Crisis Communication Kjell Brataas, 2018-01-29 Crisis Communication is an in-depth examination of recent tragedies and natural disasters that have occurred around the globe. The book covers three types of incidents: natural catastrophes, accidents and terror attacks. It focuses on the communication aspect of each incident and provides accounts from people handling the event. Each chapter offers a detailed description of the event and supplementary facts and illustrations from a variety of sources. With a focus on critical communication elements and lessons learned, Brataas offers valuable advice - based on personal experience with natural disasters, accidents and terror attacks - on some of the most effective ways to prepare for and deal with a crisis. Topics range from interview situations and social media to victim support and active shooter events. This book will be invaluable to those working in public relations and communications, as well as to those working with human resources and general management.

Pro iOS Security and Forensics Eric Butow, 2018-07-31 Examine how to keep iOS devices safe in the physical world, including creating company policies for iPhones; assessing and defending against cyber vulnerabilities and attacks; working with preinstalled as well as third party tools; and strategies for keeping your data safe including backing up and screen locks. Managing and maintaining iPhones and iPads in a corporate or other business environment inherently requires strict attention to security concerns. Managers and IT professionals need to know how to create and communicate business policies for using iOS devices in the workplace, and implement security and forensics tools to manage and protect them. The iPhone and iPad are both widely used across businesses from Fortune 500 companies down to garage start-ups. All of these devices must have secure and monitorable ways

to connect to the internet, store and transmit data without leaks, and even be managed in the event of a physical theft. Pro iOS Security and Forensics covers all these concerns as well as also offering tips for communicating with employees about the policies your business puts in place, why those policies are important, and how to follow them. What You'll Learn Review communicating policies and requirements for use of iPhones Keep your iPhone safe in the physical world Connect to the Internet securely Explore strategies for keeping your data safe including backing up and screen locks Who This Book Is For Managers and IT professionals working in a business environment with iPhones and iPads.

A password organizer of some sort is essential these days, to help you keep track of the myriad of passwords that you have set up for websites, online accounts and more. □ YOU CAN'T REMEMBER EVERYTHING First, even if you think you can remember all those passwords, frankly, you can't. Everyone's mind slips sometimes, and you may not log in to certain accounts but once or twice a year, making it difficult under the best circumstances. □ NOT ONLY PASSWORDS BUT YOU SHOULD RECORD OTHER INFORMATION Second, it isn't just the passwords you need to sometimes know, but also usernames, what email address you have associated with the account, the name or web address of where to log in, or a myriad of other information. □ WITHOUT ORGANIZER YOU CAN'T SHARE ACCESS TO YOUR TRUSTED ONES Third, what

happens if you're incapacitated for a while? We all should have Plan B in our lives. What will happen if you die suddenly and your beloved and clozed ones can't access to your information that you want them to handle on your absence. Or how would a trusted friend or loved one be able to access the sometimes vital information within these accounts if you are unable to do so if you haven't given them some type of information to go by. 4A5; FLAT 51% OFF FOR NEXT 7 HOURS 4A5; 525; CLICK ADD TO CART NOW - SALE ENDS TODAY 525; This 5 x 8 Elegant Password Organizer consists of 112 white Pages and designed very carefully by experts that's why this is the best designed organizer in the market (at least we believe). The Book Contains: □ Perfectly sized at 5 X 8. We believe this is the perfect size where you will get enough writing space and it is very much portable. □ It has 4 pages (2 front, 2 back) for each letter of the alphabet and tabs for each alphabet at the top right and left corner. So it's easy to flip through and find the page you need. □ Each entry has a spot for the Website Address, Username, Password, Hints or Clues and Notes about your desire website. □ It has 4 EXTRA PAGES at the back where you can write hundreds of passwords and free space to write down your notes/comments or any other vital information. □ 2 dedicated pages at the beginning to put your Network and Internet Service Provider Information which are missing in most of the other password organizers. You will often need this information specially if you install new operating system or give access to your Wifi Connection to others. □ Premium Glossy

Cover Design. You WILL love our Gorgeous cover - we guarantee. □ 110 (90 GSM) White Pages. The pages are not thin like ordinary journals. “ WE GENUINELY WISH YOU TO SAVE YOUR HARD EARNED MONEY.
