Pale Blue Ink in a Lady's Hand Franz Werfel,2012 This story is about a long suppressed love triangle between Leonidas Tachezy, a high-level Austrian career bureaucrat, his younger, trophy wife Amelie, and a Jewish woman from his past, Vera Wormser, with whom he'd fallen in love when she was fourteen. After his marriage, Leonidas encounters Vera in a German university town where she is studying philosophy. He makes a promise that implies marriage, but drops out of her life entirely to return to a comfortable existence until one day when a letter arrives, addressed with Vera's unmistakable handwriting in pale blue ink. Like Humbert Humbert in *Lolita*, Leonidas explains his crime against Vera to an imaginary courtroom in a way that anticipates Nabokov.

In *Pale Ink* Geoffrey Leggett,2018-11-07 An family history spanning two hundred and fifty years. Two brothers join the East India company - their life and experiences in India, their children's part in the Crimean War and Indian Mutiny. Then to Africa and the Ashanti Wars, Trinidad and sugar plantations, the Caribbean and yellow fever. Moving on to modern times Harry goes through his schooling - prep and public - to the background of his parents' disastrous marriage . His father's part in the retreat from Arakan in WW2 and in the Malayan Emergency; his subsequent decline into alcoholism, his mother's lonely extinction and his own possibly fatal entanglement in the opaque mysteries of the diamond trade in Africa. All recounted in Pushkinian sonnets.

Make Ink Jason Logan,2018-09-11 “The pigments he concocts from these humble beginnings are as fun to make as they are eye-opening to work with . . . the world never quite looks the same.” —MarthaStewart.com A 2018 Best Book of the Year—The Guardian The Toronto Ink Company was

founded in 2014 by designer and artist Jason Logan as a citizen science experiment to make eco-friendly, urban ink from street-harvested pigments. In *Make Ink*, Logan delves into the history of inkmaking and the science of distilling pigment from the natural world. Readers will learn how to forage for materials such as soot, rust, cigarette butts, peach pits, and black walnut, then how to mix, test, and transform these ingredients into rich, vibrant inks that are sensitive to both place and environment. Organized by color, and featuring lovely minimalist photography throughout, *Make Ink* combines science, art, and craft to instill the basics of ink making and demonstrate the beauty and necessity of engaging with one of mankind's oldest tools of communication. "Logan demystifies the process, encouraging experimentation and taking a fresh look at urban environments." —NPR "The book is full of inspiration and takes a lot of the mystery out of ink making, at least at its simplest level. And it also reminds me why I love ink—any ink or liquid color as much as I do." —The Well-Appointed Desk "Quite a few recipes . . . that use color from the kitchen: carrots, black beans, blueberries, turmeric, and onion skins all make beautiful ink colors." —Design Observer "Make Ink opens up about methods, providing an open source guide to DIY ink." —CityLab

To better understand the soft martial art, the book includes an introduction to the Chinese ink painting tradition and detailed discussion of brushes, paper and other tools and accessories. The lessons are instructive for artists at any level of expertise but are directed to the dedicated beginner.

Fantastic Creatures of the Mountains and Seas Anonymous,Jiankun Sun,2021-06-01 The gorgeously illustrated contemporary edition of an ancient Chinese text—for fans of fantastic beasts everywhere *Fantastic Creatures of the Mountains and Seas* is a new translation for contemporary readers of a classic Chinese text that is at once the geography of an ancient world, a bestiary of mythical creatures, and a book of cultural and medicinal lore.

Illustrated throughout with more than 180 two-color drawings that are so sinuous they move on the page, it is a work for lovers of fantasy and mythology, ancient knowledge, fabulous beasts, and inspired art. The beings catalogued within these pages come from the regions of the known world, from the mountains and seas, the Great Wastelands, and the Lands Within the Seas that became China. They include spirits and deities and all sorts of strange creatures—dragons and phoenixes, hybrid beasts, some with human features, some hideous or with a call like wood splitting, or that portend drought or flood or bounty; others whose flesh cures disease or fends off nightmares, or whose pelt guarantees many progeny. Drawn from *The Classic of Mountains and Seas*, *Fantastic Creatures* is the work of two members of China's millennial generation, a young scholar and writer once known as the youngest Genius of Chinese Cultural Studies and an inspired illustrator trained in China and the United States, who together managed to communicate with the soul of a 4,000-year-old beast and have brought forth its strange beauty. Their work has been rendered into English by the foremost translator of modern Chinese literature in the West.

Dreaming the Southern Song Landscape Valérie Malenfer Ortiz, 1999-06-09 The masterpiece, *Dream Journey in the Xiao and Xiang Rivers* has been celebrated by critics throughout its long history. Now for the first time this study locates its original historical and social context, and traces its subsequent history and the role it fulfilled at various times.

