The Professional Product Owner Don McGreal, Ralph Jocham, 2018-06-04 The Professional Product Owner's Guide to Maximizing Value with Scrum "This book presents a method of communicating our desires, cogently, coherently, and with a minimum of fuss and bother." –Ken Schwaber, Chairman & Founder, Scrum.org The role of the Product Owner is more crucial than ever. But it's about much more than mechanics: it's about taking accountability and refocusing on value as the primary objective of all you do. In The Professional Product Owner, two leading experts in successful Scrum product ownership show exactly how to do this. You'll learn how to identify where value can be found, measure it, and maximize it throughout your entire product lifecycle. Drawing on their combined 40+ years of experience in using agile and Scrum in product management, Don McGreal and Ralph Jocham guide you through all facets of envisioning, emerging, and maturing a product using the Scrum framework. McGreal and Jocham discuss strategy, showing how to connect Vision, Value, and Validation in ROI-focused agile product management. They lay out Scrum best-practices for managing complexity and continuously delivering value, and they define the concrete practices and tools you can use to manage Product Backlogs and release plans, all with the goal of making you a more successful Product Owner. Throughout, the authors share revealing personal experiences that illuminate obstacles to success and show how they can be overcome. Define success from the "outside in," using external customer-driven measurements to guide development and maximize value Bring empowerment and entrepreneurship to the Product Owner's role, and align everyone behind a shared business model Use Evidence-Based Management (EBMgt) to invest in the right places, make smarter decisions, and reduce risk Effectively apply Scrum's Product Owner role, artifacts, and events Populate and manage Product Backlogs, and use just-in-time specifications Plan and manage releases, improve transparency, and reduce technical debt Scale your product, not your Scrum Use Scrum to inject autonomy, mastery, and purpose into your product team's work Whatever your role in product management or agile development, this guide will help you deliver products that offer more value, more rapidly, and more often. Register your book for convenient access to downloads, updates, and/or corrections as they become available. See inside book for details.

The Business Owner Defined: A Job Description for the Business Owner Alexander Visotsky, 2015-07-16 What is the difference between the duties of a business owner and the duties of a senior executive in a company? If you are a business owner, you probably have already asked yourself this question. But at the same time you may have never seen a complete, detailed, step-by-step description of all the basic duties of a business owner of a typical company. The author of this book is an entrepreneur and a practical man who has established a few successful companies. His description of each individual duty of a business owner is amazingly simple and systematic. It is astonishing how easy and applicable these descriptions are in real life. Each duty is described in a separate chapter with many examples from different business areas. Undoubtedly this book can be called the first professional manual for a business owner of any company. "The book, which you have in your hands, is written for those who started their business, encountered some difficulties and is searching for a way to succeed. The author of this book, Alexander Visolsky, is not a theoretic who is talking about business at the desk. He is practitioner, who generalized the extensive experience of running his own business. His observations and recommendations are very useful for those who start this exciting game called "Business." Small business is not simple at all! It is difficult to run a small business because it creates a lot of problems an owner has to solve. It has a lack of resources and possibilities and big staff turnover. The only solution is skillful and modern management. One needs to create a successful company. But how? At the beginning of his activity the author did not have an idea of how to manage. How to restore order in your home, organize work and beat competitors. He decided to figure it out and help others. The author proposes solutions based on his experience. These solutions are results of his efforts of solving problems he encountered in his business. They turned out to be typical for all small companies. If you want your business to be successful, use solutions this book gives you!"—A.V Doctor of Economics, Professor "Dear Alexandr! I had read "A Job Description For The Business Owner" book and decided to write down my opinion. This book is not just relevant. I consider that any business owner, despite his achievements, needs this book like air. It is written in simple language. Today not many business companies have "personal face" and your book will help a lot of people to make up their mind and change their viewpoint on the world of "money". I think it will become a handbook for those who had read it thoughtfully – this is the highest mark for a book and an author. I wish you prosperity, continue creating!"—A.K Owner

Become a Franchise Owner! Joel Libava, 2011-12-06 The definitive A-to-Z guide to researching, selecting, and starting a viable franchise business With more and more professionals looking for alternatives to traditional corporate employment, Become a Franchise Owner! informs would-be franchise owners of the joys and perils of purchasing a franchise. Authored by a trusted, feisty, tell-it-how-it-is independent franchise industry insider, this book offers straightforward, step-by-step tips and advice on how to properly (and carefully) research and select a franchise business. Get tips on how to locate information about franchises, current industry trends, interviews with franchisors, and hot franchise opportunities. Offers a self-evaluation to discover if you are franchise material Describes how to choose the right franchise for your specific situation Lists the 40 crucial questions to ask current franchise owners Owning a franchise isn't for everyone; in fact, as Joel Libava says, it's really not for most people. But if it is for you, this book can guide you in starting your own successful franchise business.

The Departure Neal Asher, 2013-02-01 Visible in the night sky the Argus Station, its twin smelting plants like glowing eyes, looks down on nightmare Earth. From Argus the Committee keep an oppressive control: citizens are watched by cams systems and political officers, it's a world inhabited by shepherds, reader guns, razor birds and the brutal Inspectorate with its white tiled cells and pain inducers. Soon the Committee will have the power to edit human minds, but not yet, twelve billion human being need to die before Earth can be stabilized, but by turning large portions of Earth into concentration camps this is achievable, especially when the Argus satellite laser network comes fully online . . . This is the world Alan Saul wakes to in his crate on the conveyor to the Calais incinerator. How he got there he does not know, but he does remember the pain and the face of his interrogator. Informed by Janus, through the hardware implanted in his skull, about the world as it is now Saul is determined to destroy it, just as soon as he has found out who he was, and killed his interrogator . . .

