The World Refugees Made Pamela Ballinger,2020-03-15 In *The World Refugees Made*, Pamela Ballinger explores Italy's remaking in light of the loss of a wide range of territorial possessions—colonies, protectorates, and provinces—in Africa and the Balkans, the repatriation of Italian nationals from those territories, and the integration of these national refugees into a country devastated by war and overwhelmed by foreign displaced persons from Eastern Europe. Post-World War II Italy served as an important laboratory, in which categories differentiating foreign refugees (who had crossed national boundaries) from national refugees (those who presumably did not) were debated, refined, and consolidated. Such distinctions resonated far beyond that particular historical moment, informing legal frameworks that remain in place today. Offering an alternative genealogy of the postwar international refugee regime, Ballinger focuses on the consequences of one of its key omissions: the ineligibility from international refugee status of those migrants who became classified as national refugees. The presence of displaced persons also posed the complex question of who belonged, culturally and legally, in an Italy that was territorially and politically reconfigured by decolonization. The process of demarcating types of refugees thus represented a critical moment for Italy, one that endorsed an ethnic conception of identity that citizenship laws made explicit. Such an understanding of identity remains salient, as Italians still invoke language and race as bases of belonging in the face of mass immigration and ongoing refugee emergencies. Ballinger's analysis of the postwar international refugee regime and Italian decolonization illuminates the study of human rights history, humanitarianism, postwar reconstruction, fascism and its aftermaths, and modern Italian history.

The Inuit World Pamela Stern,2021-11-23 *The Inuit World* is a robust and holistic reference source to contemporary Inuit life from the intimate world of the household to the global stage. Organized around the themes of physical worlds, moral, spiritual and intellectual worlds, intimate and everyday worlds, and social and political worlds, this book includes ethnographically rich contributions from a range of scholars, including Inuit and other Indigenous authors. The book considers regional, social, and cultural differences as well as the shared histories and common cultural practices that allow us to recognize Inuit as a single, distinct Indigenous people. The chapters demonstrate both the historical continuity of Inuit culture and the dynamic ways that Inuit people have responded to changing social, environmental, political, and economic conditions. Chapter topics include ancestral landscapes, tourism and archaeology, resource extraction and climate change, environmental activism, and women's leadership. This book is an invaluable resource for students and researchers in anthropology, Indigenous studies, and Arctic studies and those in related fields including geography, history, sociology, political science, and education.

Lucky That Way Pamela Gerhardt,2013-10-01 “I decide that from now on we should listen to him. His lip may be deflated and his left side paralyzed, but he knows. And he has made terrible mistakes. But he knows. He knows. We are lucky that way.” *Lucky That Way*, a nuanced, richly engaging memoir, chronicles the joys and tribulations of a daughter who rediscovers her father as he nears the end of his life. Ernie Gerhardt, an artist and teacher, is largely estranged from his five children, but when he suffers a debilitating stroke, his daughter Pamela must fly to Las Vegas to tend to him. When she arrives to find Ernie newly and shockingly fragile, she is hit by an unexpected wave of tenderness. As she watches over him in intensive care, she recalls turning points in her family history—the early death of her mother and her father's turn to heavy drinking—and reflects on the idiosyncrasies that make an imperfect and unique family, on what it means to become old, on what happens when parents are no longer the caregivers but the cared-for, and on how a family copes with their responsibility to the elderly. Written in a crisp, engaging style, the story is less about the drudgery of finding the right mix of medicines, at-home caregivers, and rehabilitation centers and more about the emotional ramifications of caring for the sick under the weight of sometimes flawed attachments. People make mistakes, grow old, get sick, and pass on from this world. *Lucky That Way* examines the irritations and comforts of contemporary family bonds. Gerhardt sifts through the complicated, multi-layered relationships for both wry comedy and high drama and records a string of triumphs and mishaps as Ernie and his five adult children struggle to manage his life and find meaning before their time runs out. The emerging theme of imperfect humans struggling with life's great mysteries will strike a chord of recognition with the tens of thousands of Baby-Boomers and Gen-Xers who are currently facing similar circumstances with their elderly loved ones. Pamela Gerhardt's heartfelt story about a family coming to terms with their aging father's illness and imminent death takes readers on an emotional roller coaster that highlights love, loss, humor, and sadness.

