Oregon Sports Stories Bob Robinson, 2013-07-30 Oregon has its share of playmakers, dramatic finishes and legendary coaches. With humor and insight, Oregon native and longtime sportswriter Bob Robinson relates highlights from six decades of coverage throughout the state. Blazermania overruns the Rose City as the Trail Blazers take down the favored Philadelphia 76ers in 1977. Oregon State's Orange Express, coached by Ralph Miller, captivates the state in 1981 before a shocking stumble in the NCAA playoffs. University of Oregon's Bill Dellinger kickstarts the school's distance-running tradition with a stunning win in 1954. In the 1970s, Mouse Davis performs coaching magic at Portland State with his Run and Shoot football offense. In these twenty essays, Robinson offers a unique, behind-the-scenes account of some of Oregon's greatest sports moments and game-changing personalities.

The Eric Lewis Sports Series Thomas Smythe, 2015-03-11 Eric Lewis is entering his sophomore year at Crater High where the high football season is about to begin. Summer is over and as usual the excitement of a new school year surrounds the town of Crater. But, there is a new football coach and anticipation is high as Eric and his teammates eagerly begin their preparation. Eric is a multi-talented three-sport athlete but there are questions in his mind about where he'll fit. He is a quarterback but there is a senior to battle for the spot. There are many questions to be answered and Eric is eagerly anticipating the outcome. He is first of all a team player and his main goal for this season is to fit in somewhere and be a part of a turn around in the Crater Comet football program. The first book, "Sophomore", in a nine book series, follows the fortunes of Eric and his friends through football, basketball and baseball seasons. High school can be a trying time as young people grow and battle life's ever multiplying challenges. Sports gives Eric an opportunity to experience, with his friends, those ups and downs through team competition. Participating in sport only adds fuel to the fire but the rewards are well worth the challenge. The Sophomore year awaits.

Oregon State Football Kip Carlson, 2006 Oregon State University began its football program in 1893 and has been a study in contrasts ever since. The Beavers went to the Rose Bowl after the 1941, 1956, and 1964 seasons and to the Liberty Bowl in 1962. There was also a streak of losing seasons that lasted from 1971 until 1998. Two years later, the Beavers competed in the Fiesta Bowl and ranked among the top five teams in the country. From the Iron Men of 1933 to the Civil War rivalry between OSU and the University of Oregon, and from Terry Baker the first Heisman Trophy winner on the West Coast to a pair of bowl victories over Notre Dame, this entertaining and informative volume presents many seldom-seen images and the stories behind them over a century of Oregon State football. Big Time Jeff Riley, 2018-07-28 Big Time: The People, The Places & The Game of Oregon 8-Man Football provides an intimate journey into the culture of a gritty, impassioned brand of high school football that is played in the small towns of Oregon that are painted into the backdrop of some of the most spectacular landscapes in America: snow-tipped peaks, fog-shrouded forests, and rocky canyons so deep, they reach into your very soul. The high-scoring, wide-open affairs are played by 16-year-old kids who toss hay bales by day and footballs by night. They are coached by former rodeo clowns named Stub, weather-beaten cattle ranchers, and former standouts crippled by logging accidents - men who doff their caps as the autumn sun drops behind 9,000-foot peaks, look down their line of scrappy players with hands on hearts, and have a moment. The sun sets behind those mountains on game night, and I mean, wow, says Joseph coach Toby Koehn, whose field is dwarfed by the 9,839-foot majesty of Sacajawea Peak. I don't know where else anybody would want to be in the world at that moment. Their fans are mostly a smattering of parents, cousins, and girlfriends. They line the fields in 4x4 pickup trucks and swing their feet below lowered tailgates. They are the working class of Oregon and their sons are the working class of Oregon high school football. Big Time takes you through the 2017 season: the triumphs of the nation's winningest 8-man football coach, the grit of the running back who rushes for 300 yards in the state championship game with a broken bone in his foot, the redemption of the quarterback returning from a stint in a youth correctional facility, and the soul of a game that connects them all. I've heard the comments from the 11-man people, things like 'Oh, do you guys play with a smaller ball?' As if our game is less than 11-man, says Jack Henderson, whose teams have won more Oregon 8-man state championships than any school in the sport's 47-year history. Eight-man is more of a game, if you ask me. Besides, it's like what I tell my kids: The big time is wherever you're at.

