About the Fiction Book Comes with 10+ illustrationsA mysterious murder on a flying express train, a wily Italian, a charming woman caught in the meshes of circumstantial evidence, a chivalrous Englishman, and a police force with a keen nose for the wrong clue, are the ingredients from which Major Griffiths has concocted a clever, up-to-date detective story. First published in 1896, this is a fictional account of nine people aboard an express train sleeping car most of whom awake near the end of their journey from Rome to Paris to learn that one of their number has suffered death by a stab wound to the heart. Two are French businessmen, two are English brothers- a General and a clergyman, two are women- an attractive widow and her maid.The conductor, a Dutchman named Groote, has made trouble for the widow and her maid by insisting that the maid not be in the sleeping car too much as she has no sleeping car ticket. Two other men are aboard, one of whom is the dead man. The police inspectors arrive at the Paris train station, the Gare de Lyon, and present the reader with a delicious comedy of errors as they apply their rigid methods in an unavailing attempt to find out what happened. In the midst of this the General and the lovely widow, already friends for some months(having met in Rome) discover that they love each other. An artful blend of narration, misdirection and well-timed revelations maintain interest in this diverting story all the way to the end.

All the Light We Cannot See Anthony Doerr,2014-05-06 *NOW A NETFLIX LIMITED SERIES—from producer and director Shawn Levy (Stranger Things) starring Mark Ruffalo, Hugh Laurie, and newcomer Aria Mia Loberti* Winner of the Pulitzer Prize and National Book Award finalist, the beloved instant New York Times bestseller and New York Times Book Review Top 10 Book about a blind French girl and a German boy whose paths collide in occupied France as both try to survive the devastation of World War II. Marie-Laure lives with her father in Paris near the Museum of Natural History where he works as the master of its thousands of locks. When she is six, Marie-Laure goes blind and her father builds a perfect miniature of their neighborhood so she can memorize it by touch and navigate her way home. When she is twelve, the Nazis occupy Paris, and father and daughter flee to the walled citadel of Saint-Malo, where Marie-Laure's reclusive great uncle lives in a tall house by the sea. With them they carry what might be the museum's most valuable and dangerous jewel. In a mining town in Germany, the orphan Werner grows up with his younger sister, enchanted by a crude radio they find. Werner becomes an expert at building and fixing these crucial new instruments, a talent that wins him a place at a brutal academy for Hitler Youth, then a special assignment to track the Resistance. More and more aware of the human cost of his intelligence, Werner travels through the heart of the war and, finally, into Saint-Malo, where his story and Marie-Laure's converge. Doerr's "stunning sense of physical detail and gorgeous metaphors" (San Francisco Chronicle) are dazzling. Deftly interweaving the lives of Marie-Laure and Werner, he illuminates the ways, against all odds, people try to be good to one another. Ten years in the writing, *All the Light We Cannot See* is a magnificent, deeply moving novel from a writer "whose sentences never fail to thrill" (Los Angeles Times).

Man, Play, and Games Roger Caillois,2001 According to Roger Caillois, play is an occasion of pure waste. In spite of this - or because of it - play constitutes an essential element of human social and spiritual development. In this study, the author defines play as a free and voluntary activity that occurs in a pure space, isolated and protected from the rest of life.

Goodbye, Vitamin Rachel Khong,2017-07-11 Named a Best Book of the Year by NPR, O, The Oprah Magazine, Vogue, San Francisco Chronicle, Esquire, Huffington Post, Nylon, Entertainment Weekly, BuzzFeed, Booklist, and The Independent Winner of the California Book Award for First Fiction Los Angeles Times Book Prize Finalist for First Fiction A quietly brilliant disquisition . . . told in prose that is so startling in its spare beauty that I found myself thinking about Khong's turns of phrase for days after I finished reading.—Doree Shafrir, The New York Times Book Review One of those rare books that is both devastating and light-hearted, heartfelt and joyful. . . . Don't miss it.—Buzzfeed Hello, Rachel Khong. Kudos for this delectable take on familial devotion and dementia.—NPR Her life at a crossroads, a young woman goes home again in this funny and inescapably moving debut from a wonderfully original new literary voice. Freshly disengaged from her fiancé and feeling that life has not turned out quite the way she planned, thirty-year-old Ruth quits her job, leaves town and arrives at her parents' home to find that situation more complicated than she'd realized. Her father, a prominent history professor, is losing his memory and is only erratically lucid. Ruth's mother, meanwhile, is lucidly erratic. But as Ruth's father's condition intensifies, the comedy in her situation takes hold, gently transforming her all her grief. Told in captivating glimpses and drawn from a deep well of insight, humor, and unexpected tenderness, *Goodbye, Vitamin* pilots through the loss, love, and absurdity of finding one's footing in this life.

To the Lighthouse Virginia Woolf,2023-01-01 This landmark work of modernist literature explores the inner lives of a typical English family while vividly exploring the nature of loss and memory. Following her celebrated masterpiece *Mrs. Dalloway*, Virginia Woolf continues to develop her groundbreaking stream-of-consciousness technique in *To the Lighthouse*. Every summer, the Ramsey family returns to the Isle of Skye for a tranquil holiday, where the imposing lighthouse seems to promise everlasting constancy. But as their idyllic holiday confronts the realities of World War I, the Ramseys must also face the inescapable nature of change. A profound evocation of marriage, parenthood, aging, and grief, *To the Lighthouse* is regarded as one of the greatest novels of the twentieth century.