Dirt Pamela Janet Wood,2005 Coming to the New World paradise of New Zealand the 19th-century colonial settlers did not expect to find the Old World evils of dirt and decay. But this fascinating book shows that dirt was there and that over time opinions changed about just what it was, what should be done about it and who had responsibility for dealing with it.

Travels in an Old Tongue Pamela Petro,1998 The idiosyncratic and witty travelogue of a young Welsh-speaking woman who travels the globe in search of Welsh communities. - The acclaimed debut of a remarkably witty and engaging travel writer (Bill Bryson meets Jan Morris). Her next book will explore the world through its theme parks! - At once a fascinating travelogue and an innovative book about the consequences of language. 'A delightful read - a marvellous mixture of wit, nostalgia, character description and atmosphere setting. Anyone who is Welsh, or who has connections with Wales, should read it, as should anyone who isn't, and hasn't, but who simply wants to work out what on earth is going on in the minds, hearts and mouths of those for whom Welsh is the language of heaven.' Professor David Crystal

Pamela & the Time Machine Mystery, Volume 1 Julia Montanez,2020-11-26 Julia Aaryn Montanez is a community organizer, world traveler, humanitarian, writer and filmmaker. Her passion for writing started at the tender age of 10 years old. Julia credits her enthusiasm for writing to her big imagination! Her mission with The Adventures of Pamela King book series is to encourage children everywhere to grow their imagination and to experience the joys of just being a kid. Our author delivers fun, experimental, and motivating children books to ignite the power of a child's imagination. The Adventures of Pamela King series follows Pamela King, a 6 year-old girl exploring the world through her many adventures with her family. Pamela is a curious, imaginative, outspoken, and aspires to be the world's best detective. However; sometimes Pamela's eager curiosity can get her into rocky situations, as she is still learning the importance of THINKING BEFORE SHE LEAPS! I believe that the power of imagination is a crucial component in our healthy mental development as adults and children. Too often I've witnessed children forced to grow up so fast and adults that have lost their vitality due to the stresses of daily life. We can all take a page from a children's book and strive to remain young at heart. Julia Aaryn Montanez

Forgetting the Art World Pamela M. Lee,2012-10-12 The work of art's mattering and materialization in a globalized world, with close readings of works by Takahashi Murakami, Andreas Gursky, Thomas Hirschhorn, and others. It may be time to forget the art world—or at least to recognize that a certain historical notion of the art world is in eclipse. Today, the art world spins on its axis so quickly that its maps can no longer be read; its borders blur. In *Forgetting the Art World*, Pamela Lee connects the current state of this world to globalization and its attendant controversies. Contemporary art has responded to globalization with images of movement and migration, borders and multitudes, but Lee looks beyond iconography to view globalization as a world process. Rather than think about the “global art world” as a socioeconomic phenomenon, or in terms of the imagery it stages and sponsors, Lee considers “the work of art's world” as a medium through which globalization takes place. She argues that the work of art is itself both object and agent of globalization. Lee explores the ways that art actualizes, iterates, or enables the processes of globalization, offering close readings of works by artists who have come to prominence in the last two decades. She examines the “just in time” managerial ethos of Takahashi Murakami; the production of ethereal spaces in Andreas Gursky's images of contemporary markets and manufacture; the logic of immanent cause dramatized in Thomas Hirschhorn's mixed-media displays; and the “pseudo-collectivism” in the contemporary practice of the Atlas Group, the Raqs Media Collective, and others. To speak of “the work of art's world,” Lee says, is to point to both the work of art's mattering and its materialization, to understand the activity performed by the object as utterly continuous with the world it at once inhabits and creates.