The Business Owner's Guide to Financial Freedom Mark J. Kohler, 2017-11-14 TAKE CONTROL OF YOUR FINANCIAL FUTURE Tailored for small business owners and entrepreneur like yourself who are looking for long-term financial planning and wealth management, The Business Owner's Guide to Financial Freedom reveals the secrets behind successfully investing in your business while bypassing Wall Street-influenced financial planners. Attorney and

CPA Mark J. Kohler and expert financial planner Randall A. Luebke deliver a guide catered to your entrepreneurial journey as they teach you how to create assets that provide income so work is no longer a requirement, identify money and tax-saving strategies, and address business succession plans to help you transition into the investment phase of business ownership. Learn how to: Pinpoint the dollar value of your business with a step-by-step formula Eliminate and avoid bad debt while leveraging your good debt Uncover investment strategies Wall Street won't tell you Achieve long-term goals with the 4x4 Financial Independence Plan Find an advisor willing to look out for your best interests Super-charge your 401(k) and leverage your insurance to get rich Create the best exit strategy for you, your business, and your family Avoid the most common mistakes in real estate investment Protect your hard-earned assets from security threats ready to strike You can't predict the future, but you can plan for it. So if you're ready to stop treating your business like your only asset and want to start making it your most valuable legacy, this book is for you!

The Ship-master's Assistant and Owner's Manual David Steel,1803

America, the Owner's Manual Bob Graham,Chris Hand,2016-07-15 In 2016, Americans fed up with the political process vented that frustration with their votes. Republicans nominated for president a wealthy businessman and former reality show host best known on the campaign trail for his sharp rhetoric against immigration and foreign trade. Democrats nearly selected a self-described socialist who ran on a populist platform against the influence of big money in politics. While it is not surprising that Americans would channel their frustrations into votes for contenders who pledge to end business as usual, the truth is that we don't have to pin our hopes for greater participation on any one candidate. All of us have a say—if we learn, master and practice the skills of effective citizenship. One of the biggest roadblocks to participation in democracy is the perception that privileged citizens and special interests command the levers of power and that everyday Americans can't fight City Hall. That perception is undoubtedly why a 2015 Pew Charitable Trusts survey found that 74 percent of those Americans surveyed believed that most elected officials didn't care what people like them thought. Graham and Hand intend to change that conventional wisdom by showing citizens how to flex their citizenship muscles. They describe effective citizenship skills and provide tips from civic experts. Even more importantly, they offer numerous examples of everyday Americans who have used their skills to make democracy respond. The reader will see themselves in these examples of citizens who chose to be victorious participants rather than tranquil spectators in the arena of democracy. By the end of the book, you will have new confidence that citizen participation is the lifeblood of America -- and will be ready to make governments work for you, not the other way around.

Property Owner's Sewer and Drain Guide Melvin Ladon White,2007

The Business Sale--an Owner's Most Perilous Expedition Mark Jordan,Mark Gould,Jeffrey Presogna,David Perkins,2001 For most owners, the business sale, merger, or acquisition process is a mountain of uncertainty. The Business Sale . . . An Owner's Most Perilous Expedition provides practical steps to navigate an owner through the uncharted journey of selling a business.

Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

A New Owner's Guide to Airedale Terriers Jaime Cabet,2012-05-22 Airedale terriers, also known as Airedales, originated from the Yorkshire region of England. The Airedales belong to the class of dogs called the terriers, and the Airedale has been nicknamed the King of Terriers. The nickname was given to the Airedale, because it is the largest canine in the terrier class. The Airedale weighs approximately 55 to 65 pounds, and grows to be about two feet tall. Airedales have medium-length black and tan coats, with a wiry topcoat that feels soft and fluffy underneath. The coat covering the back and legs appears curly and stiff, and must be regularly groomed. The Airedale does not shed much, if any, fur. Many Airedales have a surgical procedure done shortly after birth, called docking. The term docking means shortening the tail of the canine, which makes the tail stiff and stand at attention.

A Pet Owner's Guide to a Happy and Healthy Companion Kimberly Sarmiento,2016-11-30 Dogs and cats are like humans – they need a proper diet and good exercise. This book will show you how to make sure that your pet is properly cared for. Did you know that obesity is very common among dogs and cats? Did you know that the best way to keep your pet healthy is not feeding him less? This book explores feeding options as well as ingredients and labeling to ensure that you know what to do when it comes to mealtime. Countless hours have been devoted to researching the latest findings about pet care to ensure that the learning process is simple and hassle-free. Walks and playing fetch aren't the only activity that dogs enjoy. What about volunteering with your dog at a local nursing home or trying out a doggy park? This book also covers how to meet your pet's needs creatively and well. The answers to how to pick a good vet, how to find a good trainer, and how to make sure that your pet is getting enough exercise when you're at work are all covered. Most importantly, this book will help you understand your pet better and therefore appreciate her more. Compared to the average human life, a pet's life is sadly short. The book will help you make the most of it.

The Adolescent Owner's Manual William H. Glover,2007-07 How do you fix your troubled adolescent? After years of working as an in-home therapist and probation officer, author William Glover grew frustrated with the conventional wisdom that said medication and/or therapy offered the only hope for angry, defiant, unmotivated, ADHD, ADD, oppositional, defiant, drug involved, juvenile court involved, and behaviorally handicapped kids. Based on his work with adolescents and their parents, he became convinced that the solution for the majority of troubled kids resided not with the professionals, but with the parents of these children. With this as a starting point, Glover began developing The Adolescent Owner's Manual, a unique and effective resource designed to provide parents with the practical, common-sense tools and skills essential to parenting troubled adolescents.
