A little girl proudly walks the reader through her handmade dollhouse, pointing out the bricks she painted on the outside, the wallpaper she drew on the inside, the fancy clothes she made for her dolls, and the little elevator she made out of a paper cup. She's proud of her house and has lots of fun using her imagination to play with it—until she discovers her friend Sophie's "perfect" storebought house. Sophie thinks her house, with everything matching and even a toilet seat that goes up and down, is pretty perfect too, until both girls discover that the narrator's handmade dollhouse is really a lot more fun. Celebrates the best of free play, capturing what it's like to be fully engaged and inspired. —The New York Times Readers will feel right at home with this cozy tribute to imagination. —Kirkus Reviews, Starred The realization that creative, outside-the-box artistry can be more inspiring than anything manufactured makes for a wonderful story. —Publishers Weekly, Starred

It's Beautiful Here Megan Morton,2018-05-01 Beautiful homes (and the people who make them) from the unrivaled queen of interiors Interior fulfillment can be fleeting. Linen cupboards crash from a ten to a two in a blink and couch cushions need to be eternally fluffed. It's Beautiful Here attempts to capture the moments of domestic paradise without making the mistake of thinking they are permanent, but hoping hard they might be. With her trademark wit and enthusiasm Megan Morton lets us peek into the abodes of the people who have by luck, chance or determination nailed that ever elusive interiors je ne sais quoi. From Paris to New York and even Adelaide, we meet a motley crew of renters, Barbie Dreamhouse owners and accidental interior heroes and learn that a beautiful home doesn't rest on great design alone—it's shaped by the people who live there.

This Time Next Year Sophie Cousens,2020-12-01 INSTANT NEW YORK TIMES BESTSELLER A GOOD MORNING AMERICA BOOK CLUB PICK Their lives began together, but their worlds couldn't be more different. After thirty years of missed connections, they're about to meet again... Minnie Cooper knows two things with certainty: that her New Year's birthday is unlucky, and that it's all because of Quinn Hamilton, a man she's never met. Their mothers gave birth to them at the same hospital just after midnight on New Year's Day, but Quinn was given the cash prize for being the first baby born in London in 1990--and the name Minnie was meant to have, as well. With luck like that, it's no wonder each of her birthdays has been more of a disaster than the one before. When Minnie unexpectedly runs into Quinn at a New Year's party on their mutual thirtieth birthday, she sees only more evidence that fortune has continued to favor him. The gorgeous, charming business owner truly seems to have it all--while Minnie's on the brink of losing her pie-making company and her home. But if Quinn and Minnie are from different worlds, why do they keep bumping into each other? And why is it that each fraught encounter leaves them both wanting more? A moving, joyful love story, This Time Next Year explores the way fate leads us to the people we least expect--no matter what the odds.

Dreamworld Jane Goldman,2000-04 YA. Sylvia Avery, 25, works as a security officer for Dreamworld in Orlando. In the Dream House Carmen Maria Machado,2019-11-05 A revolutionary memoir about domestic abuse by the award-winning author of Her Body and Other Parties In the Dream House is Carmen Maria Machado's engrossing and wildly innovative account of a relationship gone bad, and a bold dissection of the mechanisms and cultural representations of psychological abuse. Tracing the full arc of a harrowing relationship with a charismatic but volatile woman, Machado struggles to make sense of how what happened to her shaped the person she was becoming. And it's that struggle that gives the book its original structure: each chapter is driven by its own narrative trope—the haunted house, erotica, the bildungsroman—through which Machado holds the events up to the light and examines them from different angles. She looks back at her religious adolescence, unpacks the stereotype of lesbian relationships as safe and utopian, and widens the view with essayistic explorations of the history and reality of abuse in queer relationships. Machado's dire narrative is leavened with her characteristic wit, playfulness, and openness to inquiry. She casts a critical eye over legal proceedings, fairy tales, Star Trek, and Disney villains, as well as iconic works of film and fiction. The result is a wrenching, riveting book that explodes our ideas about what a memoir can do and be.