Out of the World Pamela Bush,2016-04-07 Rose Woeberg is done running! For the first time in her life she's found a family . . . in the form of true friends in Petoskey, Michigan; and she's calling the place home. Cora Stauffer returned to Petoskey in hopes of finding the son she'd abandoned fifty years earlier; a son who out of anger changed his name as an adult. As her search increased others get involved. Will they discover that Cora is Rose Woeberg's grandmother? Gary Noordstrom is a huge Norwegian man and a strong believer in Christ. His path runs across a spit-fire of a girl named Rose and his attention is caught. Will she come to care for him as much as he does her? Having been abused by men in the past, can she ever trust a man again? Don Diego, Rose's former boyfriend who also happens to be a Mexican gang boss in the East, is desperate to find her. She has an incriminating notebook that could send him to prison for life. He wants it back and will go to any lengths to accomplish that. Follow along as Diego's thug comes in search of Rose, and as Rose's newfound friends gather around to protect her; especially the Thor-like, Norwegian man who's determined to win her love and do whatever it takes to protect her. In the midst of this, can Rose grow in her newfound faith in Christ and get answers about all the things that confuse her in God's Word - the Bible? Things like - future prophecies, the Rapture, and what it really means to be in the world, but not of the world?

From Lived Experience to the Written Word Pamela H. Smith,2022-09-23 This book focuses on how literate artisans began to write about their discoveries starting around 1400: in other words, it explores the origins of technical writing. Artisans and artists began to publish handbooks, guides,

treatises, tip sheets, graphs and recipe books rather than simply pass along their knowledge in the workshop. And they tried to articulate what the new knowledge meant. The popularity of these texts coincided with the founding of a new philosophy that sought to investigate nature in a new way. Smith shows how this moment began in the unceasing trials of the craft workshop, and ended in the experimentation of the natural scientific laboratory. These epistemological developments have continued to the present day and still inform how we think about scientific knowledge--

Alive in This World Pamela Haines,2021-05-10 Whether on a crowded trolley, in a little neighborhood park with its towering sycamores, at a community garden or around neglected public spaces, there is life abundant-full of hope, delight and awe on the one hand, heartache and loss on the other. Mostly composed in a diverse urban neighborhood of Philadelphia, this collection of poetry, *Alive in This World*, is organized into three sections. The first, *A Home with the Trees*, explores a relationship with the trees as the poet gets to know them-in wonder, growing understanding, grief and gratitude. In *Commuter Encounters*, intimate contact with strangers on a trolley commute and time spent on city bus and regional rail routes invites reflection on humanity, connection and justice. In the final section, *A Home with the Earth*, the soil is a medium for meditations on nourishment, and how loving small city green spaces can provide big gifts. How do we make meaning of what we see? How can it illuminate our understanding-of ourselves and of the world we inhabit together? How does it change us? These closely-observed and big-hearted poems are all about relationship, providing not only a picture or a story, but a window to new possibilities. The knowledge that there may be a poem awaiting us anywhere is a call to pay closer attention to life, to not let the world go by unnoticed. Bringing a clear eye, an open heart, and a quest for intimacy with a few small city blocks and life on a public commute can call us into engagement with the biggest issues of our times. It may even help with gaining courage and perspective for the road ahead.

The Schoolhouse Experiment Pamela Beere Briggs,Natalie McDonald,Judith Feuer-Walden,William McDonald (Professor),2021 This is a story about our family's decision to recover our daughter's love of learning by relocating middle school studies into our Los Angeles backyard. Our intention is not to suggest that readers do what we did. What we hope is that our story will give readers some tools with which to approach remote learning during the COVID-19 pandemic--and also inspire some ideas for the traditional classroom setting. --

