A corpse of an old man being taken for burial converses with an unborn child trying to persuade him not to be born in a cruel world. The child refuses to heed the advice and the two agree that the child should be born dumb and see for himself the folly of living. The old man's words prove to be true in a development of dramatic events.

Fluvial Meanders and Their Sedimentary Products in the Rock Record (IAS SP 48) Massimiliano Ghinassi,Luca Colombera,Nigel P. Mountney,Arnold Jan H. Reesink,2018-11-14 The sinuous form and peculiar evolution of meandering rivers has long captured the imagination of people. Today, meandering rivers exist in some of the most densely populated areas in the World, where they provide environmental and economic wealth and opportunities, as well as posing hazards. Through geological time, the ancestors of these modern meanders built deposits that are now host to mineral resources, groundwater, and hydrocarbons. This Special Publication illustrates the breadth of current research on meandering rivers and their deposits. The collection of research papers demonstrates the state of science on fluvial process-product relationships. The articles cover fundamental and applied studies of both modern and ancient rivers, are based on state-of-the-art technology, include complementary philosophical approaches, and span a wide range of spatial and temporal scales. This book includes some of the most recent advances in the study of the morphodynamics and sedimentology of meandering rivers, and is an important resource for those who want to investigate fluvial systems and their deposits.

O Pano da Terra Joana Sequeira,2014-12-01 Pano da Terra, expressão telúrica que vemos aparecer nos documentos medievais, era o nome que se dava ao tecido fabricado localmente, distinto daqueles que vinham de fora. Na presente obra, vamos ao encontro das raízes dessa produção local, procurando combater a ideia feita de um reino que dependia totalmente dos panos estrangeiros para se vestir. Linho, lã e seda eram as principais fibras produzidas em Portugal e transformadas pelas mãos de artesãos mouros, judeus e cristãos. Um domínio técnico sedimentado ao longo de séculos permitiu que as diferentes regiões do país fossem capazes de criar tecidos com marca de origem, que conquistaram um lugar próprio no mercado. Alguns desses panos cruzaram as fronteiras, alimentando o comércio português com a Europa e com África. A crescente projeção que os produtos têxteis nacionais alcançaram no mercado externo mostra que esta indústria abandonava lentamente a sua condição de isolada e periférica, ao mesmo tempo que se constituía como um pilar fundamental da economia do reino.

Pano, pau e pão Ana Carolina de Carvalho Viotti,2020-12-17 A escravidão de africanos na colônia portuguesa da América foi a mais volumosa e duradoura do Ocidente. Ao partir da tríade pano, pau e pão, imortalizada pelo inaciano setecentista Andreoni (Antonil), a historiadora Ana Carolina de Carvalho Viotti descortina alguns dos consensos fundamentais estabelecidos à época sobre o trato dos escravos. A escravidão parece, quando vista dos séculos XX, XXI, tão bárbara, tão brutal e cruel que custa-nos crer que se tratava, para a sociedade que se consolidou na América Portuguesa ao longo dos séculos XVI, XVII e XVIII, de uma prática familiar, estável e, sobretudo, bastante regulada. É isto que vem nos lembrar este instigante Pano, Pau e Pão: Escravos no Brasil Colônia. A escravidão, ao contrário do que frequentemente a indignação e um certo anacronismo nos levam a pensar, não é o reino do arbítrio, do imprevisível e do capricho do senhor; na verdade,

a escravidão tinha regras estáveis. Este livro é uma porta de entrada para esse universo de regras e prescrições que tornou tão previsível, natural e prosaica uma forma de vida que, aos olhos contemporâneos, parece irracional, instável e quase inumana.

Fauzi Arap - Pano de boca Fauzi Arap,2016-05-25 A obra dramática de Fauzi Arap apresenta alguns temas recorrentes, que permeiam muitas das peças escritas por ele: as fronteiras tênues entre sanidade e loucura; a busca da liberdade de espírito; os limites entre realidade e ficção, a relatividade entre verdade e mentira. Esses temas estão fortemente presentes em Pano de boca, que se vale de metalinguagem, dissecando as várias dimensões do teatro como trabalho, sentimento, rota de fuga e base de identidade existencial.
