Talon of the Silver Hawk Raymond E. Feist, 2009-03-17 From a premier fantasist and author of the Riftwar Legacy comes the first installment in an much-anticipated new series. . . . “Feist has a natural talent for keeping the reader turning the pages.”—Chicago Sun-Times From the New York Times bestselling author comes a thrilling new epic of adventure and deceit set in his signature world of Midkemia. In a distant land, high among the snow-capped mountains, a peaceful nation is mercilessly put to the sword . . . yet one will survive. Little more than a boy, Talon of the Silver Hawk must carry on until, someday, he can take vengeance. Leaving the icy fastness of his ancient home, Talon descends into the dangerous land of his adversary. Treading a perilous path, he must survive battlefields, court intrigues, treacherous enemies, backstabbing friends, and beautiful yet deadly women to discover the evil responsible for the annihilation of his people.

A Photo Finish Elsie Silver, 2024-07-23 He's seen every last inch of her, and she has no idea who he is...until now. What happened between Cole Harding and Violet Eaton in their anonymous online chats was meant to stay buried in the past...until it didn't. It's a small world, but Ruby Creek is even smaller, and when Cole reluctantly moves to town for a business venture, he finds Violet working as a jockey on the family ranch, just as tempting as he remembers. Cole had his chance with her, and he blew it. She ghosted him, and he closed himself off further than ever. But when a riding accident puts Violet out of commission, the two are forced under the same roof, and Cole finds his broody façade slipping. With every flush of her cheeks and every flare of heat in her eyes, the ice he's encased himself in melts. Violet makes him want things he shouldn't. Things he's been dreaming about since he first laid eyes on her years ago--things he doesn't deserve. As a former soldier, Cole should have the discipline to walk away. He has scars older and deeper than anyone knows. His

plan was to keep his secrets hidden and his heart locked away...
Until her.

Silver by Fire, Silver by Mercury: A Chemical History of Silver Refining in New Spain and Mexico, 16th to 19th Centuries Saul Guerrero,2017-09-11 In *Silver by Fire, Silver by Mercury: A Chemical History of Silver Refining in New Spain and Mexico, 16th to 19th Centuries*, Saul Guerrero combines historical research with geology and chemistry to refute the current prevailing narrative of a primitive effort dominated by mercury and its copious emissions to the air. Based on quantitative historical data, visual records and geochemical fundamentals, Guerrero analyses the chemical and economic reasons why two refining processes had to share production, creating along the way major innovations in the chemical recipes, milling equipment, mercury recycling practice,

and industrial architecture and operations. Their main environmental impact was lead fume and the depletion of woodlands from smelting, and the transformation of mercury into calomel during the patio process.

What is e-book? Nicolae Sfetcu, 2014-05-10 The e-book guide for publishers: how to publish, EPUB format, ebook readers and suppliers. An electronic book (also e-book, ebook, electronic book, digital book) is a book-length publication in digital form, consisting of text, images, or both, and produced on, published through, and readable on computers or other electronic devices. An e-book can be purchased/borrowed, downloaded, and used immediately, whereas when one buys or borrows a book, one must go to a bookshop, a home library, or public library during limited hours, or wait for a delivery. Electronic publishing or ePublishing includes the digital publication of e-books and electronic articles, and the development of digital libraries and catalogues. EPUB (short for electronic publication; alternatively capitalized as ePub, ePUB, EPub, or epub, with EPUB preferred by the vendor) is a free and open e-book standard by the International Digital Publishing Forum (IDPF). Self-publishing is the publication of any book or other media by the author of the work, without the involvement of an

established third-party publisher. One of the greatest benefits brought about by ebooks software is the ability for anyone to create professional ebooks without having to fork out thousands of dollars to design and publish a book. People can easily become authors overnight and earn income from selling online ebooks.

Silver Cheree L. Alsop, 2011-12-16 Supernatural romance fan- This was a fast paced and well written book. I was on the edge of my seat and couldn't stop reading. Paranormal Romance Reader Angsty teen werewolves? hell yeah! This book gives a new look into the werewolf genre, letting us get into the nitty gritty of werewolf politics, but keeping it YA with young characters and plenty of angst. The main character is strong and developed; the supporting characters are interesting and fun. I liked the setting just because of its seeming innocuousness. It was a fun ride.

Daxthedamned-SF fan- Amazon Reviewer I honestly am amazed this isn't absolutely EVERYWHERE! Amazing book. Could NOT put it down! After reading this book....I purchased the entire series.

Josephine- Amazon reviewer Silver is one of the best werewolf stories I had read. The main characters were likeable and the plot was very well done. It was a page turner for sure. I love werewolf stories. It is a good read for young and old. This one kept my

interest going until the end. I had a hard time putting it down. Plus it turned out to be a great love story as well. Kathy Hallettsville- Amazon reviewer What a fun and engaging read. I can't wait to read the rest of the series! Not your typical youth series. No high school angst, just real characters and a captivating story line.- ruralmom- Amazon reviewer If you enjoy books with suspense, fighting, and romance you'll love this one. Kathryn Cooper- Book Blogger from Clean Teen Fiction This is not your ordinary werewolf story and I am so glad that the next book is already out so I can jump right in and read it cause I am hooked on this series. Silver is a page turner that had me up past my bedtime because I did not want to put it down. . . This story was awesome, faced pace with lots of action and a sweet romance on the side. It does contain some violence that is tastefully written. Tifferz- Book Blogger Cheree Alsop has written Silver for the YA reader who enjoys both werewolves and coming of age tales. Although I don't fall into this demographic, I still found it an entertaining read on a long plane trip! The author has put a great deal of thought into balancing a tale that could apply to any teen (death of a parent, new school, trying to find one's place in the world) with the added spice of a youngster dealing with being exceptionally different from those

around him, and knowing that puts him in danger.- Robin Hobb

From the start of the book you are engulfed in sorrow, danger, adventure, and romance. Malcay- Amazon reviewer More, I know it's wrong to start a review with just one word but that's the first word that comes to mind after I read the first novel in this series of books from Cheree Alsop. Emily Tuley- Book Blogger from AngelsCryHavoc I recommend this book for anyone wanting to discover a great new author and supernatural series. Karen- Amazon reviewer All around this book was such an awesome read. If you enjoy books with suspense, fighting, and romance you'll love this one. Niala- Goodreads Reviewer This new werewolf series is different from what you might be expecting. It has more heart and love, and feels more like what it would really be like to grow up as a werewolf. I would highly recommend it to anyone who likes to read urban fantasy or good young adult stories. Trisha Payne- Goodreads Reviewer Silver, book one of the Silver Series, is a coming of age story about a teenage werewolf whose father is murdered. He has to come to terms with his new life, new school, and new friends while trying to prevent more killings. Attempting to make peace with the territory's pack and finding out that the girl next door might be more than she lets on make his situation even

more perilous.
