Descriptive Grammar of Pashto and its Dialects Anne David,2013-12-12 Pashto/Pushto/Pukhto is a group of varieties used by as many as 30 million people in Afghanistan and Pakistan, yet a grammar describing these varieties collectively has not been published. The CASL Pashto grammar originates from extensive use of both primary and secondary materials. It attends to features of both spoken and written forms of Pashto and exemplifies the latter generously with naturally-occurring sentences. Detailed descriptions are provided of the phonology and orthography and of the inflectional and derivational morphology applied to all major word classes, with special attention to the complex morphology of verb formation and descriptions of the multiple pronominal systems. Notes on some of the prominent syntactic constructions are provided as a descriptive basis for learners of Pashto and for those interested in syntactic properties characteristic of South Asian languages. For the first time, the highly distinctive Middle dialects, including Waziri, receive attention next to the other major dialect groups. A formal grammar focusing on the morphology is an available companion work.

Pashto is an Eastern Iranian language that is native to southern and eastern Afghanistan, northwestern Pakistan, and parts of eastern Iran. It is spoken by over 40 million people worldwide. Pashto is written in the Pashto alphabet or script, which is a modified form of the Perso-Arabic script. This dictionary's two-way format makes it useful for both English and Pashto speakers. Each entry includes the Pashto script as well as Romanization (common sense phonetic pronunciation) for English speakers. Pashto-speaking ELL (English-Language Learner) students can look up the meaning of English words they don't recognize, and also translate their thoughts and writing in Pashto to English using this dictionary.

Empowering Students Through Multilingual and Content Discourse Finley, Stacie Lynn, Correll, Pamela, Pearman, Cathy, Huffman, Stephanie, 2023-07-25
Empowering Students Through Multilingual and Content Discourse is a peer-reviewed research book that challenges

the traditional monolingual classroom approach, where the teacher's voice dominates and only the dominant culture's language is considered the path to success. The book aims to empower students by creating classroom spaces where all voices are heard, valued, and empowered. It draws on research from scholars who study discourse and offers insights into how discourse can be used to promote language and literacy development, honor all students' voices, and empower them. This book also provides guidance on culturally and linguistically sustaining discourse practices and encourages educators to incorporate students' home languages and discourse practices in classroom instruction. It challenges educators to move away from centering White English and represent language more responsibly within the classroom. This research is a valuable resource for academic scholars and a useful tool for teachers looking to cultivate student-centered classroom practices. By encouraging discourse among students, educators can create a space where human life holds meaning, and students feel empowered to act and use their voices.

Handbook of Research on Race, Culture, and Student Achievement Keengwe, Jared, 2023-01-13 There is growing pressure on teachers and other educators to understand and adopt culturally relevant pedagogies as well as strategies to work with diverse groups of races, cultures, and languages that are represented in classrooms. Establishing sound cross-cultural pedagogy is also critical given that racial, cultural, and linguistic integration has the potential to increase academic success for all learners. The Handbook of Research on Race, Culture, and Student Achievement highlights cross-cultural perspectives, challenges, and opportunities of providing equitable educational opportunities for marginalized students and improving student achievement. Additionally, it examines how race and culture impact student achievement in an effort to promote cultural competence, equity, inclusion, and social justice in education. Covering topics such as identity, student achievement, and global education, this major reference work is ideal for researchers, scholars, academicians, librarians, policymakers, practitioners, educators, and students.

Rohi Mataluna Mohammad Nawaz Tair, 2009-03-01 For a Pashtun, the world is a dangerous place. . . . To negotiate such a world, a man or woman needs wise words. . . . Pashto proverbs provide critical lessons about faith and honor, human nature and relationships, friends and enemies, power and revenge, in short, how to live in a society that is at once fragrant with friendship, fraught with ambiguities, and seared by treachery. You are invited to look into the world of the Pashtun through the pages of *Rohi Mataluna: Pashto Proverbs*. This selection of 1,350 Pashto proverbs (mataluna) from the mountainous (rohi)

Afghan borderlands, with English translation and cultural annotations, aims to preserve some of the original flavor of an oral literature that reflects a traditional culture now facing turmoil and inevitable change. This second edition has been completely updated, revised, and expanded with new material, while taking care to preserve and honor the original work of the first edition. It includes: -- Cultural background and context of the Afghan frontier -- Explanations of key words and concepts -- Examples of the use of texts in social situations -- Observations on the form and structure of proverbs -- Parallel and variant texts -- Background stories -- Index of key words, persons, and places This book will appeal to readers and students of Pashto and English, to scholars and tourists, to anthropologists and folklorists, and to all those interested in learning more about the Pashtun people of the Afghan frontier.

Part one (grammar) is a systematic presentation of Dari sound system (phonology, word formation (morphology) and sentence structure (syntax). Each chapter begins with an introduction. This is followed by analysis of the new concepts providing plenty of examples and illustrations. Next comes the chapter summary. Each chapter in part one ends with exercises. Part two (phrasebook) is about how to communicate with Afghans on a variety of situations (topics). This part first discusses language functions such as asking, ordering, requesting, apologizing, persuading, and so on. The second part is about topics or situations involving shopping, health, transportation, security, government and so on. The relevant vocabulary under each topic is listed into nouns, verbs and adjectives. The topics also include cross-cultural notes and proverbs.
