Matt Mason

Minecraft: The Mountain Max Brooks, 2021-03-02 In the thrilling sequel to the New York Times bestselling novel *Minecraft: The Island*, a stranded hero stumbles upon another castaway—and discovers that teamwork might just be the secret to survival. Wandering a vast, icy tundra, the explorer has never felt more alone. Is there anything out here? Did I do the right thing by leaving the safety of my island? Should I give up and go back? So many questions, and no time to ponder—not when dark is falling and dangerous mobs are on the horizon. Gurgling zombies and snarling wolves lurk in the night, and they’re closing in. With nowhere to hide, the lone traveler flees up a mountain, trapped and out of options . . . until a mysterious figure arrives, fighting off the horde singlehandedly. The unexpected savior is Summer, a fellow castaway and master of survival in these frozen wastes. Excited to find another person in this strange, blocky world, the explorer teams up with Summer, whose impressive mountain fortress is a safe haven . . . for now. But teamwork is a new skill for two people used to working alone. If they want to make it home, they will have to learn to work together—or risk losing everything.

Alex Webb and Rebecca Norris Webb on Street Photography

and the Poetic Image Alex Webb, Rebecca Norris Webb, Teju Cole, 2014 In this series, Aperture Foundation works with the world's top photographers to distill their creative approaches, teachings, and insights on photography-offering the workshop experience in a book. Our goal is to inspire photographers of all levels who wish to improve their work, as well as readers interested in deepening their understanding of the art of photography. Each volume is introduced by a well-known student of the featured photographer. In this book, internationally acclaimed color photographers Alex Webb and Rebecca Norris Webb, offer their expert insight into street photography and the poetic image. Through words and photographs-their own and others'-they invite the reader into the heart of their artistic processes. They share their thoughts about a wide range of practical and philosophical issues, from questions about seeing and being in the world with a camera, to how to shape a complete body of work in a way that's both structured and intuitive.

The City at Eye Level Meredith Glaser, 2012 Although rarely explored in academic literature, most inhabitants and visitors interact with an urban landscape on a day-to-day basis is on the street level. Storefronts, first floor apartments, and sidewalks are

the most immediate and common experience of a city. These “plinths” are the ground floors that negotiate between inside and outside, the public and private spheres. *The City at Eye Level* qualitatively evaluates plinths by exploring specific examples from all over the world. Over twenty-five experts investigate the design, land use, and road and foot traffic in rigorously researched essays, case studies, and interviews. These pieces are supplemented by over two hundred beautiful color images and engage not only with issues in design, but also the concerns of urban communities. The editors have put together a comprehensive guide for anyone concerned with improving or building plinths, including planners, building owners, property and shop managers, designers, and architects.

Horse Stable and Riding Arena Design Eileen Fabian

Wheeler, 2008-02-28 Whether you are a veterinarian consulting on how to maintain the integrity of the grain and water in the horse's newly-built stall; or the agricultural engineer who has been asked to design a new state-of-the-art equine shelter; or an animal scientist or horse owner who simply wants the latest, safest, and most up-to-date information on manure management - this book will fulfill your needs! This handy, user-friendly guide answers some of the

toughest questions about equine shelters. Covering everything from preferred building materials such as lighting to flooring in the horse's primary shelter to design and management of a riding arena, this practical reference will guide the reader every step of the way. This practical reference is filled with clear, user-friendly design illustrations and information on ventilation, manure management, fence planning, fire safety, feed storage, bedding requirements, dust control systems, and a myriad of detailed information designed for the comfort, safety, and health of your horse in areas where cold weather is a factor.

In the Shadow of Man Jane Goodall, 2000 The classic study of primates.

The Pirate's Dilemma Matt Mason, 2009-05-05 Explores the influence of youth culture on transforming mainstream society through innovative cooperative venues and modern do-it-yourself values, in a report that reveals what can be learned through the indirect social experiments being performed by today's young artists and entrepreneurs. Reprint.

Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent

some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Barcelona Dreaming Rupert Thomson, 2021-06-01 The Irish Times: Best Book of the Year New York Times Book Review: Editor's Choice The Times (UK): Book of the Week Pick Foreword Reviews: Book of the Day Pick Conde Nast Traveler: Best Book of the Season Pick Set on the eve of the financial crash of 2008, this evocative novel is made up of three stories linked by time and place, and also by the moving, unexpected interactions of a rich cast of characters. *Barcelona Dreaming* is narrated, in turn, by an English woman who runs a gift shop, an alcoholic jazz pianist, and a translator tormented by unrequited love, all of whose lives will be changed forever. Underpinning the novel, and casting a long shadow, is a crime committed against a young Moroccan immigrant. Exploring themes of addiction, racism, celebrity, immigration, and self-delusion, and fueled by a longing for the unattainable and a nostalgia for what is about to be lost, *Barcelona Dreaming* is a love letter to one of the world's most beautiful cities and a powerful and poignant fable for our uncertain times.