Amazon Ink Lori Devoti, 2009-05-26 The first in a thrilling series from the USA TODAY bestselling author of the *Nine Worlds* series following an Amazonian woman in modern-day Wisconsin as she struggles to solve two mysterious and shocking murders. It's been ten years since Melanippe Saka left her Amazon tribe in order to create a normal life for her daughter Harmony. True, running a tattoo parlor in Madison, Wisconsin, while living with your Amazon warrior mother and priestess grandmother is not everyone's idea of normal, but Mel thinks she's succeeded at blending in as human. Turns out she's wrong. Someone knows all about her, someone who's targeting young Amazonian girls, and no way is Mel going to let Harmony become tangled in this deadly web. With her motherly instinct in overdrive, Ms. Melanippe Saka is quite a force...even when she's facing a barrage of distractions—including a persistent detective whose interest in Mel goes beyond professional, a sexy tattoo artist with secrets of his own, and a seriously angry Amazon queen who views Mel as a prime suspect. To find answers, Mel will have to do the one thing she swore she'd never do: embrace her powers and admit that you can take the girl out of the tribe...but you can't take the tribe out of the girl.

Transmedial Landscapes and Modern Chinese Painting Juliane Noth, 2023-11-20 Chinese ink painters of the Republican period (1911–1949)

creatively engaged with a range of art forms in addition to ink, such as oil painting, drawing, photography, and woodblock prints. They transformed their medium of choice in innovative ways, reinterpreting both its history and its theoretical foundations. Juliane Noth offers a new understanding of these compelling experiments in Chinese painting by studying them as transmedial practice, at once shaped by and integral to the modern global art world. *Transmedial Landscapes and Modern Chinese Painting* shines a spotlight on the mid-1930s, a period of intense productivity in which Chinese artists created an enormous number of artworks and theoretical texts. The book focuses on the works of three seminal artists, Huang Binhong, He Tianjian, and Yu Jianhua, facilitating fresh insights into this formative stage of their careers and into their collaborations in artworks and publications. In a nuanced reading of paintings, photographs, and literary and theoretical texts, Noth shows how artworks and discussions about the future of ink painting were intimately linked to the reshaping of the country through infrastructure development and tourism, thus leading to the creation of a uniquely modern Chinese landscape imagery.

A Chinese Bestiary Richard E. Strassberg, 2023-11-03 *A Chinese Bestiary* presents a fascinating pageant of mythical creatures from a unique and enduring cosmography written in ancient China. The *Guideways through Mountains and Seas*, compiled between the fourth and first centuries b.c.e., contains descriptions of hundreds of fantastic denizens of mountains, rivers, islands, and seas, along with minerals, flora, and medicine. The text also represents a wide range of beliefs held by the ancient Chinese. Richard Strassberg brings the *Guideways* to life for modern readers by weaving together translations from the work itself with information from other texts and recent archaeological finds to create a lavishly illustrated guide to the imaginative world of early China. Unlike the bestiaries of the late medieval period in Europe, the *Guideways* was not interpreted allegorically; the strange creatures described in it were regarded as actual entities found throughout the landscape. The work was originally used as a sacred geography, as a guidebook for travelers, and as a book of omens. Today, it is regarded as the richest repository of ancient Chinese mythology and shamanistic wisdom. The *Guideways* may have been illustrated from the start, but the earliest surviving illustrations are woodblock engravings from a rare 1597 edition. Seventy-six of those plates are reproduced here for the first time, and they provide a fine example of the Chinese engraver's art during the late Ming dynasty. This beautiful volume, compiled by a well-known specialist in the field, provides a fascinating window on the thoughts and beliefs of an ancient people,

and will delight specialists and general readers alike.

The Pale Ones Bartholomew Bennett, 2018-10-18 Pulp fiction just got a whole lot scarier... An insidiously disquieting tale, flavourfully told. What begins as a dark comedy of book collecting gradually accumulates a profound sense of occult dread, which lingers long after the book is finished. It's a real addition to the literature of the uncanny and an impressive debut for its uncompromising author. RAMSEY CAMPBELL, author of the Brichester Mythos trilogy Few books are treasured. Most linger in the dusty purgatory of the bookshelf, the attic, the charity shop, their sallow pages filled with superfluous knowledge. And with stories. Darker than ink, paler than paper, something is rustling through their pages. Harris delights in collecting the unloved. And in helping people. Or so he says. He wonders if you have anything to donate. To his 'children'. Used books are his game. Neat is sweet; battered is better. Tears, stains, broken spines - ugly doesn't matter. Not a jot. And if you've left a little of yourself between the pages - a receipt or ticket, a mislaid letter, a scrawled note or number - that's just perfect. He might call back. Hangover Square meets Naked Lunch through the lens of a classic M. R. James ghost story. To hell and back again (and again) via Whitby, Scarborough and the Yorkshire Moors. Enjoy your Mobius-trip. To a soundtrack of wasps, *The Pale Ones* unsettles in the way of a parable by some contemporary, edgeland Lovecraft, or another of the authors the used-book dealers in this story no doubt seek out, Arthur Machen. The unnerving images which flicker in a sagging English landscape of charity shops, seaside bed and breakfasts and amusement arcades, washed with stale beer, linger in my imagination ages after reading. ANTHONY CARTWRIGHT, author of *Heartland*, BBC Radio 4 Book at Bedtime
