**Paragliding** Daniel Snell,2017-02-14 Fly Like a Bird - Paragliding Are you the kind of person who enjoys the thrill of adrenaline pumping through your body? Are you constantly on the lookout for some new excitement or adventure? Let's face it; your working life can

be really boring at times, especially if you have one of those desk jobs that require sitting for long periods of time. Sometimes you can almost feel those muscles atrophying. To compensate, you just have to get out and do something active at the weekends. Learning a new sport or hobby is a great way to let off steam and get some exercise at the same time. If that new sport contains just a tiny element of danger it seems even more attractive. Or maybe you just love nature and want to get out into the wilds to enjoy the peace and quiet. Finding a sport that will let you both get some much-needed exercise and enjoy nature all at the same time is not difficult. Just think: Paragliding! Paragliding is not a difficult sport to learn. It does not take hours of practice like learning to play tennis well does. You can learn to paraglide in a weekend or two. This eBook, -Fly Like a Bird - Paragliding- will explain all about it. But wait! What exactly IS paragliding? Paragliding is flying! But it is flying with a special wing to help you sail through the sky. It uses a specially made wing that is attached to the paraglider via a harness. The paraglider runs downhill to inflate the wing which then gently lifts him or her off the ground. Naturally you have to learn how to do this properly - and how to land safely. But such lessons are easily available and of a reasonable price. Just imagine floating through the silent atmosphere just like an eagle. You will be at one with nature in a way that few other sports allow. You can learn how to turn the paraglider and make it do all kinds of things once you get proficient. There are several different forms of paragliding. This eBook -Fly Like a Bird - Paragliding- will explain them all and introduce you to all the basics. You will find out everything you need to know about the exciting sport of paragliding. You'll learn where to get lessons and where to go to enjoy your flight. Take a peek at the chapter headings: 1.Paragliding

She is a child of the Seventies who feels misled by the rebellious boomer generation and disappointed with life in 1980s New Jersey. Spurred by the tale of her pioneering grandparents, who immigrated to Montana, and following her friend Madeleine, who has

all the answers, Lori quits her job, loosens her ties, and sets off into a wild frontier. Lori's story is one of love for people and for places that are more mythic than real. Her pursuit is as painfully familiar as it is impossible: she seeks meaning in life while working dead-end jobs, falls in love with uninterested partners, and plans a future that seems doomed from the start. Somehow, though, she persists and ultimately finds her place as a twenty-first-century pioneer.

**Flying Off Everest** Dave Costello, 2014-05-06 Perched impossibly on a ridge overlooking a 10,000-foot drop into Tibet, Sano Babu Sunuwar and Lakpa Tsheri Sherpa wait. Heel to toe, connected at the waist by a pair of carabineers that's connected to nothing else, they stare down the North Face of Mount Everest, a red and white nylon tandem paragliding wing fluttering behind them. They know that jumping off the top of the world marks only the beginning of a longer, more audacious journey. And they know that the two-mile ride down Everest will be the easiest part. If the jump doesn't kill them. In April 2011 the two unsponsored Nepalis set out on an unprecedented expedition to climb Everest, paraglide from its peak, and paddle nearly 400 miles to the ocean. Little problems wouldn't stop them. Like the fact that Babu had no technical climbing experience. And that Lakpa had never been kayaking—or swimming. But after summiting, surviving their flight off the world's tallest mountain, and being arrested, robbed, and nearly drowned—repeatedly—the two friends discovered their adventure had only just begun.
