**The Mobile Home Park Manifesto** Glenn D Esterson,2019-12-13 The mobile home park industry might be the last thing you ever thought of investing in. It likely wasn't even on your investment radar until the last couple of years. The MHP niche is one of the last real estate verticals that still has all the right fundamentals for a highly profitable situation. If you are looking for a painless, brainless, easy-peasy investment, you might want to return this book and get a refund. MHP investing is not for the faint of heart and many have lost in this game, but many more have made millions in a very short time by following some simple yet uncommon rules.Achieving near 20% returns in year 1 happens every day, in year 2 north of 30%, and final exits can be more than 3-5 times what you have into it in just a few years, if done properly. The risk exposure however is high and often you will need to bring a good amount of capital above and beyond the purchase price of the park to fix all the deferred maintenance and the general ugly on your new investment.It is my goal that this guide provides readers with useful and actionable insight to operating a mobile home park. This book has been created for simply one thing, to help you be more successful in the MHP world. I know I wish I had a book on it when I bought my first park in 2004 because I probably wouldn't have purchased that particular park.I have been a salesman for nearly my entire life, starting in grade school. I would buy candy at wholesale prices and sell those gumdrops and lollipops to my fellow students for above retail value. As an adult I have been a mobile home park owner and operator, a commercial real estate broker for nearly two decades and a lifelong entrepreneur. I have had successful businesses in Shiitake Farming, Cannabis industry, Direct investments and traditional property management in some of the hardest hoods in the south. I have found my purpose through helping others achieve financial freedom by being the best advisor I can be. I have helped countless clients acquire and dispose of their investment vehicles over my career and take pride in being one of the most informed brokers in my industry.If you are thinking of entering the MHP world or if you are already well-immersed in the industry, I want to help you. I want to see you succeed. I want to help you achieve financial freedom. I want to be so useful to you that I am your first call for anything MHP related. I have been through more transactions, more market cycles and more ups and downs than your typical commercial broker because I am not your typical broker, I am a tried and true advisor for the MHP industry. By the end of this book you should have a more comprehensive understanding of the industry, the tools to navigate the industry and the know-how on implementing winning strategies from the start. There is a steep learning curve in this business, and I aim to help you achieve a stable footing in what is currently the wild west of real estate.It is not too late to still get a good deal. The industry is still ripe for the picking if you know where to look and how to negotiate. Don't be tricked to jumping in to just any deal as all deals are not created equal. The information in this book should help assist you in becoming able to confidently evaluate a deal and recognize the opportunities and pitfalls of each deal. And, if you still need more help, please do not hesitate to call me for no-nonsense guidance. The advisory services I provide are free so don't be afraid to contact me. Like I said earlier, I want to be so useful for you that I am your first call for anything MHP related. Good luck and good hunting!

**The New Investor's Guide to Owning a Mobile Home Park** Laura Cochran,2013-08-15 The New Investor's Guide To Owning A Mobile Home Park: Why mobile home park ownership is the best investment in this economy and step by step instructions how to acquire and manage a profitable park Multi-park owner and manager of her own mobile home parks, Laura Cochran, believes that owning a mobile home park is the best investment and attainable for anyone who wants to add a mobile home park investment to his or her portfolio. Purchasing a mobile home park is in my opinion, and based on my own twenty-two years of real estate and mobile home park investing, the best alternative investment for the serious investor. I think every investor should own a mobile home park, and here is why: -Low to zero vacancy rate -Steady monthly income -Predictable monthly cash flow -Good return on investment -Investor has control over cash flow and vacancy rate -Additional opportunities to increase cash flow through rent raises and eliminating utility bills via pass-through billing -Mobile home parks hold their market value and appreciate in value -There is always a demand for affordable housing found in parks -You retain your initial nest egg that you purchased the park with - your investment dollars are in tact This purchase of The New Investor's Guide To Owning A Mobile Home Park takes you through 25-Chapters of step by step instruction, and includes SIX FREE MONTHS of unlimited park browsing on our exclusive mobile home park website [www.mobilehomeparkinfo.com](http://www.mobilehomeparkinfo.com) as detailed in Chapter Three. Wishing you every success with your continued investing ventures as you research and discover the possibilities of adding a mobile home park to your investments. -author Laura Cochran This Mobile Home Park investor's guide contains the following 25 chapters: Chapter 1 W.O.W. **Martha's Journey** Peg Grimm,2008-07 Martha's Journey, Renascence in a Mobile Home Park is the story of a recently widowed 66 year old. She finds herself alone, adrift, and uncertain. She makes a 1300 mile car trip, a metaphor for the life changing journey she must undertake. The subtitle word renascence represents the reshaping of her thoughts, her fears, and her sadness. In the mobile home park she finds the humorous situations, the pathos, the caring and the sharing of those around her change her outlook, lessen her sadness, and temper her sense of aloneness. This becomes the stage of her new life. She has found her role. Above all she hears laughter and she responds and knows that smiles etch her face. These aging physically hampered old folks still feel life's force. Is that not an irony in itself? And she is grateful.

