Asserting the unique character of New Aesthetic objects, Contreras-Koterbay and Mirocha trace the origins of the New Aesthetic in visual arts, design, and software, find its presence resonating in various kinds of digital imagery, and track its agency in everyday effects of the intertwined physical world and the digital realm. Blood and Gold Mara Menzies,2021-10-07 Winner of the Saltire Society Fiction Book of the Year 'a beguiling mixture of poetry, moving prose and magical realism' - Stephen McGinty, The Sunday Times Jeda is a girl on the cusp of adulthood, living in Edinburgh; with a white father and a black mother, she feels self-conscious and out of place. Her feelings of alienation allow the stories of the shapeshifting Shadowman, who embodies all that is negative, to feed on her doubts and insecurities. The death of her mother, Rahami, gives the Shadowman an opportunity to control Jeda through her grief and his lies, but her mother's last gift to her daughter was a box of stories. When the box is flung open, the stories escape, setting in motion an incredible journey. Jeda learns more about her African ancestry through tales of slavery, cruelty and colonisation, but she also discovers pride and love and sacrifice, ultimately embracing her dual heritage and her unique place in the world. Filled with tragedy, wonder and magic, Blood and Gold explores the themes of loss and oppression, while asking us to examine our own identities, attitudes, and humanity.

African football migration Paul Darby,James Esson,Christian Ungruhe,2022-01-25 The global success of football icons like Samuel Eto'o, Didier Drogba and Mohamed Salah has fuelled the migratory projects of countless young men across the African continent who dream of following – literally and figuratively – in their footsteps. Drawing on over a decade of ethnographic research, African football migration captures and chronicles the aspirations, experiences and trajectories of those pursuing this highly prized form of transnational migration. In doing so, the book uncovers and traces the myriad actors, networks and institutions that affect the ability of young people across the continent to realise social mobility through football's global production network. The book sheds critical light on the barriers to social mobility erected by neoliberal capitalism, and how these are negotiated by aspiring African footballers. It also generates original interdisciplinary perspectives on the complex interplay between structural forces and human agency, as young players navigate an industry rife with commercial speculation. While a select few reach the elite levels of the game and build a successful career overseas, the book vividly illustrates how for the vast majority, 'trying their luck' through football results in involuntary immobility in post-colonial Africa. These findings are complemented by rare empirical insights from transnational African migrants at the margins of the global football industry and those navigating precarious retirement from careers as players. African football migration offers essential coverage of why and how African youth and young men have become actors in the global football industry, revealing the complex implications of transnational mobility, both imagined and enacted.

I Am Spock Leonard Nimoy,2015-06-23 First time in trade paperback: the memoir by the late Leonard Nimoy, best remembered for his portrayal as everyone's favorite Vulcan, Spock, in Star Trek, the TV series and films. Leonard Nimoy's portrayal of the ever-logical Vulcan, Mr. Spock, is one of the most recognizable, loved, and pervasive characterizations in popular culture. He had been closer to the phenomenon of Star Trek than anyone, having played the pivotal role of Spock in the original series, in six motion pictures, and in a special two-part episode of Star Trek: The Next Generation. I AM SPOCK gives us Nimoy's unique perspective on the beginnings of the Star Trek phenomenon, on his relationship with his costars, and particularly on the reaction of the pointed-eared alien that Nimoy knew best. Here, Nimoy shared the true story behind his perceived reticence to re-create the role and wrote frankly about how his portrayal defined an icon.

Criticizing Photographs Terry Barrett,2020-11-29 Emphasizing the understanding of images and their influences on how they affect our attitudes, beliefs, and actions, this fully updated sixth edition offers consequential ways of looking at images from the perspectives of photographers, critics, theoreticians, historians, curators, and editors. It invites informed conversations about meanings and implications of images, providing multiple and sometimes conflicting answers to questions such as: What are photographs? Should they be called art? Are they ethical? What are their implications for self, society, and the world? From showing how critics verbalize what they see in images and how they persuade us to see similarly, to dealing with what different photographs might mean, the book posits that some interpretations are better than others and explains how to deliberate among competing interpretations. It looks at how the worth of photographs is judged aesthetically and socially, offering samples and practical considerations for both studio critiques for artists and professional criticism for public audiences. This book is a clear and accessible guide for students of art history, photography and criticism, as well as anyone interested in carefully looking at and talking about photographs and their effects on the world in which we live.

Learning America Luma Mufleh,2022-04-05 A visionary leader’s powerful personal story and a blueprint for change that will inspire schools and communities across America Luma Mufleh—a Muslim woman, a gay refugee from hyper-conservative Jordan—joins a pick-up game of soccer in Clarkston, Georgia. The players, 11- and 12-year-olds from Liberia and Afghanistan and Sudan, have attended local schools for years. Drawn in as coach of a ragtag but fiercely competitive team, Mufleh discovers that few of her players can read a word. She asks, “Where was the America that took me in? That protected me? How can I get these kids to that America?” For readers of Malala, Paul Tough, and Bryan Stevenson, Learning America is the moving and insight-packed story of how Luma Mufleh grew a soccer team into a nationally acclaimed network of schools—by homing in laserlike on what traumatized students need in order to learn. Fugees accepts only those most in need: students recruit other students, and all share a background of war, poverty, and trauma. No student passes a grade without earning it; the failure of any student is the responsibility of all. Most foundational, everyone takes art and music and everyone plays soccer, areas where students make the leaps that can and must happen—as this gifted refugee activist convinces—even for America’s most left-behind.
