Executive Power Vince Flynn, 2008-09-04 THE NEW YORK TIMES NUMBER ONE BESTSELLER Mitch Rapp's cover has been blown. After leading a team of commandoes deep into Iraq, he has been publicly hailed by the president as the single most important person in the war against terrorism. After years of working covertly behind the scenes, Rapp is now in the glare of the public spotlight, marked by every terrorist from Jakarta to London, who now know his identity. Consequently, Rapp is resigned to leaving the front line. That is, until a platoon of Navy SEALs on a covert mission to the Philippines suffers a surprise attack. All evidence concludes that the source of the mission's leak lies in the US State Department and the Philippine embassy. But a greater threat still lurks - an unknown assassin working closely with the highest powers in the Middle East bent on igniting war. Now, with the world probing into his every move, will Rapp be able to overcome this anonymous foe and once again protect the world from the threat of international terrorism?

AMERICAN ASSASSIN, book one in the series, is now a MAJOR MOTION PICTURE starring Dylan O'Brien (Maze Runner), Taylor Kitsch (True Detective) and Michael Keaton. Praise for the Mitch Rapp series 'Sizzles with inside information and CIA secrets' Dan Brown 'A cracking, uncompromising yarn that literally takes no prisoners' The Times 'Vince Flynn clearly has one eye on Lee Child's action thriller throne with this twist-laden story. . . instantly gripping' Shortlist 'Action-packed, in-your-face, adrenalin-pumped super-hero macho

escapist fiction that does exactly what it says on the label' Irish Independent 'Mitch Rapp is a great character who always leaves the bad guys either very sorry for themselves or very dead' Guardian

Prescription for Pain Philip Eil,2024-04-09 An obsessive true crime investigation of a bizarre and unlikely perpetrator, who's serving the opioid epidemic's longest term for illegal prescriptions – four life sentences Written in the tradition of I'll Be Gone in the Dark and True Crime Addict, combining Dopesick's heart rending portrayal of the epidemic's victims with Empire of Pain's examination of its perpetrators This haunting and propulsive debut follows a journalist's years-long investigation into his father's old classmate: former high school valedictorian Paul Volkman, who once seemed destined for greatness after earning his MD and his PhD from the prestigious University of Chicago, but is now serving four consecutive life sentences at a federal prison in Arizona.

Volkman was the central figure in a massive “pill mill” scheme in southern Ohio. His pain clinics accepted only cash, employed armed guards, and dispensed a torrent of opioid painkillers and other controlled substances. For nearly three years, Volkman remained in business despite raids by law enforcement and complaints from patients’ family members. Prosecutors would ultimately link him to the overdose deaths of 13 patients, though investigators explored his ties to at least 20 other deaths. This groundbreaking book is based on 12 years of correspondence and interviews with Volkman. Eil also traveled to 19 states, interviewed more than 150 people, and filed a Freedom of Information Act lawsuit against the Drug Enforcement Administration that led to the release of nearly 20,000 pages of trial evidence. The American opioid epidemic is, like this book, a true crime story. Through this one doctor’s story, an era of unfathomable tragedy is brought down to a tangible, and devastating, human scale.

Global Perspectives on Reforming the Criminal

Justice System Pittaro, Michael, 2021-06-25 The often-tenuous relationship between law enforcement and communities of color, namely African Americans, has grown increasingly strained, and the call for justice has once again ignited the demand for criminal justice reform. Rebuilding the trust between the police and the citizens that they have sworn to protect and serve requires that criminal justice practitioners and educators collaborate with elected officials and commit to an open, ongoing dialogue on the most challenging issues that remain unresolved but demand collective attention and support. Reform measures are not limited to policing policies and practices, but rather extend throughout the criminal justice system. There is no denying that the criminal justice system as we know it is flawed, but not beyond repair. *Global Perspectives on Reforming the Criminal Justice System* provides in-depth and current research about the criminal justice system around the world, its many inadequacies, and why it urgently needs reformation. Offering a fully fleshed outline of the current system, this book details the newest research and is incredibly important to fully understand the flaws of the criminal justice system across the globe. The goals of this book are to improve and advance the criminal justice system by addressing the glaring weaknesses within the system and discuss potential reforms including decreasing the prison population (decarceration) and improving police/community relations. Highlighting topics that include accountability, community-oriented policing, ethics, and mass

incarceration, this book is ideal for law enforcement officers, trainers/educators, government officials, policymakers, correctional officers, court officials, professionals, researchers, academicians, and students in the fields of criminal justice, criminology, sociology, psychology, addictions, mental health, social work, public policy, and public administration.
