The Walls of Santiago Terri Gordon-Zolov,Eric Zolov,2022-05-05 A photo-illustrated record of Chilean protest art, along with reflections on artistic antecedents, global protest movements, and the long shadow cast by Chile’s authoritarian past. From October 2019 until the COVID-19 lockdown in March 2020, Chile was convulsed by protests and political upheaval, as what began as civil disobedience transformed into a vast resistance movement. Throughout, the most striking aspects of the protests were the murals, graffiti, and other political graphics that became ubiquitous in Chilean cities. Authors Terri Gordon-Zolov and Eric Zolov were in Santiago to witness and document the protests from their very beginning. The book is beautifully illustrated with over 150 photographs taken throughout the protests. Additional photos will be available on the publisher’s website. From the introduction: In the conclusion, we take stock of the crisis of the nation-state in the contemporary era. This chapter brings events into the present moment, noting the ways President Piñera took advantage of the COVID-19 pandemic to reclaim the streets of Santiago, a phenomenon echoed in countries across the globe. While most of the global protest movements were forced to go underground (or into the ether), the Black Lives Matter movement surged in the United States and drew massive amounts of support both domestically and abroad, suggesting a continued wave of grassroots protests. We close with reflections on the continued relevance of walls in a virtual world, the testimonial role that protest graphics play, and the future outlook for revolutionary movements in Chile and worldwide.

Our Navy, the Standard Publication of the U.S. Navy ,1916

The Wars Inside Chile's Barracks Leith Passmore,2017-11-28 A new perspective on Pinochet's repressive regime and its aftermath in Chile, looking at the ambiguous experiences and memories of army draftees who became both criminals and victims in an era of brutality.

Revista general de comunicaciones Cuba. Administracion general de correos,1880

Las guerras dentro de los cuarteles Leith Passmore,2023-01-01 Durante los diecisiete años de la dictadura chilena, más de 370.000 jóvenes varones, casi exclusivamente de hogares humildes, pasaron por los cuarteles como conscriptos. En la primera década del siglo XXI, cerca de 100.000 de ellos comenzaron a romper su silencio y se movilizaron como parte de un movimiento de exconscriptos, buscando pensiones, beneficios y reconocimiento como víctimas del régimen militar. Basado en testimonios, entrevistas, documentos inéditos y notas de campo, este libro analiza las memorias del servicio militar que emergieron con el movimiento en el siglo XXI y que revelan cómo se libraron las guerras de Pinochet en el interior de los cuarteles entre 1973 y 1990. Los exconscriptos no comparten una interpretación del golpe, ni del régimen militar o de su legado, y las grandes narrativas de la “lucha por la memoria” no son suficientes para entender la memoria exconscripta.
