of Buddhism, with special attention to the Vajrayana teachings of Tibetan Buddhism. He discusses the origins of Buddhism in India and its spread to Tibet; the important lineages of Tibetan Buddhism, with emphasis on the Nyingma school; the differences between the Hinayana, Mahayana, and Vajrayana teachings; the outstanding features of the Mahayana; and some of the special qualities and practices of the Vajrayana.

Where Buddhism Meets Neuroscience The Dalai Lama, 2018-10-30 Designed as a conversation between

the Dalai Lama and Western neuroscientists, this book takes readers on a journey through opposing fields of thought—showing that they may not be so opposing after all. Is the mind an ephemeral side effect of the brain's physical processes? Are there forms of consciousness so subtle that science has not yet identified them? How does consciousness happen? Organized by the Mind and Life Institute, this discussion addresses some of the most troublesome questions that have driven a wedge between Western science and religion. Edited by Zara Houshmand, Robert B. Livingston, and B. Alan Wallace, *Where Buddhism Meets Neuroscience* is the culmination of meetings between the Dalai Lama and a group of eminent neuroscientists and psychiatrists. The Dalai Lama's incisive, open-minded approach both challenges and offers inspiration to Western scientists. This book was previously published under the title *Consciousness at the Crossroads*.
