One Move to Better Golf Carl Lohren,Larry Dennis,2022-06-29 In 1966, Carl Lohren made a breakthrough, and One Move to Better Golf explains it all. Highly regarded as an instructor and player in the New York Metropolitan PGA Section, Lohren formed his ideal golf swing after years of studying master golfer Ben Hogan. His eyes were opened at the 1964 Carling Open when he watched Hogan select an 8-iron and take a short swing on a 150 yard shot. To Lohren's surprise, Hogan's ball exploded off the clubface and wound up ten feet from the pin! This inspired Lohren to start his swing by turning his left shoulder as Hogan had. Immediately upon doing so, Carl's ball flight took on a different look: it had a piercing trajectory, with plenty of carry and roll. Carl continued to refine his method, so that in 1968, he won the NY State PGA Championship in a playoff over former Ryder Cup player Bill Collins. In One Move to Better Golf, Lohren explains a simple method of starting the golf swing with one move that incorporates the fundamentals. In doing so, he gives you a framework of confidence for your swing. He also provides students with a complete methodology of the physical and mental preparation necessary for effective shotmaking. Whether you are a low or high handicapper, One Move to Better Golf will give you a clear understanding of the total golf swing.

One False Move Harlan Coben,2008-12-10 She's smart, beautiful, and she doesn't need a man to look after her. But sports agent Myron Bolitar has come into her life—big time. Now Myron's next move may be his last. . . Brenda Slaughter is no damsel in distress. Myron Bolitar is no bodyguard. But Myron has agreed to protect the bright, strong, beautiful basketball star. And he's about to find out if he's man enough to unravel the tragic riddle of her life. Twenty years before, Brenda's mother deserted her. And just as Brenda is making it to the top of the women's pro basketball world, her father disappears too. A big-time New York sports agent with a foundering love life, Myron has a professional interest in Brenda. Then a personal one. But between them isn't just the difference in their backgrounds or the color of their skin. Between them is a chasm of corruption and lies, a vicious young mafioso on the make, and one secret that some people are dying to keep—and others are killing to protect.... Praise for One False Move "Fast-moving, funny—an altogether good read!"—Los Angeles Times "Consistently entertaining . . . Coben moves himself into the front ranks of mystery fiction alongside heavy hitters like Robert B. Parker, Sue Grafton and Robert Crais."—Houston Chronicle "Must read . . . combines Chandler's wry wit with Ross Macdonald's moral complexity."—Philadelphia Enquirer "A superb book!"—Christian Science Monitor

Universal Measurements: How To Free Three Birds In One Move De Bianchi Massimiliano Sassoli,Aerts Diederik,2017-03-22 This is a book presenting to a wide audience of readers, ranging from fans of science to professional researchers, some of the authors' recent discoveries in three distinct, but intimately related domains: probability theory (Bertrand's paradox), observation in physics (the measurement problem) and the modeling of experiments in psychology (quantum cognition). In all three of these domains of investigation, and the associated problems, the authors explain how to advantageously use the key notion of universal measurement, which constitutes the fil rouge of the whole text.

One False Move Robert Goddard,2019-02-28 What value can be put on a human mind? How Joe Roberts does what he does is a mystery. He has a brain that seems able to outperform a computer.

To a games company like Venstrom that promises big profits if his abilities can be properly exploited. So they send Nicole Nevinson to track him down and make him an offer too good to refuse. But Venstrom aren't the only people interested in Joe. His current boss, a shady businessman, is already making serious money out of Joe's talents and isn't going to let him go without a fight. And then there are other forces, with still darker intentions, who have their own plans for him. Almost before she knows it, Nicole's crossed an invisible line into a world where the game being played has rules she doesn't understand and where no-one can help her win. But win she must. Because the battle now isn't just for Joe's mind, it's for Nicole's life.

