**Classic Routes: the World's Best Hang Gliding and Paragliding Cross Country Routes** Bob Drury, Marcus King, Ed Ewing, 2014-07-01 Described as the new bible for pilots Classic Routes is the ultimate guidebook to the world's ultimate free flight destinations. Whether you fly a lightweight paraglider or a topless hang glider, there is something in this book for you. Published by the makers of Cross Country Magazine, the international paragliding and hang gliding magazine, and edited by Bob Drury, Classic Routes is a unique tour through 20 of the world's premier free flight destinations. From the classic 90km Bingara Run in Manilla, Australia, to flying the convergence line in Piedrahita, Spain, to the Grand Tour of Annecy to chasing miles in Governador Valadares, Brazil, many of the world's best-known sites are all in here. Each chapter is written by a pilot who has flown the route and is familiar with the territory. They explain how you can fly it too, and what to look for along the way. House thermals are pointed out, secret glide lines explained, intricate meteorology unravelled and local rules unveiled. However, you don't have to be embarking on a world tour to get full advantage of Classic Routes. The book stands alone as a unique teaching and learning aid, explaining better than any textbook how to fly cross country. It lets you see inside the heads of pilots like Will Gadd or Jocky Sanderson as they reveal the tricks of their trade and share their secrets. The print version of Classic Routes is a classic coffee table book, with beautiful photography laid out over 200 pages. This digital version has been reformatted specifically for the Kindle, and features all the articles and chapters just as they are in the book, but without all the gorgeous photos available in the print version. You don't have to be an adventure sports enthusiast or an extreme sports addict to enjoy this book, or even a paraglider pilot or hang glider pilot – armchair travellers and sofa adventurers will enjoy the well written tales, which are written by some of the best writers in the sport. The list of places featured and who wrote them includes: Americas Will Gadd steps into the Rocky Mountain Trench for a 100km classic in Golden, Canada Nate Scales tip-toes 75km through Idaho's Sun Valley, USA Mitch McAleer rides the ridges of California's Lake Elsinore Jocky Sanderson goes 100km dot-to-dot from Governador Valadares, Brazil Europe Simon Coe and Arne Kristian Boiesen go troll hunting in Norway's mountains Bob Drury shrugs off the rain for a classic tour of Snowdonia, Wales Hugh Miller dodges airspace and chases cloudbase as he boots it downwind across the flats from Combe Gibbet in England Matthew Whittall swaps his office BlackBerry for a vario on a 100km tour of King Ludwig's castles in Bavaria Kelly Farina flies an FAI triangle in Austria's 'racing valley', the Zillertal Felix Wolk top-lands Marmolada on his hang glider Roland Mader dares to ride the giant for a 200km FAI triangle starting from Fiesch, Switzerland J C Skiera surfs the limestone cliffs around Annecy's Grand Tour du Lac Marcus King goes into the freezer on a 100km blast through the Ecrins in France Bob Drury rides wild horses on the 100km Dormillouse Run in southern France Bob Drury flies a blinder using the classic convergence in Piedrahita, Spain Rest of the world Greg Hamerton goes for 133km in Porterville, South Africa's most popular site Adam Hill takes us by the hand around the Korchon Circuit in Pokhara, Nepal Jim Mallinson flies along the mountains from Bir to Dharamsala on an Indian Himalayan classic Download your copy now – reading means learning, and learning helps you fly better. *Paragliding* Source Wikipedia,2013-09 Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online. Pages: 27. Chapters: Airways Airports, British Hang Gliding and Paragliding Association, Bruce Goldsmith, Cloud suck, Judy Leden, Online Contest (gliders), Paragliding at the 2008 Asian Beach Games, Paragliding World Cup, Parahawking, Paramotor, Powered paragliding, Red Bull X-Alps, South African Hanggliding and Paragliding Association, USHPA, USPPA, Will Gadd. Excerpt: Paragliding is the recreational and competitive adventure sport of flying paragliders: lightweight, free-flying, foot-launched glider aircraft with no rigid primary structure. The pilot sits in a harness suspended below a hollow fabric wing whose shape is formed by its suspension lines, the pressure of air entering vents in the front of the wing and the aerodynamic forces of the air flowing over the outside. Despite not using an engine, paraglider flights can last many hours and cover many hundreds of kilometres, though flights of 1-2 hours and covering some tens of kilometres are more the norm. By skilful exploitation of sources of lift the pilot may gain height, often climbing to altitudes of a few thousand metres. Paragliders are unique among soaring aircraft in being easily portable. The complete equipment packs into a rucksack and can be carried easily on the pilot's back, in a car, or on public transport. In comparison with other air sports this substantially simplifies travel to a suitable takeoff spot, the selection of a landing place and return travel. Paragliding is related to the following activities: In 1952 Domina Jalbert advanced governable gliding parachutes with multi-cells and controls for lateral glide. In 1954, Walter Neumark predicted (in an article in *Flight* magazine) a time when a glider pilot would be able to launch himself by running over the edge of a cliff or down a slope ... whether on a rock-climbing holiday in Skye or ski-ing in the...

**Head in the Clouds: The Best Stories From 50 Years of Free Flying** Hugh Miller, Andrew Craig, 2023-09-11 Head in The Clouds captures the heart and soul of free flying. It is a unique collection of stories and essays that documents the first 50 years of free flying – the adventure sports of paragliding and hang gliding. Since the pioneer hang glider pilots took their first tentative steps into the air in the 1970s, free-flight pilots have enjoyed a golden age. Face in the breeze, arms outstretched, following the birds and soaring high up to the clouds. For 50 years we've chased and achieved humankind's oldest dream. In this hardback collection of 50 stories, pilots describe the highs and lows in free flying firsthand: from the beauty of sunset soaring in the mountains to tales of epic adventure and the fight for survival. Whether traversing the Himalaya, being swept to 20,000ft inside a storm cloud and surviving, or simply the sheer fun of thermalling like a bird to the clouds, the stories convey the joys and challenges of this unique sport, which is enjoyed by tens of thousands of people worldwide. The book is edited by one of Britain's best paraglider pilots Hugh Miller and former BBC journalist Andrew Craig who between them have more than 50 years of free-flight experience. As Hugh says: "Free flying is adventure and exploration at its best. These stories represent the very best of our sport, the heart and soul of free flying." Head in the Clouds has been received with much critical acclaim, including being listed as one of the top 10 outdoor books of 2023 by The Scotsman, Scotland's national newspaper.
