**Cinderella's Gold Slipper** S. D. Fohr, 2005-03 Samuel D. Fohr holds that the Grimms' tales are not just childish 'fairy tales', but are filled with spiritual symbolism, and as such have value for adults as well as children. Snow White, for example, is a story of creation and spiritual growth, and its message parallels Hindu and Judaic creation myths. Hansel and Gretel and Cinderella both portray the journey back to God. Fohr also looks at recurring themes in the stories, and answers such questions as: Why are giants always evil and dwarves always good? What is the symbolic significance of the hungry wolf who appears in many stories? Exactly what are genies, and why are they always trapped in bottles? A delightful but serious examination of cherished stories, this book reveals new meaning in familiar tales. Also included is an extensive bibliography and an Appendix on the authenticity of the Grimms' tales. The author is a professor of philosophy at the University of Pittsburgh at Bradford. He received his Ph.D. in Philosophy from the University of Michigan and has taught courses in both Western and Eastern Philosophy. He is the author of Adam and Eve: The Spiritual Symbolism of Genesis and Exodus, and editor of more than a dozen volumes of The Collected Works of Rene Guenon. To say that Fohr retrieves fairy tales from the nursery on the one hand, and retrieves them from mere entertainment for adults on the other, is only the start of the matter. Like Freud, Jung, and Levy-Strauss, he recognizes the wisdom folktales embody, but he goes beyond those students of myth in arguing that the authors knew what they were doing: they crafted their tales consciously. This is a courageous and cogent book that goes a long way toward revalidating a literary genre that modernity has irresponsibly trivialized. - Huston Smith, author of The World's Religions, etc.

**Life in Bronze** Amy L. Bacon, 2013-03-19 A disciple of Classical sculpture in a time of pervasive abstract modernism, Lawrence M. Ludtke (1929-2007) of Houston imbued his creations with a sense of movement and realism through his attention to detail, anatomy, and proportion. As a skilled athlete who played professional baseball for the Brooklyn Dodgers organization, Ludtke brought to his art a fascination with musculature and motion that empowered him to capture the living essence of his subjects. As author Amy L. Bacon shows in this sensitive biography, Ludtke's gentle humanity and sensitivity shines through his work; his sculpture truly projects character, purpose, and personality. Ludtke, a Fellow in the National Sculpture Society (US) and a Corresponding Member of the Royal Academy of British Sculptors, became well-known for his portrait and figurative art. His works grace the halls and grounds of the United States Air Force Academy, Johns Hopkins Medical School, Rice University, Texas A&M

University, CIA headquarters, the National Cowboy Hall of Fame, the Pentagon, Lyndon Baines Johnson Presidential Library, and the National Battlefield Park at Gettysburg, Pennsylvania. He has also created significant liturgical art, most notably a life-size Pietá for St. Mary's Seminary in Houston and a Christ and Child for Travis Park Methodist Church in San Antonio. Based on personal interviews with the artist as well as his family, friends, colleagues, and patrons such as H. Ross Perot, Life in Bronze: Lawrence M. Ludtke, Sculptor places Ludtke's art within the context of the American figurative art tradition. The author explains how Ludtke was influenced by Italian-born Pompeo Coppini, whose monumental art has especially marked Texas and whose clay Ludtke inherited and used as his own favored modeling medium. Bacon meticulously details how Ludtke's research into the lives and careers of his subjects was married to his attention to technique and talent. His own life story figures crucially in the creation of those character studies his sculptures so beautifully represent.

