*Pizza City* Peter Genovese, 2013-05-13 Pizza is a \$35 billion a year business, and nowhere is it taken more seriously than New York City. Journalist Peter Genovese surveys the city's pizza scene—the food, the business, the culture—by profiling pizza landmarks and personalities and rating pizzerias in all five

boroughs. In this funny, fascinating book, Genovese explores the bloggers who write about New York pizza, the obsessive city dwellers who collect and analyze the delivery boxes, Mark Bello's school where students spend a day making pies from scratch, and Scott Wiener's pizza bus tours. Along the way, readers learn the history of legendary Totunno's on Coney Island (Zagat's number-one pizzeria for 2012), along with behind-the-scenes stories about John's on Bleecker Street, Joe's on Carmine, Lombardi's, Paulie Gee's, Motorino, and more than a dozen other favorite spots and their owners. Throughout these profiles, Genovese presents a brief history of how pizza came to the city in 1905 and developed into a major attraction in Little Italy, a neighborhood that became a training ground for many of the city's best-loved pizzerias. Enjoyable facts and figures abound. Did you know that Americans put 250 million pounds of pepperoni on their pies every year? Or that Domino's has more outlets per capita in Iceland than in any other country? Beyond the stories and tidbits, Genovese provides detailed, borough-by-borough reviews of 250 pizzerias, from simple "slice shops" with scant atmosphere to gourmet pizzerias, including shops that use organic ingredients and experiment with new variations of crusts and toppings. Complemented by hundreds of current and never-before-seen archival photos, the book gives the humble slice its proper due and will leave readers overwhelmed by a sudden desire for New York pizza.

**The United States of Pizza** Craig Priebe, Dianne Jacob, 2015-09-22 Recipes for homegrown pies from all regions of the country. Chef Craig Priebe has scoured the countryside, stopping in promising pizzerias to discover the tastiest pies. Smoked ham and cheddar? Roasted cauliflower and salsa verde? These toppings would be blasphemous in Naples, but in America anything goes—anything that tastes delicious, that is. His findings are collected here—stellar examples representing every style of pizza. What makes this collection of prize recipes especially fun is that each one has its own personality reflecting its local influences.

From Seattle's Serious Pie comes pizza with white bean puree, asparagus, and Parmesan; from Los Angeles's Mozza, squash blossoms with burrata. The legendary Pizzeria Bianco in Phoenix offers up a pie with red onion, rosemary, and Arizona pistachios, while Louisiana Pizza Kitchen brings us one with crawfish étouffé. Also included are blueprints for every type of dough (from Sicilian and sourdough to New York and gluten-free), a range of adaptable base sauces, an introduction covering tools and techniques, and an address book for all the pizzerias featured. The United States of Pizza shows that the country is not so much a melting pot, but instead a giant pie bubbling over with a fabulously diverse array of creative flavor combinations.

**Pizza City, USA** Steve Dolinsky, 2018-09-15 There are few things that Chicagoans feel more passionately about than pizza. **Round of a Country Year** David Kline, 2017-08-15 David Kline has been called a twentieth-century Henry David Thoreau by his friends and contemporaries; an apt comparison given the quiet exuberance with which he records the quotidian goings-on on his organic family farm. Under David's attentive gaze and in his clear, insightful prose the reader is enveloped in the rhythms of farm life; not only the planting and harvesting of crops throughout the year, but the migration patterns of birds, the health and virility of honeybees left nearly to their own devices, the songs and silences of frogs and toads, the disappearance and resurgence of praying mantises in fields-turned woodlands, the search for monarch butterflies in the milkweed. There's rhythm in community, too—neighbors gathering to plant potatoes or to maintain an elderly friend's tomato garden, organic farming conferences and meetings around family dining tables or university panels. Interspersed with local lore (when the spring's first bumblebee appears the children can go barefoot) is deep technical knowledge of cultivation and land management and the hazards of modern agri-business. Kline records statewide meetings of district supervisors, knows which speakers and committee chairmen are in the pockets of the oil and gas lobbyists, stands up and says his part. At a time when America's population is being turned toward the benefits of small, local farming practices on our health and our

environment, Kline's daybook offers a striking example of the ways in which we are connected to our environment, and the pleasure we can take in daily work and stewardship.

During the delay attorney Joy Hawley, who also is late for her meeting, notices a man with a blue novelty tie. She recognizes the writing on the tie as the preamble of the United States Constitution. When Joy is caught staring, she starts a conversation with Dan. She tries to tell him her name, and he tries to tell her his. When the doors open at the station, the ensuing noise muffles their responses. Did you ever feel you had a connection with a stranger? Savoring Gotham Andrew F. Smith, 2015 When it comes to food, there has never been another city quite like New York. The Big Apple--a telling nickname--is the city of 50,000 eateries, of fish wriggling in Chinatown baskets, huge pastrami sandwiches on rye, fizzy egg creams, and frosted black and whites. It is home to possibly the densest concentration of ethnic and regional food establishments in the world, from German and Jewish delis to Greek diners, Brazilian steakhouses, Puerto Rican and Dominican bodegas, halal food carts, Irish pubs, Little Italy, and two Koreatowns (Flushing and Manhattan). This is the city where, if you choose to have Thai for dinner, you might also choose exactly which region of Thailand you wish to dine in. Savoring Gotham weaves the full tapestry of the city's rich gastronomy in nearly 570 accessible, informative A-to-Z entries. Written by nearly 180 of the most notable food experts--most of them New Yorkers--Savoring Gotham addresses the food, people, places, and institutions that have made New York cuisine so wildly diverse and immensely appealing. Reach only a little ways back into the city's ever-changing culinary kaleidoscope and discover automats, the precursor to fast food restaurants, where diners in a hurry dropped nickels into slots to unlock their premade meal of choice. Or travel to the nineteenth century, when oysters cost a few cents and were pulled by the bucketful from the Hudson River. Back then the city was one of the major centers of sugar refining, and of brewing, too--48 breweries once existed in Brooklyn alone, accounting for roughly 10% of all the beer brewed in the United States. Travel further back still and learn of the Native Americans who arrived in the area 5,000 years before New York was New York, and who planted the maize, squash, and beans that European and other settlers to the New World embraced centuries later. Savoring

Gotham covers New York's culinary history, but also some of the most recognizable restaurants, eateries, and culinary personalities today. And it delves into more esoteric culinary realities, such as urban farming, beekeeping, the Three Martini Lunch and the Power Lunch, and novels, movies, and paintings that memorably depict Gotham's foodscapes. From hot dog stands to haute cuisine, each borough is represented. A foreword by Brooklyn Brewery Brewmaster Garrett Oliver and an extensive bibliography round out this sweeping new collection.