Pivot Jenny Blake,2017-09-19 What's next? is a question we all have to ask and answer more frequently in an economy where the average job tenure is only four years, roles change constantly even within that time, and smart, motivated people find themselves hitting professional plateaus. But how do you evaluate options and move forward without getting stuck? Jenny Blake--a former training and career development specialist at Google who now runs her own company as a career and business consultant and speaker--has a solution: the pivot. Pivoting is a crucial strategy for Silicon Valley tech companies and startups but it can also be a successful strategy for individuals looking to make changes in their work lives. This book will introduce you to the Pivot Method and show you how to take small, smart steps to move in a new direction--now and throughout your entire career. No matter your age, industry, or bank account balance, Jenny's advice will help you move forward with confidence. Pivot also includes valuable insight for leaders who want to have more frequent career conversations with their teams to help talented people move and grow within their roles and the broader organization. If change is the only constant, let's get better at it. Your career success and satisfaction depends on your ability to navigate change well and this book can help you do so.

The Final Detail Harlan Coben,2008-11-12 In this sixth novel in the award-winning Myron Bolitar series, Harlan Coben delivers a riveting powerhouse thriller—a twisting mystery of betrayal, family secrets, and murder. “Sly humor, sophisticated plotting, and solid storytelling.”—Chicago Tribune Myron Bolitar's colleague at MB SportsReps, Esperanza, has been arrested for the murder of a client, a fallen baseball star attempting a comeback. Myron is determined to prove Esperanza's innocence—even if she won't speak to him on the advice of her lawyer, who warns Myron to keep away from both the case and his client. But Myron is already too close, too involved, and has too much at stake. And the closer Myron gets to the truth, the more the evidence points to the only viable suspect besides Esperanza: Myron himself.

One False Move Alex Kava,2021-12-20 One fatal mistake, and there's no turning back. Leaving One's Comfort Zone - The Story of a Move to Italy Gökhan Kutluer,2021-04-19 “Any settlers in the family?” “You don't look Turkish at all, are you an émigré?” “Where are you originally from?” From an early age, I started hearing these questions. Either in school, during a cab ride, in the office or in my new social circles. I face these questions right after we start chatting... and this happens often. I always expect it. “Gökhan, where are you from?” I evolved: my height, my features, my voice, my gestures, the way I think, and many more but the answer to this question has never changed: “My ancestors used to live in Greece. They were there for a few generations. With the convention concerning population exchange between Turkey and Greece, my ancestors moved here permanently.” What I kept hearing on the grapevine eventually became a solid truth. I came to grasp

the fact that my ancestors lived in Drama, Ptolemaida and Eleftheroupoli in Greece. All this longing to flee from my homeland and desire to get to know other places would clearly relate to a genetic interpretation. However, I still couldn't say it all fit. Kutluer compares and contrasts his Turkish roots, his old social surroundings to his new encounters in Bergamo and Montenegro. Starting from the relief of "getting out," he dwells with the deep sense of nostalgia, the inevitable feeling of exile and loneliness; yet knowing that going back is not always an option and it is not the same land that one goes back to. Echoing some Turkish-German literature like Emine Sevgi Özdamar, Güney Dal, Feridun Zaimoğlu he battles the layers of integration to a new environment in reflection to his feelings of what once was a home to its aftertaste. – Elif Naz, Editor

One Wrong Move Shannon McKenna, 2012-12-10 Edgy, erotic, and breathtaking. -- Maya Banks, New York Times bestselling author *Secrets Never Die* Alex Aaro has spent most of his life on the run from his ruthless, toxic family. He's prepared for anything except the call from his friend, Bruno Ranieri, that sends him on a wild and dangerous ride with a mysterious woman who holds a deadly secret and a white hot passion that binds them together. Social worker Nina Christie has no idea how much trouble she's in when her Aunt Helga shows up bleeding at her shelter, babbling in Ukrainian--and with one inexplicable act thrusts Nina into the heart of a nightmare. Now a ruthless crime syndicate will stop at nothing to make Nina disappear, and only Alex Aaro, that inscrutable six-foot-four rock hard slab of lean muscle, stands between her and certain death. Now Nina and Alex are in a race against time, death, and their desire for one another. . . Praise for the Novels of Shannon McKenna. . . McKenna blasts readers with a highly charged, action-adventure romance. --Booklist An erotic romance in a suspense vehicle on overdrive. . .sizzles! --Romantic Times McKenna expertly stokes the fires of romantic tension. -- Publishers Weekly