Ugly Love Colleen Hoover,2014-08-05 From Colleen Hoover, the #1 New York Times bestselling author of *It Starts with Us* and *It Ends with Us*, a heart-wrenching love story that proves attraction at first sight can be messy. When Tate Collins meets airline pilot Miles Archer, she doesn't think it's love at first sight. They wouldn't even go so far as to consider themselves friends. The only thing Tate and Miles have in common is an undeniable mutual attraction. Once their desires are out in the open, they realize they have the perfect set-up. He doesn't want love, she doesn't have time for love, so that just leaves the sex. Their arrangement could be surprisingly seamless, as long as Tate can stick to the only two rules Miles has for her. Never ask about the past. Don't expect a future. They think they can handle it, but realize almost immediately they can't handle it at all. Hearts get infiltrated. Promises get broken. Rules get shattered. Love gets ugly.

Gatekeepers Robert Liparulo,2009-09-27 The house talks. It breathes. And it's hungry. The Kings have been in the creepy old place—their new home—for only a few days, but they've experienced enough terror to last a lifetime. And the mystery is growing even more baffling. Shadowy and shifting, the big house conceals doors into other worlds that blur the line between memories and dreams—and the slightest misstep can change history forever. At least, that's if they believe the trembling old man who shows up claiming to know them. "There's a reason you're in the house," he says. "As gatekeepers we must make sure only the events that are supposed to happen get through to the future." The problem is that horrors beyond description wait on the other side of the gates. As if that wasn't enough to terrify the family, they are also menaced by sinister forces on this side—like the dark, ancient stranger who wants them out now. The siblings must venture beyond the gates to save their missing mother—and discover how truly high the stakes have become. "If you like creepy and mysterious, this is the house for you! Every room opens a door to magic, true horror, and amazing surprises. I loved wandering around in these books. With a house of so many great, haunting stories, why would you ever want to go outside?" —R.L. Stine, bestselling author of the *Fear Street* and *Goosebumps* Series Book 3 in the *Dreamhouse Kings* series Book 1: *House of Dark Shadows* Book 2: *Watcher in the Woods* Book 3: *Gatekeepers* Book 4: *Timescape* Book 5: *Whirlwind* Book 6: *Frenzy* Fast-paced, time travel YA Book length: appr. 60,000 words Includes reading group guide

Watcher in the Woods Robert Liparulo,2009-09-28 It's not just the house that's keeping secrets. Pretending everything's all right is harder than it sounds. But the Kings know that even if they told the truth about the bizarre things happening in their house, no one would believe them. They're hyper-focused on rescuing their lost family member before anyone finds out what's going on. But when a stranger shows up to take their house, their options start dwindling fast. Why would he be so interested in a run-down old place? And what secret is he hiding--just as he hides the scars that crisscross his body? The mystery gets stranger with each passing day. Will the Kings be able to find a way to harness the house's secrets and discover who is watching their every move before another gets snatched into an unknown world?

Frenzy Robert Liparulo,2010-11-29 Their destiny is to fix history. Their dream is to get home. When you live in a house that's really a gateway between past and present, you have to be ready for anything. It's a painful fact the Kings have faced since moving to Pinedale eight days ago. Desperately trying to rescue their mother from an unknown time and place, brothers Xander and David have lunged headlong into the chaos of history's greatest--and most volatile--events. But their goal has continually escaped their grasp. And worse: Finding Mom is only a small part of what they must do, thanks to the barbaric Taksidian. His ruthless quest to sieze their house and its power from them has put not only the family, but all of mankind, in grave danger. Somehow, the key to it all hinges on Uncle Jesse's words to the boys: Fixing time is what our family was made to do. But how can they fix a world that has been turned updisde down--much less ever find their way home? At long last, the secrets of the house and the King family are revealed in the stunning conclusion to this epic series.
