American Panda Gloria Chao, 2019-07-02 "Weeingly funny." —The Wall Street Journal "Delightful." —BuzzFeed "Charmed my socks off." —David Arnold, New York Times bestselling author of *Kids of Appetite* and *Mosquitoland* Four starred reviews for this incisive, laugh-out-loud contemporary debut about a Taiwanese-American teen whose parents want her to be a doctor and marry a Taiwanese Ivy Leaguer despite her squeamishness with germs and crush on a Japanese classmate. At seventeen, Mei should be in high school, but skipping fourth grade was part of her parents' master plan. Now a freshman at MIT, she is on track to fulfill the rest of this predetermined future: become a doctor, marry a preapproved Taiwanese Ivy Leaguer, produce a litter of babies. With everything her parents have sacrificed to make her cushy life a reality, Mei can't bring herself to tell them the truth—that she (1) hates germs, (2) falls asleep in biology lectures, and (3) has a crush on her classmate Darren Takahashi, who is decidedly not Taiwanese. But when Mei reconnects with her brother, Xing, who is estranged from the family for dating the wrong woman, Mei starts to wonder if all the secrets are truly worth it. Can she find a way to be herself, whoever that is, before her web of lies unravels? From debut author Gloria Chao comes a hilarious, heartfelt tale of how, unlike the panda, life isn't always so black and white.

Please, Mr. Panda Steve Antony, 2014-12-30 What is the proper way to ask Mr. Panda for doughnuts? Patiently and politely, Mr. Panda asks the animals he comes across if they would like a doughnut. A penguin, a skunk, and a whale all say yes, but they do not remember to say please and thank you. Is anyone worthy of Mr. Panda's doughnuts? Steve Antony has captured a cute panda, delightful animals hungry for doughnuts, and a manners lesson. With the black-and-white animals, plain backgrounds, and brightly colored doughnuts, Antony's art is bold, striking, and engaging.

Bei Bei Goes Home: A Panda Story Cheryl Bardoe, 2021-12-06 In August 2015, zookeepers at the National Zoo in Washington, DC, were thrilled to spot a tiny shadow on an ultrasound. For a species as rare as the giant panda, every new cub is cause for celebration. Zoo staff monitored mother Mei Xiang, and within days a newborn appeared, weighing in at just one third of a pound. While Mei Xiang cradled her vulnerable infant, zookeepers monitored the pair day and night through cameras in the panda den, and some two million viewers logged on to the zoo website. First Ladies Michelle Obama and Peng Liyuan hosted a ceremony to announce the cub's name: Bei Bei, meaning precious treasure in Mandarin Chinese. An instant celebrity, the cub captured hearts all over the world. But pandas in zoos are considered emissaries from the People's Republic of China, the only country where they live in the wild. Four years after his birth in America, Bei Bei would embark on an important new mission.--

Panda Heather Angel, 2008-02-13 A photographic tribute to the panda, featuring details on their home, feeding behavior, mating habits, and survival in the face of human encroachment. With its large, friendly face and eyes exaggerated by black eye patches, China's national treasure, the giant panda, is instantly recognizable. Giant pandas spend most of their time trying to eat enough bamboo to survive. The rest is spent conserving energy, and solitary pandas can be seen strolling along, stopping to recline on riverside rocks or amongst ferns. The lower body-weight and physical size of panda cubs mean that they have more energy to spend, and are seen climbing trees, play-fighting, doing somersaults and playing with bamboo. Panda is a unique and intimate portrait of one of the world's best-loved animals. The extraordinary lives of the giant panda and the enchanting red panda are captured throughout the seasons in their remote mountain habitat. This selection of over two hundred remarkable pictures shows pandas feeding, resting, playing, climbing trees and even sliding down snowy slopes, as well as showcasing the misty peaks and snow-clad forests of the beautiful Sichuan Province of China. Panda is a heart-warming and illuminating tribute to an endangered species that is loved the world over.

Giant Pandas Don Lindburg, Karen Baragona, 2004-08-23 The much-loved giant panda, a secretive denizen of the dense bamboo forests of western China, has become an icon worldwide of progress in conservation and research. This volume, written by an international team of scientists and conservationists including Chinese researchers whose work has not been available in English, tells the promising story of how the giant panda returned from the brink of extinction. The most important sourcebook on giant pandas to date, it is the first book since 1985 to present current panda research and the first to place the species in its biological, ecological, and political contexts. More than a progress report on a highly endangered species, *Giant Pandas: Biology and Conservation* details the combination of scientific understanding, local commitment, and government involvement that has been brought into play and asks what more needs to be done to ensure the panda's survival. The book is divided into four parts—Evolutionary History of the Giant Panda, Studies of Giant Panda Biology, Pandas and Their Habitats, and Giant Panda Conservation. It combines the latest findings from the field and the laboratory together with panel and workshop summaries from a recent international conference. Taken together, the chapters highlight how international cooperation has led to better management in the wild and in captivity. The volume also

shows how concepts such as buffer zones, links between forest fragments, multiple-use areas, and cooperation with local people who have a stake in the resources—highly relevant concepts for conservation problems around the world—have been key to the panda's survival.

But she intended to try. So she went to China, where she found a guide, built traps, gathered supplies, and had explorers' clothes made—unheard of for a woman in those days. Then she set out up the Yangtze River and into the wilderness. What she discovered would awe America: an adorable baby panda she named Su Lin, which means a little bit of something very cute. With breathtaking illustrations from Caldecott Honor artist Melissa Sweet, this little-known true story shares the tale of an adventurous woman who was bold and brave—and the unforgettable journey that helped shape American attitudes toward wildlife.