Paris to the Moon Adam Gopnik,2001-12-18 Paris. The name alone conjures images of chestnut-lined boulevards, sidewalk cafés, breathtaking façades around every corner--in short, an exquisite romanticism that has captured the American imagination for as long as there have been Americans. In 1995, Adam Gopnik, his wife, and their infant son left the familiar comforts and hassles of New York City for the urbane glamour of the City of Light.

Gopnik is a longtime New Yorker writer, and the magazine has sent its writers to Paris for decades--but his was above all a personal pilgrimage to the place that had for so long been the undisputed capital of everything cultural and beautiful. It was also the opportunity to raise a child who would know what it was to romp in the Luxembourg Gardens, to enjoy a croque monsieur in a Left Bank café--a child (and perhaps a father, too) who would have a grasp of that Parisian sense of style we Americans find so elusive. So, in the grand tradition of the American abroad, Gopnik walked the paths of the Tuileries, enjoyed philosophical discussions at his local bistro, wrote as violet twilight fell on the arrondissements. Of course, as readers of Gopnik's beloved and award-winning Paris Journals in The New Yorker know, there was also the matter of raising a child and carrying on with day-to-day, not-so-fabled life. Evenings with French intellectuals preceded middle-of-the-night baby feedings; afternoons were filled with trips to the Musée d'Orsay and pinball games; weekday leftovers were eaten while three-star chefs debated a culinary crisis. As Gopnik describes in this funny and tender book, the dual processes of navigating a foreign city and becoming a parent are not completely dissimilar journeys--both hold new routines, new languages, a new set of rules by which everyday life is lived. With singular wit and insight, Gopnik weaves the magical with the mundane in a wholly delightful, often hilarious look at what it was to be an American family man in Paris at the end of the twentieth century. We went to Paris for a sentimental reeducation--I did anyway--even though the sentiments we were instructed in were not the ones we were expecting to learn, which I believe is why they call it an education.

Blackout Sarah Hepola,2015-06-23 A memoir of unblinking honesty and poignant, laugh-out-loud humor, Blackout is the story of a woman stumbling into a new kind of adventure -- the sober life she never wanted. For Sarah Hepola, alcohol was the gasoline of all adventure. She spent her evenings at cocktail parties and dark bars where she proudly stayed till last call. Drinking felt like freedom, part of her birthright as a strong, enlightened twenty-first-century woman. But there was a price. She often blacked out, waking up with a blank space where four hours should be. Mornings became detective work on her own life. What did I say last night? How did I meet that guy? She apologized for things she couldn't remember doing, as though she were cleaning up after an evil twin. Publicly, she covered her shame with self-deprecating jokes, and her career flourished, but as the blackouts accumulated, she could no longer avoid a sinking truth. The fuel she thought she needed was draining her spirit instead. A memoir of unblinking honesty and poignant, laugh-out-loud humor, Blackout is the story of a woman stumbling into a new kind of adventure -- the sober life she never wanted. Shining a light into her blackouts, she discovers the person she buried, as well as the confidence, intimacy, and creativity she once believed came only from a bottle. Her tale will resonate with anyone who has been forced to reinvent or struggled in the face of necessary change. It's about giving up the thing you cherish most -- but getting yourself back in return.

My Therapist Says My Therapist Says,2020-10-06 From the team behind the super-popular Instagram @MyTherapistSays comes this humorous guide that chronicles the exhausting task of navigating the daily, anxiety-ridden struggle that we fondly call life. Including hilarious memes MTS is known and loved for, along with checklists, prompts, questions from readers, and more, My Therapist Says is the guide you need to achieve your goals, one wrong turn at a time. Have you ever wanted something, pursued it (albeit not quite as gracefully as you would've hoped), failed, and then genuinely asked yourself the question, "Am I delusional?" Well, that's how I began penning this magnum opus. Like the Buddhist's have their Tripitaka, you have...moi. And my therapist, though it's unlikely she'll admit this in public. On the receiving end of a ghosting session? Needing a way to leave a work function without looking like a buzzkill? Having a hard time developing amnesia about your last relationship? Fear not, as I cover everything from circumstantial etiquette to blissful delusion when necessary. So, grab a pen, a box of tissues, a glass of wine, and your bestie, because sh*t is about to get real. And remember, be yourself, be kind, and all that jazz, unless you're a Susan*. If that's the case, try to be literally anyone else. Ugh, my therapist hates that I wrote that. *Susan: Noun and verb. Unpleasant, annoying, and delusional, the Susan is somebody who is literally awful in every way, is liked by no one, but has no clue, no matter how many open clues you give her. If you roll your eyes at this, you're probably a Susan. Uses: Susaning, Susanism. Losing Earth Nathaniel Rich,2020-03-05 By 1979, we knew all that we know now about the science of climate change - what was happening, why it was happening, and how to stop it. Over the next ten years, we had the very real opportunity to stop it. Obviously, we failed.Nathaniel Rich's groundbreaking account of that failure - and how tantalizingly close we came to signing binding treaties that would have saved us all before the fossil fuels industry and politicians committed to anti-scientific denialism - is already a journalistic blockbuster, a full issue of the New York Times Magazine that has earned favorable comparisons to Rachel Carson's Silent Spring and John Hersey's Hiroshima. Rich has become an instant, in-demand expert and speaker. A major movie deal is already in place. It is the story, perhaps, that can shift the conversation.In the book Losing Earth, Rich is able to provide more of the context for what did - and didn't - happen in the 1980s and, more important, is able to carry the story fully into the present day and wrestle with what those past failures mean for us in 2019. It is not just an agonizing revelation of historical missed opportunities, but a clear-eyed and eloquent assessment of how we got to now, and what we can and must do before it's truly too late.