**A Dakota Rod and Nimrod** Roger Wiltz,2017-06-20 It was early fall 1973, and I was the high school principal in Burke, South Dakota. Around dawn, I had gone fishing in one of the areas many stock dams in an effort to catch a few bass before my workday began. I caught a good-sized bass, and I took it to Fernaus Grocery for official weighing. It went 5 lbs. 9 oz. Apparently, the word was out. During the course of the day, Pries Fahrenbacher, owner and publisher of the Burke Gazette, called and asked if I still had the bass. He wanted a picture and a brief account of how I had caught the fish. I obliged, and it was in the following weeks newspaper. Shortly thereafter, Pries told me that people enjoyed the story and asked if I would consider penning a weekly column. I welcomed the opportunity, and it wasn't long before other area papers wanted to subscribe. Forty-four years later, I decided to put some of the columns in a book along with a number of short stories written over the years. That brings us to the present. While a very modest writing income is a plus, I much enjoy writing my column, and I look forward to knocking out a new one every week. Local history fascinates me, and telling a little-known story about my surroundings is also rewarding, hence, the people and places section. I'm neither a talented hunter nor a great fisherman, but I do have enthusiasm. I also believe that for a guy who likes to hunt and fish, South Dakota can't be beaten. Just about everything that can be hunted in South Dakota is at least touched on in this book. These include antelope, deer, elk, buffalo, coyote, bobcat, fox, mountain lion, rabbits, pheasants, ducks, geese, grouse, and prairie chickens. I'm also curious about what's over the next hill. In choosing between a new pickup truck vs. a hunt in Argentina, I'll continue to drive my twelve-year-old Dodge Dakota rather than a late model. A guy living on South Dakota teacher retirement checks and social security looks for creative ways to hunt and fish foreign soil. To that end, I've been successful as many of the hunts and fishing trips from beyond Dakota borders fill this category. At the present time, the outfitters mentioned in this book remain in business. I strongly recommend all of them. Today, essential tremor and peripheral neuropathy cause me a great deal of difficulty when I hunt or fish. In shooting a rifle, I must have a rock solid anchor. I must not touch the trigger until my scope reticle is glued to my target, and I pass on most shots. Numb legs and poor balance prevent me from navigating slopes. I'm a long way from being a role model, but it would have been easy to quit. Don't allow some minor handicap keep you from the field or lake. I've discovered that most fellow sportsmen and women are anxious to assist in any way they can. Hopefully, you'll enjoy this book.

**The Quest for Regional Integration in the Twenty First Century** Joram Mukama Biswaro,2012 In the last five decades, the world has witnessed dramatic changes. The Cold War has ended, and geopolitical relations among the major powers have been generally stable and tranquil.

Moreover, the demise of colonialism has allowed newly independent countries to play a greater role in the international arena, and countries that used to be foes have now joined hands to develop their economies and raise the living standards of their peoples. At the same time, economic integration, both regional and global, has taken a strong hold. There is a growing realization that, for the survival of the modern world, with increasing cross-national links and externalities, global cooperation is a necessity. The opponents of integration argue that it is merely a guise for exploiting people in developing countries, which will cause massive disruptions of lives and with few benefits to the poor. Its proponents, however, point to the significantly reduced levels of poverty in countries that have adopted economic integration, such as China, India, Vietnam, Brazil, Chile, South Africa, Tanzania, and others. The EU experience is a successful example of integrating national economies, but how far should those promoting regional integration in Africa and other regions look to the EU as a model? Can regional and global integration proceed harmoniously? The journey towards fully-fledged regional integration in Africa and beyond could be long, rough and tough. Challenges and fears are enormous, but hopes, opportunities and prospects are immense. From this study it can be further concluded that Regional Integration and Cooperation in the 21st century is a reality and relevant.

**Quest for the Unity of Knowledge** David Lowenthal, 2018-11-01 Is unity of knowledge possible? Is it desirable? Two rival visions clash. One seeks a single way of explaining everything known and knowable about ourselves and the universe. The other champions diverse modes of understanding served by disparate kinds of evidence. Contrary views pit science against the arts and humanities. Scientists generally laud and seek convergence. Artists and humanists deplore amalgamation as a threat to humane values. These opposing perspectives flamed into hostility in the 1950s Two Cultures clash. They culminate today in new efforts to conjoin insights into physical nature and human culture, and new fears lest such syntheses submerge what the arts and humanities most value. This book, stemming from David Lowenthal's inaugural Stockholm Archipelago Lectures, explores the Two Cultures quarrel's underlying ideologies. Lowenthal shows how ingrained bias toward unity or diversity shapes major issues in education, religion, genetics, race relations, heritage governance, and environmental policy. Aimed at a general academic audience, *Quest for the Unity of Knowledge* especially targets those in conservation, ecology, history of ideas, museology, and heritage studies.

Young Willie is on the run, having fled his small Texas farm when an infamous local landowner murdered his father. A man named Loving takes him in and trains him in the fine arts of shooting, riding, reading, and gardening. When Loving dies, Willie re-christens himself Nat Love in tribute to his mentor, and heads west. In Deadwood, South Dakota Territory, Nat becomes a Buffalo Soldier and is befriended by Wild Bill Hickok. After winning a famous shooting match, Nat's peerless marksmanship and charm earn him the nickname Deadwood Dick, as well as a beautiful woman. But the hellhounds are still on his trail, and they brutally attack Nat Love's love. Pursuing the men who have driven his wife mad, Nat heads south for a final, deadly showdown against those who would strip him of his home, his love, his freedom, and his life.