NIAAA's Guide to Interscholastic Athletic Administration National Interscholastic Athletic Administrators Association (NIAAA), 2013-07-01 NIAAA's Guide to Interscholastic Athletic Administration presents a wealth of information and insights from experienced athletic directors across the United States. This comprehensive resource covers leadership, operations, financial and facilities management, and other chief administrative responsibilities to help readers better understand the athletic director's multifaceted role. NIAAA's Guide to Interscholastic Athletic Administration was developed under the direction of the National Interscholastic Athletic Administrators Association (NIAAA), the trusted authority for excellence in administration of high school sports. This guidebook features the best practices in high school athletic administration to assist both aspiring and practicing athletic directors in meeting the demands of the job. General guidelines and background knowledge are complemented by specific strategies and techniques. Each chapter offers examples of how to solve common problems, and sidebars highlight creative solutions employed by exemplary high school athletic directors. This text features guidance and multidisciplinary information on handling some of the toughest parts of the job. A chapter on personnel management discusses mentoring and evaluation systems to assist with the growth and development of staff, and a technology chapter offers specific recommendations of tools to help athletic directors operate more effectively and efficiently. A chapter on legal and safety concerns outlines concrete measures that administrators can take to prevent mishaps and protect their schools and staff from liability. Readers will also learn how to manage a budget and find creative alternatives to get the most out of available funds. Based on extensive research conducted by the editors, this text confronts several challenges facing contemporary high school sport administrators: • Providing comprehensive professional preparation for athletic director candidates and continuing education for today's athletic directors • Aligning the goals of education-based athletic programs and the conduct of coaches, athletes, and parents engaged in the program to the educational mission of the school, district, state, and national governing organizations • Ensuring ongoing education in vital areas including student citizenship, staff support, safety, risk management, and budget preparation • Making consistent efforts to provide equitable opportunities for participation and accommodate the abilities and interests of all student-athletes The position of interscholastic athletic administrator is rapidly becoming one of the most challenging positions in any school as these professionals are asked

to do more with less. Given proper education, tools, and goals, NIAAA recognizes the pivotal role an athletic administrator can have in enriching the school culture and experiences of participating athletes, parents, and coaches. NIAAA's Guide to Interscholastic Athletic Administration provides fundamental knowledge guided by sound educational practices to enable athletic administrators to execute their daily duties with competence and confidence.

The Rise of American High School Sports and the Search for Control Robert Pruter, 2013-08-29 Nearly half of all American high school students participate in sports teams. With a total of 7.6 million participants as of 2008, this makes the high school sports program in America the largest organized sports program in the world. Pruter's work traces the history of high school sports from the student-led athletic clubs of the 1800s through to the establishment of educator control of high school sports under a national federation by the 1930s. Pruter's research serves not only to highlight this rich history but also to provide new perspectives on how high school sports became the arena by which Americans fought for some of the most contentious issues in society, such as race, immigration and Americanization, gender roles, religious conflict, the role of the military in democracy, and the commercial exploitation of our youth.

The Other Classroom Michael J. Coffino, 2018-09-04 This book details the importance of high school athletics to the student athletes, beyond just the sports experience itself. It argues that the lessons learned, tools acquired, and values instilled have an enduring impact and prepare young athletes for the challenges they will face in life after their formal education is complete.

The Sports Hall of Fame Encyclopedia David Blevins, 2012 Provides a comprehensive listing, including biographical information and statistics, of each athlete inducted into one of the major sports halls of fame.