News Around the World Pamela J. Shoemaker,Akiba A. Cohen,2006 What's news? A front-page news story in the United States might not appear in a newspaper in China. Or a minor story on German television may be all over the airwaves in India. But *News Around the World* shows that the underlying nature of news is much the same the world over and that people--no matter what their jobs or their status in society--tend to hold similar notions of newsworthiness. In this richly detailed study of international news, news makers and the audience, the authors have undertaken exhaustive original research within two cities--one major and one peripheral--in each of ten countries: Australia, Chile, China, Germany, India, Israel, Jordan, Russia, South Africa, and the United States. The nations were selected for study based on a central principle of maximizing variation in geographic locations, economic and political systems, languages, sizes, and cultures. The remarkable scope of the research makes this the most comprehensive analysis of newsworthiness around the globe: 10 countries studied, each with a university country director 2 cities in each country examined, one major and one peripheral 60 news media studied (newspapers, television, and radio news programs), resulting in 32,000+ news items analyzed 80 focus groups with journalists, public relations practitioners, and audience members 2,400 newspaper stories ranked according to newsworthiness and compared with how prominently they were published. *News Around the World* provides remarkable insight into how and why news stories are reported, testing and improving a theory of cross-cultural newsworthiness and is essential reading for anyone seeking to understand international media and journalism. newsworthiness around the globe: 10 countries studied, each with a university country director 2 cities in each country examined, one major and one peripheral 60 news media studied (newspapers, television, and radio news programs), resulting in 32,000+ news items analyzed 80 focus groups with journalists, public relations practitioners, and audience members 2,400 newspaper stories ranked according to newsworthiness and compared with how prominently they were published. *News Around the World* provides remarkable insight into how and why news stories are reported, testing and improving a theory of cross-cultural newsworthiness and is essential reading for anyone seeking to understand international media and journalism.

The Wizards of Wyrld World Pamela F. Service,2017-01-01 Audisee® eBooks with Audio combine professional narration and sentence highlighting for an engaging read aloud experience! Josh Higgins and his sister Maggie have vowed not to use the alien gizmo that lets them visit other worlds. But when Josh's favorite writer comes to town, the temptation is too much. Along with famous author P. L. Cuthbertson, Josh and Maggie prepare to visit the land of Cuthbertson's books: Wyrld World. As soon as the crew arrives, some of Wyrld World's thuggish locals mistake P.L. for a wizard--and that's not a good thing. Josh and Maggie begin a rescue mission, sneaking through fortresses and dungeons. But to challenge the planet's evil rulers, they'll have to unite a group of rebels and outcasts who would just as soon fight each other. . . .

The Beautiful, Novel, and Strange Ronald Paulson,2019-12-01 Originally published in 1995. In *The Beautiful, Novel, and Strange*, Ronald Paulson fills a lacuna in studies of aesthetics at its point of origin in England in the 1700s. He shows how aesthetics took off not only from British empiricism but also from such forms of religious heterodoxy as deism. The third earl of Shaftesbury, the founder of aesthetics, replaced the Christian God of rewards and punishments with beauty—worship of God, with a taste for a work of art. William Hogarth, reacting against Shaftesbury's disinterestedness, replaced his Platonic abstractions with an aesthetics centered on the human body, gendered female, and based on an epistemology of curiosity, pursuit, and seduction. Paulson shows Hogarth creating, first in practice and then in theory, a middle area between the Beautiful and the Sublime by adapting Joseph Addison's category (in the *Spectator*) of the Novel, Uncommon, and Strange. Paulson retrieves an aesthetics that had strong support during the eighteenth century but has been obscured both by the more dominant academic discourse of Shaftesbury (and later Sir Joshua Reynolds) and by current trends in art and literary history. Arguing that the two traditions comprised not only painterly but also literary theory and practice, Paulson explores the innovations of Henry Fielding, John Cleland, Laurence Sterne, and Oliver Goldsmith, which followed and complemented the practice in the visual arts of Hogarth and his followers.

What is Global History? Pamela Kyle Crossley,2008 Global and world history address the deep structural changes that have shaped human experience. Many are material, related to environmental and climatic alteration, to the domestication of livestock and development of agriculture, to technology, to disease, and to variations in human immunity, reproduction, and physiology. Others are social and cultural, touching upon issues of migration, trade, language development and differentiation, institutions of enslavement and of freedom, traditions of marriage and child-rearing, the emergence of large-scale political organization from early kingdoms to vast empires, republics and federations, and the management of war and peace. To deal with such challenging issues, global historians draw upon new techniques of analysis and comparison. But they also continue venerable traditions, inherited from the earliest civilizations, of narrating the past on the most comprehensive and significant scale possible. This book examines the long search for an integrated human story, and particularly the points at which rapid changes of philosophy and perspective in the twentieth century transformed the historical disciplines. It provides the perfect introduction to global history for students and scholars alike.
