Pedagogy and Place Robert A. M. Stern, Jimmy Stamp, 2016-01-01 Marking the centennial of the 1916 establishment of a professional program, *Pedagogy and Place* is the definitive text on the history of the Yale School of Architecture. Robert A. M. Stern, current dean of the school, and Jimmy Stamp examine its growth and change over the years, and they trace the impact of those who taught or studied there, as well as the architecturally significant buildings that housed the program, on the evolution of architecture education at Yale. Owing to the impressive number of notable practitioners who have attended or been affiliated with the school, this book also contributes a history, beyond Yale, of the architecture profession in the twentieth century. Featuring extensive archival research and illuminating firsthand accounts from alumni, faculty, and administrators, this well-rounded and engaging narrative is richly illustrated with historic photos of the school and its studios, images of student work, and important architectural achievements on and off campus.

Architecture of the Everyday Deborah Berke, Steven Harris, 2012-04-17 Ordinary. Banal. Quotidian. These words are rarely used to praise architecture, but in fact they represent the interest of a growing number of architects looking to the everyday to escape the ever-quickening cycles of consumption and fashion that have reduced architecture to a series of stylistic fads. *Architecture of the Everyday* makes a plea for an architecture that is emphatically un-monumental, anti-heroic, and unconcerned with formal extravagance. Edited by Deborah Berke and Steven Harris, this collection of

writings, photo-essays, and projects describes an architecture that draws strength from its simplicity, use of common materials, and relationship to other fields of study. Topics range from a website that explores the politics of domesticity, to a transformation of the sidewalk in Los Angeles' Little Tokyo, to a discussion of the work of Robert Venturi and Denise Scott Brown. Contributors include Margaret Crawford, Peggy Deamer, Deborah Fausch, Ben Gianni and Mark Robbins, Joan Ockman, Ernest Pascucci, Alan Plattus, and Mary-Ann Ray. Deborah Berke and Steven Harris are currently associate professors of architecture at Yale University, and have their own practices in New York City.

Kent Bloomer Kent Bloomer, 2020 A celebration of renowned sculptor and educator Kent Bloomer's work, examining the role of ornament in contemporary architecture and society Best known for New York's Central Park luminaires (1982), the ornamentation at Rice University's Baker Hall in Houston (1997), and his work on Yale University's Bass Library entrance pavilion and Sterling Memorial Library stairwell entrance (2007), the sculptor Kent Bloomer (b. 1935) has not only influenced the discussion around ornament in contemporary architectural practice, but has inspired developments in a range of disciplines that include history, music, art, philosophy, and biology. With a retrospective look at Bloomer's work as a point of departure, scholars from a variety of different fields explore his contributions to the history of ornament as both a social and an artistic phenomenon. Through the lens of Bloomer's groundbreaking oeuvre, this volume reorients the discourse of ornament from a contentious vestige of modernity toward its active relationship to architecture, landscape, urbanism, and a sense of place. Distributed for the Yale School of Architecture

Jesse Ventura's Marijuana Manifesto Jesse Ventura, 2016-09-06 New York Times Bestselling Author! In this groundbreaking book – for the first time in paperback and fully-updated with all the latest legal information - outspoken freethinker Jesse Ventura lays out his philosophy. Now more than ever before, our country needs full legalization of medical/recreational marijuana and hemp. Seemingly with every day that goes by we find out more positive things about marijuana, a medicinal plant in abundant supply, yet legalization finds stronger resistance from government agencies and big business. Find out why the US government patented CBD and what Big Pharma companies have exclusive rights to create marijuana medication and why the DEA can't be trusted. Jesse Ventura's *Marijuana Manifesto* calls for an end to the War on Drugs. Legalizing marijuana will serve to rejuvenate our pathetic economy and just might make people a little happier. Ventura's book will show us all how we can take our country back. "More celebs than ever are jumping on the 'Legalize' bandwagon. Why? Because it's safe now. It won't impact your career anymore. But Jesse Ventura has been a solid proponent of legal cannabis for

decades. In Jesse Ventura's Marijuana Manifesto, he lays out the good sense of legalization, as well as the sheer insanity of prohibition. As a proud American, he pulls no punches calling out the political elite. - Dan Skye, High Times editor-in-chief "Ventura is ultimately quite convincing about the ineffectuality of the War on Drugs, and on the contradictions and corruptions of the Drug Enforcement Administration, a particular bugbear of his." - Michael Lindgren, The Washington Post