Applications of Networks, Sensors and Autonomous Systems Analytics Jyotsna Kumar Mandal, Mike Hinchey, Sabyasachi Sen, Papun Biswas, 2021-11-27 This book presents high-quality research papers presented at International Conference on

Applications of Networks, Sensors and Autonomous Systems Analytics (ICANSAA 2020), held during December, 11 – 12, 2020, at JIS College of Engineering, Kalyani, West Bengal, India. The major topics covered are cyber-physical systems and sensor networks, data analytics and autonomous systems and MEMS and NEMS with applications in biomedical devices. It includes novel and innovative work from experts, practitioners, scientists, and decision-makers from academia and industry.

The Five Gates of Hell Rupert Thomson, 2012-08-30 There were very few land burials in Moon Beach. It was considered old-fashioned, unhealthy and something that only happened to the poor. Instead the dead were buried in ocean cemeteries, twelve miles out. A special festival was held every year in their honour. Children loved it. They were given white chocolate bones, marzipan skulls and ice-cream coffins on a stick. There were costume parties too. You had to wear something blue because that was the colour people went when they were buried under the sea. You could paint your hands and face if you liked, or even dye your hair. That's what people did in Moon Beach. Turned blue once a year. And then they turned blue forever...

Never Anyone But You Rupert Thomson, 2018-06-05 Named a

Best Book of the Year by The Guardian, The Observer, PopMatters, and Sydney Morning Herald. The true story of a love affair between two extraordinary women becomes a literary tour de force in this novel that recreates the surrealist movement in Paris and the horrors of the two world wars with a singular incandescence and intimacy. In the years preceding World War I, two young women meet, by chance, in a provincial town in France. Suzanne Malherbe, a shy seventeen-year-old with a talent for drawing, is completely entranced by the brilliant but troubled Lucie Schwob, who comes from a family of wealthy Jewish intellectuals. They embark on a clandestine love affair, terrified they will be discovered, but then, in an astonishing twist of fate, the mother of one marries the father of the other. As “sisters” they are finally free of suspicion, and, hungry for a more stimulating milieu, they move to Paris at a moment when art, literature, and politics blend in an explosive cocktail. Having reinvented themselves as Claude Cahun and Marcel Moore, they move in the most glamorous social circles, meeting everyone from Hemingway and Dalí to André Breton, and produce provocative photographs that still seem avant-garde today. In the 1930s, with the rise of anti-Semitism and threat of fascism, they leave Paris for Jersey, and it is on this idyllic

island that they confront their destiny, creating a campaign of propaganda against Hitler's occupying forces that will put their lives in jeopardy. Brilliantly imagined, profoundly thought-provoking, and ultimately heartbreaking, *Never Anyone But You* infuses life into a forgotten history as only great literature can.

Advanced Writing with English in Use Hugh Cory, 1999-01 An integrated approach to writing and grammar.

Eren Sarigul , 2021-06 It takes a particular blend of curiosity and courage to dive into a culture foreign to your own. In *Across Japan*, photographer Eren Sarigul takes us on a wide-eyed journey through the beautiful country that has fascinated him since he was a boy in south London. Born into a family with deep roots in Istanbul, Eren grew up bilingual and frequently visited relatives in Turkey. But it was the Japanese exchange students his family hosted that planted a dream of one day travelling much farther

east. Across Japan documents this young photographer's travels from the streets of Tokyo, to the enchanted forests of Yakushima, to the mountains of Nagano and back again. His lifelong love affair with Japan's geography, its cultures, and its people are evident on every page.

Fresh Paint NYC Billy Schon, 2010 Over 400 eye-popping photos provide a decade-long tour of graffiti in New York City. Walls, trucks, and subway cars are featured with graffiti by the crews X-Men, KD, TNB, 156, RIS, AOK, TC-5, FAME CITY, COD, XTC, TFP, MCI, IF, DYM, 718, TD4, SMART, TATS CRU, FLY-ID, GFR, AKB, and many more. Because New York City has made a concerted effort to remove graffiti from the city, the images captured here will never be seen again. Walls were repainted and some buildings were demolished, keeping graffiti crews working fast to keep ahead of the trend. The author worked even faster to capture their ephemeral efforts. If you have a fascination with urban life and colorful expression, this book is definitely for you.
