Lanzamiento de productos y servicios GARCÍA PRADO, ENRIQUE, 2019-05-27 Es fundamental conocer las técnicas más eficaces para lograr el éxito en el lanzamiento de nuevos productos y servicios. Este libro desarrolla los contenidos del módulo profesional de Lanzamiento de Productos y Servicios, del Ciclo Formativo de grado superior de Marketing y Publicidad, perteneciente a la familia profesional de Comercio y Marketing. Lanzamiento de productos y servicios es un manual práctico en el que se abordan aspectos como: --- Idea de negocio. --- Análisis del mercado y generación de ideas. --- Elaboración del argumentario de ventas. --- Presentación del producto o servicio a la red de ventas. --- Desarrollo de acciones promocionales del producto o servicio. --- Programación del lanzamiento e implantación de un producto o servicio en el mercado. --- Organización y presupuesto. --- Medidas de seguimiento y control del lanzamiento de un producto o servicio. El texto se acompaña de gran cantidad de imágenes, esquemas, ejemplos y cuadros de información adicional, que se alternan en todas las unidades con actividades propuestas y actividades resueltas. Cada unidad concluye con un mapa conceptual que permite al alumnado repasar y afianzar lo aprendido, casos prácticos (propuestos y resueltos) y útiles actividades finales. Esta obra también será de utilidad para todos los trabajadores en activo que necesitan actualizar sus conocimientos, en un sector en el que la formación continua y la experiencia contribuyen a la consolidación de su desarrollo personal y laboral, sin olvidarnos de que, para la empresa, contar con profesionales cualificados garantiza en gran medida la consecución de los objetivos comerciales

establecidos en el momento en que un producto o servicio es lanzado al mercado. Enrique García Prado es licenciado en Derecho. Cuenta con una extensa experiencia como docente en el campo de la Formación Profesional no reglada. Además, es autor de otros libros de texto y cursos de formación online.

Ecological Water Quality Voudouris, 2012-05-16 This book attempts to cover various issues of water quality in the fields of Hydroecology and Hydrobiology and present various Water Treatment Technologies. Sustainable choices of water use that prevent water quality problems aiming at the protection of available water resources and the enhancement of the aquatic ecosystems should be our main target.

El patio de mi casa ,2010 En un entorno idílico y tradicional como son los patios cordobeses, la iniciativa reunió a 16 artistas de tres continentes con la intención de aunar lo privado y lo público, la tradición y lo contemporáneo. La exposición pretendía dar a conocer al público nacional e internacional uno de los patrimonios culturales más característicos de Córdoba, sus patios, al tiempo que se establece un diálogo entre ese patrimonio y las últimas tendencias del arte contemporáneo internacional.

ACTAS DO I CONGRESO INTERNACIONAL "CURROS ENRÍQUEZ E O SEU TEMPO". Tomo I Xesús Alonso Montero,2004

De verbo a verbo. Documentos en galego anteriores a 1260 Ana Isabel Boullón Agrelo, Henrique Monteagudo, 2009-11-16 Esta obra contén no seu cerne a edición de cincuenta documentos notariais producidos en galego entre ca. 1225 e ca. 1260, lidos directamente sobre os orixinais, senón un caso excepcional (no 6), que é un traslado cronoloxicamente moi próximo ao orixinal. Incluímos en apéndice cinco documentos máis anteriores a 1260, pero aos que non temos acceso directo porque se extraviou o orixinal e soamente os coñecemos ben mediante edición realizada nos nosos tempos (B, C, D), ben mediante copia coetánea (A e E). O criterio para a escolla dos documentos foi a lingua en que están escritos: o galego sensu strictu, isto é, sen incluír o portugués¹. A inmensa maioría dos documentos foron redactados dentro do dominio lingüístico galego, pero hai algún exemplo procedente do exterior deste (no 16, datado en Sevilla). Por tanto, a colección que presentamos acolle o groso da ?producción primitiva? en lingua galega, se por tal entendemos a producida en escrita romance (por oposición á latina medie val) e

cun grao de definición idiomática indiscutible por oposición aos textos híbridos ou fronteirizos.

Biology, Ecology and Management of Aquatic Plants Joseph Caffrey, Philip R.F. Barrett, Maria Teresa Ferreira, Ilidio S. Moreira, Kevin J. Murphy, Philip Max Wade, 2013-04-17 There is a growing need for appropriate management of aquatic plants in rivers and canals, lakes and reservoirs, and drainage channels and urban waterways. This management must be based on a sound knowledge of the ecology of freshwater plants, their distribution and the different forms of control available including chemical and physical, and biological and biomanipulation. This series of papers from over 20 different countries was generated from the tenth in the highly successful series of European Weed Research Society symposia on aquatic plant management, this being the tenth. It provides a valuable insight into the complexities involved in managing aquatic systems, discusses state-of-the-art control techniques and deals with patterns of regrowth and recovery post-management. Careful consideration is given to the use of chemicals, a practice which has come under scrutiny in recent years. Underpinning the development of such control techniques is a growing body of knowledge relating to the biology and ecology of water plants. The authorship of the papers represents the collective wisdom of leading scientists and experts from fisheries agencies, river authorities, nature conservation agencies, the agrochemical industry and both governmental and non-governmental organisations.
