

Paragliding Map Pro

Isabel Albiston

Paragliding: The Beginner's Guide Bastienne Wentzel, Ed Ewing, If you're interested in paragliding or have already started training, this book is what you need. It includes: Learn the essentials of keeping safe – like how turbulence forms behind hills and terrain – through to the intricacies of thermalling with birds of prey, thousands of feet high. All the know-how to help guide you from your first thrilling, ground-skimming flights to aerobatic manoeuvres and beyond. Follows the teaching syllabuses of the BHPA (UK), USHPA (USA) and other national paragliding bodies, including Canada, South Africa, Australia and New Zealand. What the experts say: “Absolutely bang up to date. Its high standard of writing conveys intricate concepts in an easy-to-understand way. The layout, technical illustrations and time-lapse photography combine to produce a very aesthetically pleasing result” – Steve Uzochukwu, Skywings Magazine, BHPA “As a new pilot entering this beautiful 3D game, it'd take years of research and conversations with experts to glean all the information this book provides in its 300+ pages. Coupled with an easy reading style, this book is an absolute must” – Wally Arcidiacono, Bright Flight Paragliding, Australia “Paragliding: The Beginner's Guide is essential reading for all our students” – Jess Cox, Chief Flying Instructor, Fly Sussex, UK “This book is now standard issue to all of our beginning flight students” – Brad Hill, Discover Paragliding, USA 340 pages of comprehensive instruction and information including: Understanding the air Learn how the air moves and what happens when you fly through it on a paraglider. Aerology is essential to keeping you safe and helping you pass your flying exams, and diagrams and easy-to-read explanations throughout make everything clear. All the gear you need Understand the difference between different types of paragliders and harnesses. Learn about flying instruments, helmets and reserve parachutes – as well as specialist kit for acro, accuracy, hiking, mountaineering and powered paragliding. Getting started How does a wing fly? What happens on a paragliding training course? How do you safely launch a paraglider in different conditions? Turn? How do you come down? The book answers all the new-pilot questions in a straightforward, easy-to-understand way. Learning about the weather The book is an excellent meteorology primer, explaining weather systems and the art of forecasting. You'll learn to read the clouds and the sky, how valleys and hills affect the wind, and how to use apps and other technology to your full advantage. Becoming a qualified pilot Learning to fly independently from an instructor is when your learning curve really takes off. So it's time to learn advanced manoeuvres that will keep you safe in a range of conditions. In the book you'll learn about advanced training, techniques, and safety clinics. Going places Air law and airspace can be a dry topic, but here the editors have made the essentials really simple and clear so you can stay safe – and legal. Also, find out about the different kinds of instruments available – from basic altimeters to hi-tech flight computers. Getting your licence Paraglider pilot training across the world follows the same basic principles. The book follows the broad teaching curricula of the BHPA (UK), USHPA (USA) and other national paragliding organisations, including Canada, South Africa, Australia and New Zealand, so it's suitable for pilots worldwide. The story of paragliding From pioneers to world record flights. Learn how paragliding grew from an experimental activity in the French Alps to the incredible adventure sport it is today, enjoyed by an estimated 125,000 qualified pilots worldwide.

It's everywhere, and it's telling entire generations of people how to travel the world.' □ Fairfax Media (Australia)

Hang Gliding and Paragliding Handbook for Australian Pilots Rob Holmes, 2012

Classic Routes: the World's Best Hang Gliding and Paragliding Cross Country Routes Bob Drury, Marcus King, Ed Ewing, 2014-07-01 Described as the new bible for pilots Classic Routes is the ultimate guidebook to the world's ultimate free flight destinations. Whether you fly a lightweight paraglider or a topless hang glider, there is something in this book for you. Published by the makers of Cross Country Magazine, the international paragliding and hang gliding magazine, and edited by Bob Drury, Classic Routes is a unique tour through 20 of the world's premier free flight destinations. From the classic 90km Bingara Run in Manilla, Australia, to flying the convergence line in Piedrahita, Spain, to the Grand Tour of Annecy to chasing miles in Governador Valadares, Brazil, many of the world's best-known sites are all in here. Each chapter is written by a pilot who has flown the route and is familiar with the territory. They explain how you can fly it too, and what to look for along the way. House thermals are pointed out, secret glide lines explained, intricate meteorology unravelled and local rules unveiled. However, you don't have to be embarking on a world tour to get full advantage of Classic Routes. The book stands alone as a unique teaching and learning aid, explaining better than any textbook how to fly cross country. It lets you see inside the heads of pilots like Will Gadd or Jocky Sanderson as they reveal the tricks of their trade and share their secrets. The print version of Classic Routes is a classic coffee table book, with beautiful photography laid out over 200 pages. This digital version has been reformatted specifically for the Kindle, and features all the articles and chapters just as they are in the book, but without all the gorgeous photos available in the print version. You don't have to be an adventure sports enthusiast or an extreme sports addict to enjoy this book, or even a paraglider pilot or hang glider pilot – armchair travellers and sofa adventurers will enjoy the well written tales, which are written by some of the best writers in the sport. The list of places featured and who wrote them includes: Americas Will Gadd steps into the Rocky Mountain Trench for a 100km classic in Golden, Canada Nate Scales tip-toes 75km through Idaho's Sun Valley, USA Mitch McAleer rides the ridges of California's Lake Elsinore Jocky Sanderson goes 100km dot-to-dot from Governador Valadares, Brazil Europe Simon Coe and Arne Kristian Boiesen go troll hunting in Norway's mountains Bob Drury shrugs off the rain for a classic tour of Snowdonia, Wales Hugh Miller dodges airspace and chases cloudbase as he boots it downwind across the flats from Combe Gibbet in England Matthew Whittall swaps his office BlackBerry for a vario on a 100km tour of King Ludwig's castles in Bavaria Kelly Farina flies an FAI triangle in Austria's 'racing valley', the Zillertal Felix Wolk top-lands Marmolada on his hang glider Roland Mader dares to ride the giant for a 200km FAI triangle starting from Fiesch, Switzerland J C Skiera surfs the limestone cliffs around Annecy's Grand Tour du Lac Marcus King goes into the freezer on a 100km blast through the Ecrins in France Bob Drury rides wild horses on the 100km Dormillouse Run in southern France Bob Drury flies a blinder using the classic convergence in Piedrahita, Spain Rest of the world Greg Hamerton goes for 133km in Porterville, South Africa's most popular site Adam Hill takes us by the hand around the Korchon Circuit in Pokhara, Nepal Jim Mallinson flies along the mountains from Bir to Dharamsala on an Indian Himalayan classic Download your copy now – reading means learning, and learning helps you fly better. Blue Skies! The Classic Routes Team
