A History of Buddhism in India and Tibet Dan Martin, 2022-07-19 The first complete English translation of an important thirteenth-century history that sheds light on Tibet's imperial past and on the transmission of the Buddhadharma into Central Asia. Translated here into English for the first time in its entirety by perhaps the foremost living expert on Tibetan histories, this engaging translation, along with its ample annotation, is a must-have for serious readers and scholars of Buddhist studies. In this history, discover the first extensive biography of the Buddha composed in the Tibetan language, along with an account of subsequent Indian Buddhist history, particularly the writing of Buddhist treatises. The story then moves to Tibet, with an emphasis on the rulers of the Tibetan empire, the translators of Buddhist texts, and the lineages that transmitted doctrine and meditative practice. It concludes with an account of the demise of the monastic order followed by a look forward to the advent of the future Buddha Maitreya. The composer of this remarkably ecumenical Buddhist history compiled some of the most important early sources on the Tibetan imperial period preserved in his time, and his work may be the best record we have of those sources today. Dan Martin has rendered the

richness of this history an accessible part of the world's literary heritage.

The Treasury of Good Sayings Bkra-śis-rgyal-mtshan (Śar-rdza), 2005 The Legs bshad mdzod, which is here edited and translated into English for the first time, is a history of Tibetan religion known as Bon. It gives a full account of this ancient religion, its origins and development, its struggles against the later imported Buddhism, and its fight for survival in spite of persecution and even abolition on two occasions. the reassembly of the scriptures dispersed at these times is major object of attention. In his introduction the editor makes an assessment of the historical value of the work and considers the extent of its reliability and factual accuracy. He has also, here and in the footnotes to the translation, indicated its sources which are extremely numerous and varied. The transliteration of the Tibetan text is followed by two indices of names and a short glossary of rare terms.