**The Unknown World of the Mobile Home** John Fraser Hart,Michelle J. Rhodes,John T. Morgan,2002-07-08 In American popular imagination, the mobile home evokes images of cramped interiors, cheap materials, and occupants too poor or unsavory to live anywhere else. Since the 1940s and '50s, however, mobile home manufacturers have improved standards of construction and now present them as an affordable alternative to conventional site-built homes. Today one of every fourteen Americans lives in a mobile home. In The Unknown World of the Mobile Home authors John Fraser Hart, Michelle J. Rhodes, and John T. Morgan illuminate the history and culture of these often misunderstood domiciles. They describe early mobile homes, which were trailers designed to be pulled behind automobiles and which were more often than not poorly constructed and unequal to the needs of those who used them. During the 1970s, however, Congress enacted

federal standards for the quality and safety of mobile homes, which led to innovation in design and the production of much more attractive and durable models. These models now comply with local building codes and many are designed to look like conventional houses. As a result, one out every five new single-family housing units purchased in the United States is a mobile home, sited everywhere from the conventional trailer park to custom-designed estates aimed at young couples and retirees. Despite all these changes in manufacture and design, even the most immobile mobile homes are still sold, financed, regulated, and taxed as vehicles. With a wealth of detail and illustrations, The Unknown World of the Mobile Home provides readers with an in-depth look into this variation on the American dream. -- Karl Raitz, University of Kentucky, author of The National Road

An Insider's Guide to Investing in Mobile Home Parks Andy Tallone,2021-12-28 Mobile Home Parks (MHPs) are red-hot! Real estate investors of every ilk are clamoring to acquire their first parks. Mobile Home Park owners are seeking to expand their portfolios. Asset managers, Real Estate Investment Trusts (REITs), and syndicators are gobbling up huge amounts of MHP inventory. Why all the fuss over Mobile Home Parks?The first reason is that they can be incredible cash-flow machines. Secondly, their low entry cost is very attractive (especially when compared to apartment buildings, for instance). Thirdly, MHPs are famous for their upside potential, which is anything designed to increase the cash flow and/or the value of the park. Upside is not only what most investors seem to want these days, but it's also almost the only choice. In general, the real estate market is currently hotter than a pistol, but the MHP market is even hotter, because MHPs are just now moving toward mainstream acceptance. An Insider's Guide to Investing in Mobile Home Parks was written by an expert inside the MHP business who shares his secrets on how to find and evaluate MHPs, how to run them, and how to turn them around. Very few people have this knowledge, and even fewer are willing to share it. This is your chance to learn everything you need to know about investing in Mobile Home Parks!

**Mobile and the Eastern Shore** Frye Gaillard,Nancy Gaillard,Tracy Gaillard,2003-07-01 To say that Mobile has a rich history is like saying Nashville has a few musicians. The port city has a rich heritage dating back to the 1700's. The oldest city in Alabama, Mobile has seen the rule of the Spanish, the French, the British, the United States, the Confederacy, and the United States again. Mobile was celebrating Mardi Gras before New Orleans. Some of the last fighting of the Civil War took place on a hill outside the city, after Appomattox. Baseball stars Henry Aaron and Satchel Paige even played their first games of baseball in the sandlots here.

**Manufactured Insecurity** Esther Sullivan,2018-08-07 Manufactured Insecurity is the first book of its kind to provide an in-depth investigation of the social, legal, geospatial, and market forces that intersect to create housing insecurity for an entire class of low-income residents. Drawing on rich ethnographic data collected before, during, and after mobile home park closures and community-wide evictions in Florida and Texas—the two states with the largest mobile home populations—Manufactured Insecurity forces social scientists and policymakers to respond to a fundamental question: how do the poor access and retain secure housing in the face of widespread poverty, deepening inequality, and scarce legal protection? With important contributions to urban sociology, housing studies, planning, and public policy, the book provides a broader understanding of inequality and social welfare in the United States today.

*Baseball In Mobile* Joe Cuhaj,Tamra Carraway-Hinckle,2004-01-07 A city wrapped by the Gulf of Mexico's beaches, Mobile has a history as rich as the azalea-saturated soil on which it rests. Recipient of the All-American City distinction, Mobile is home to the original Mardi Gras celebration, the Junior Miss Scholarship Program, the Battleship U.S.S. Alabama, and Hammerin' Hank Aaron. The city's passion for baseball has endured through its tumultuous past, marked by yellow fever, World War II prominence, and the Civil Rights Movement. Spanning from the late 1800s to the present day, Baseball in Mobile recounts the introduction of baseball to the Port City, chronicles the vast talent of Mobile natives who have influenced the sport, and introduces the players and teams of modern Mobile, many of whom are sure to become tomorrow's legends. Historic photographs of the changing baseball landscape are captured in Baseball in Mobile, showcasing the fact that while the fields, uniforms, and teams have changed, the game remains ingrained in Mobile, as constant as the bay that surrounds it.
