**Online Dating Secrets** Adam Pearson, 2017-07-13 Why You Should Read This Book I remember it like it was yesterday. My life was so boring and so pathetic. Until November

2012, I was a complete failure with women. I could not talk to women, approach women, or even message a woman. I was scared petrified. I'll give you a real life example: There was this girl. I knew her in real life. A friend of a friend had given me some information about a job, in the same market as she worked in, and she had recently lost her job, (a different friend told me), so I added her on Facebook after like an hour of contemplating, then typed a message, deleted it, and this went on for about 3 hours, and it was 10 lines. If that was completely innocent, just imagine how useless I would have been, if I had tried online dating back then...One day I read an article in a magazine about a guy who had slept with over a hundreds of women in less than two years!!!This article wasn't saying much about dating tips or secret technique, but I was fascinated and suddenly willing to face the fact that I need to learn something new to successfully date hot women.I asked myself one simple question that changed my way of thinking about dating & relationships...If we can learn how to start a business, how to repair a car or how to speak a new language, can we learn how to date, flirt, love and have success with women?What Do You Think? Of Course We Can...I'm pretty sure that with the help of a good teacher with good dating tips from a good dating guide, sky is the limit, no matter how you look, no matter your age, no matter your size, etc.This is why, five years ago, I took my credit card and bought all the Internet Dating Relationship Guides that were available on the market at that time... and it cost me \$247 exactly...nothing less... I still remember the bill on my credit card...If on one side I can tell you that it cost me a lot of money... on the other side I can also tell you that I learn a lot from it...Some of these dating books were just awesome, while some others were just a suite of words from experts who seem to know nothing about how to date women, or seem to live in a kind of imaginary world with imaginary women, where nobody else lived.I would even say that most of what's being taught in some experts' dating advice books isn't working at all...The bad thing is that all those bad experts are just fooling men into thinking that this popular understanding of how to relate with women actually works. They're somewhere trying to make you believe that if you keep using their online dating techniques (techniques they've probably never tried), that one day it will all work out... but believe me, it won't.For sure, now I know what works and what doesn't...Men who have success with women and have the opportunity to date beautiful hot young women are much happier in life than all others that can't. Success makes them proud and more confident in all aspects of their life. This is why you can't afford to ignore this book.There are a lot of advantages of being successful when dating women, but the biggest advantage is that it has a direct effect on all other aspects of your life. Just imagine the strong effect your new hot girlfriend can have on your friends, family, employer or associates... Believe me, the day you walk hands in hands with a dream girl, you feel more confident, and it completely changes the way others see you. You are suddenly seen as someone who deserves respect. Even your boss will be more likely to offer you a promotion, a bonus or a pay raise...It's time! So regardless of where you live on this Earth, just as long as you can get on the internet, I will show you the ♦Online Dating Secrets♦ to get Hot Girls!

**Nothing Personal** Nancy Jo Sales, 2021-05-18 A raw and funny memoir about sex, dating, and relationships in the digital age, intertwined with a brilliant investigation into the challenges to love and intimacy wrought by dating apps, by firebrand New York Times-bestselling author Nancy Jo Sales At forty-nine, famed Vanity Fair writer Nancy Jo Sales was nursing a broken heart and wondering, "How did I wind up alone?" On the advice of a young friend, she downloaded Tinder, then a brand-new dating app. What followed was a raucous ride through the world of online dating. Sales, an award-winning journalist and single mom, became a leading critic of the online dating industry, reporting and writing articles and making her directorial debut with the HBO documentary *Swiped: Hooking Up in the Digital Age*. Meanwhile, she was dating a series of younger men, eventually falling in love with a man less than half her age. *Nothing Personal* is Sales's memoir of coming-of-middle-age in the midst of a new dating revolution. She is unsparingly honest about her own experience of addiction to dating apps and hilarious in her musings about dick pics, sexting, dating FOMO, and more. Does Big Dating really want us to find love, she asks, or just keep on using its apps? Fiercely feminist, *Nothing Personal* investigates how Big Dating has overwhelmed the landscape of dating, cynically profiting off its users' deepest needs and desires. Looking back through the history of modern courtship and her own relationships, Sales examines how sexism has always been a factor for women in dating, and asks what the future of courtship will bring, if left to the designs of Silicon Valley's tech giants—especially in a time of social distancing and a global pandemic, when the rules of romance are once again changing.
