Letters from Heaven Laudem Gloriam, 2015-08-14 Heaven is trying to speak to us but we are not listening. In the silence, God speaks. He will speak to every soul that will listen.

New Light From Heaven Jesus Christ, Virgin Mary, 2017-01-17 Messages From Heaven About the Future of Our World. Mary, God's Final Preacher, God is always trying to lead man away from self-destruction. He sends his preachers. He sends his teachers. But these are snuffed out. Their words are not listened to and their invitations are rejected. So, finally, he has sent me. I am his final teacher, his final prophet. I am his last opportunity to change the course of history. There is no one behind me, no other message, no other signs than the ones that I will give. When I tell the world that it must listen to me, I am not speaking from a selfish and arrogant spirit. I am speaking as one who sees the destruction, the hopelessness of mankind if my words are not heeded.

I Want You Back Rita King, 2018-05-18 *I Want You Back* is an epic story of a woman who was seduced out of her husband's loving arms by modernization as materialism and acquisitiveness became her bedfellows. She was raised up in a man's world and unwittingly built walls of independence and self-sufficiency about her. She discovers through different bouts of emotional storms, when the scales fall out, that she had been wrong all along. It co-opts classic oratories of passion to crystallize the moral of the story. The husband has paid the price and given her the liberty to come to her senses. Will she realize, in due season, that his love is all that she wants and needs? Will she realize and believe that in spite of all her errors, he wants her back?

Global Religious Movements Across Borders Stephen M. Cherry, Helen Rose Ebaugh, 2016-04-22 From global missionizing among proselytic faiths to mass migration through religious diasporas, religion has traveled from one side of the world and back again. It continues to play a prominent role in shaping world politics and has been a vital

force in the continued emergence, spread, and creation of a transnational civil society. Exploring how religious roots are shaping organizations that seek to aid people across political and geographic boundaries - 'service movements' - this book focuses on how religious movements establish structures to assist people with basic human needs such as food, clothing, shelter, education, and health. Examining a multitude of faith traditions with origins in different parts of the world, seven contributing chapters, with an introduction and conclusions by the senior author, offer a unique discussion of the intersections between religious transnationalism and social movements.

Pentecostal Republic Ebenezer Obadare, 2018-10-15 Throughout its history, Nigeria has been plagued by religious divisions. Tensions have only intensified since the restoration of democracy in 1999, with the divide between Christian south and Muslim north playing a central role in the country's electoral politics, as well as manifesting itself in the religious warfare waged by Boko Haram. Through the lens of Christian-Muslim struggles for supremacy, Ebenezer Obadare charts the turbulent course of democracy in the Nigerian Fourth Republic, exploring the key role religion has played in ordering society. He argues the rise of Pentecostalism is a force focused on appropriating state power, transforming the dynamics of the country and acting to demobilize civil society, further providing a trigger for Muslim revivalism. Covering events of recent decades to the election of Buhari, *Pentecostal Republic* shows that religio-political contestations have become integral to Nigeria's democratic process, and are fundamental to understanding its future.

Kingdom of God, Not a Place Called Heaven Apostle Stanley Onyenali, 2013-05

This book of faith makes us realize that the kingdom of God lives in us, rather than us as a

location up there. The kingdom of God is a spiritual location and not a geographical one. It is indeed a Kingdom of God, Not a Place Called Heaven. Ye as lively stones have been built up into a spiritual house (1 Peter 2:5) shows that man is a spirit even though he has a covering called the body. In other words, the kingdom of God is a life and not a location, even though this life also exists in a location. Jesus referred in the scripture about the kingdom of God in us rather on us and said, Neither shall they say, lo here: or lo there: behold, the kingdom of God is within you (Luke 17:21). Those actually entering into the kingdom of God are not those just entering the heavens, they are not those entering into the earth, neither are those entering into the waters. But those who are actually entering into the kingdom of God are those entering into Christ, and while in Christ, no doubt they could exist in any location whether heaven or earth, since the kingdom of God is a life. Apostle Stanley Onyenali is a minister of the gospel of Christ in Port Harcourt, Nigeria. He writes because it is an inspiration from the holy spirit teaching me to demystify to the world what the kingdom of God is. He is working on his next book. Creating Heaven on Earth Paul Marcus, 2018-03-21 The art of living the good life

requires skilful attunement to the lovely presences in everyday life. Lodged in a psychoanalytic sensibility, and drawing from ancient and modern religious and spiritual wisdom, this book provides the details, conceptual structures, and inner meanings of a number of easily accessible, everyday activities, including gardening, sport, drinking coffee, storytelling, and listening to music. It also suggests how to best engage these activities, to consecrate the ordinary in a way that points to experiential transcendence, or what the author calls glimpsing immortality, a core component of the art of living the good life.

Between Heaven and Earth Isobel De Gruchy, 2015-07-24 Between these covers, in the form of poems and prayers, is condensed the insight and spirituality of a life lived fully in South Africa, a country first in struggle and then in transition. They are wide-ranging in their style and subject matter—from free-verse to traditional forms, from heartfelt prayers to light-hearted poems, from poems on nature to poems that ask deep spiritual questions, from poems and prayers written when all is light and full of joy, to those that take one into the depths of loss and grief. In short, they will take you between heaven and earth. They are interspersed with whimsical drawings that enhance the experience.

With the Clouds of Heaven James M. Hamilton, 2014-08-29 And behold, with the clouds of heaven there came one like a son of man, and he came to the Ancient of Days and was presented before him. And to him was given dominion and glory and a kingdom. (Daniel 7:13-14 ESV). Perceiving a hole in evangelical biblical theology that should be filled with a robust treatment of the book of Daniel, James Hamilton takes this chance to delve into the book's rich contribution to the Bible's unfolding redemptive-historical storyline. By setting

Daniel in the broader context of biblical theology, this canonical study helps move us toward a clearer understanding of how we should live today in response to its message. First, Hamilton shows how the book's literary structure contributes to its meaning, and then addresses key questions and issues, concluding by examining typological patterns. This New Studies in Biblical Theology volume argues that the four kingdoms prophesied by Daniel are both historical and symbolic—that the one like a son of man seen by Daniel is identified with and distinguished from the Ancient of Days in a way that would be mysterious until Jesus came as both the son of David and God incarnate. He elaborates that the interpretations of Daniel in early Jewish literature attest to strategies similar to those employed by New Testament authors and exposes that those authors provide a Spirit-inspired interpretation of Daniel that was learned from Jesus. He also highlights how the book of Revelation uses Daniel's language, imitates his structure, points to the fulfillment of his prophecies and clarifies the meaning of his seventieth week. Addressing key issues in biblical theology, the works comprising New Studies in Biblical Theology are creative attempts to help Christians better understand their Bibles. The NSBT series is edited by D. A. Carson, aiming to simultaneously instruct and to edify, to interact with current scholarship and to point the way ahead.
