The American Song Book Philip Furia, Laurie J.

Patterson, 2015-12-02 The American Song Book, Volume I: The Tin Pan Alley Era is the first in a projected five-volume series of books that will reprint original sheet music, including covers, of songs that constitute the enduring standards of Irving Berlin, Jerome Kern, the Gershwins, and other lyricists and composers of what has been called the Golden Age of American popular music. These songs have done what popular songs are not supposed to do—stayed popular. They have been reinterpreted year after year, generation after generation, by jazz artists such as Charlie Parker and Art Tatum, Ella Fitzgerald and Louis Armstrong. In the 1950s, Frank Sinatra began recording albums of these standards and was soon followed by such singers as Tony Bennett, Doris Day, Willie Nelson, and Linda Ronstadt. In more recent years, these songs have been reinterpreted by Rod Stewart, Harry Connick, Jr., Carly Simon, Lady Gaga, K.D. Laing, Paul McCartney, and, most recently, Bob Dylan. As such, these songs constitute the closest thing America has to a repertory of enduring classical music. In addition to reprinting the sheet music for these classic songs, authors Philip Furia and Laurie Patterson place these songs in historical context with essays about the sheet-music publishing industry known as Tin Pan Alley, the emergence of American musical comedy on Broadway, and the talkie revolution that made possible the Hollywood musical. The authors also provide biographical sketches of songwriters, performers, and impresarios such as Florenz Ziegfeld. In addition, they analyze the lyrical and musical artistry of each song and relate anecdotes, sometimes amusing, sometimes poignant, about how the songs were created. The American Songbook is a book that can be read for enjoyment on its own or be propped on the piano to be played and

sung.

Stories Of Jazz Musicians Bradly Paulino, 2021-08-14 Jazz is a music genre that originated in the African-American communities of New Orleans, Louisiana, United States, in the late 19th and early 20th centuries, with its roots in blues and ragtime. The twenty-two jazz musicians featured in this book all had a dream to make a living doing what they love to do - playing music. This book tells each artist's story from the very beginning - in his or her voice. This goes beyond the music to focus on the musicians themselves. It is not just about what they play, but also about who they are. Not just about what they've accomplished, but also about how they have accomplished it.

Stardust Melodies Will Friedwald,2009-07-01 In *Stardust Melodies*, Will Friedwald takes each of these legendary songs apart and puts it together again, with a staggering wealth of detail and unprecedented understanding. Each chapter gives us an extended history of one song—the circumstances under which it was written and first performed—and then explores its musical and lyric content. Drawing on his vast knowledge of records and the careers of performing artists, Friedwald tells us who was responsible for making these songs famous and discusses in depth the performers who have left their unique marks on them. He writes about variations in

performance style, about both classic and obscure versions of the songs, about brilliantly original interpretations and ghastly travesties. And then there's the completely unexpected, like Stan Freberg's politically correct "Elderly Man River." This is a book for all lovers of American song to explore, argue with, and savor.
