The Past Life Perspective Ann Barham, 2016-06-07
Previously published as: *Nine lives (and counting)*.

Past Lives Peter Fenwick, Elizabeth Fenwick, 2001-07-01 For centuries, the existence of reincarnation has been a firmly held belief of millions that crosses races, religions, and cultures. In *Past Lives*, Dr. Peter Fenwick and Elizabeth Fenwick examine this extraordinary phenomenon by attempting to determine whether people are experiencing actual memories, or thoughts and ideas based on imagination. Featuring more than 100 firsthand accounts from those who believe they can recall their previous existences, this insightful exploration of reincarnation may change the way you think—and challenge your views of life itself. • A World War II veteran relives the moment of his death—in the cockpit of a bi-plane during the first World War. • A hypnotized woman starts speaking with an Irish brogue about her life in Ireland although she's never visited there. • While vacationing in Egypt, a woman correctly describes a temple she was once worshipped in—without ever having been inside.

Past Lives, Future Lives Bruce Goldberg, 1997-10-04 Dr. Bruce Goldberg a prominent hypnotherapist chronicles a practice that has led hundreds of patients on dramatic voyages of self-discovery through not only centuries past but also centuries to come. He discloses here, the rapture and revelation of the soul's migration from life to life. His subjects fathom the workings of Karma, transition between frequencies, light beings, and passage through astral and etheric planes. And often, they awake to find their present-day lives transformed. From the Paperback edition.

Children's Past Lives Carol Bowman, 2012-02-01 Has your child lived before? In this fascinating, controversial, and groundbreaking book, Carol Bowman reveals

overwhelming evidence of past life memories in children. Not only are such experiences real, they are far more common than most people realize. Bowman's extraordinary investigation was sparked when her young son, Chase, described his own past-life death on a Civil War battlefield--an account so accurate it was authenticated by an expert historian. Even more astonishing, Chase's chronic eczema and phobia of loud noises completely disappeared after he had the memory. Inspired by Chase's dramatic healing, Bowman compiled dozens of cases and wrote this comprehensive study to explain how very young children remember their past lives, spontaneously and naturally. In *Children's Past Lives*, she tells how to distinguish between a true past life memory and a fantasy, offers practical advice to parents on how to respond to a past life memory, and shows how to foster the spiritual and healing benefits of these experiences. Perhaps the most moving, convincing, and best-documented evidence yet for life after death, *Children's Past Lives* will stand alongside the classics of Betty J. Eadie, Raymond Moody, and Brian Weiss in its power to comfort, uplift, and transform our thinking about life after death

Past Lives and Borrowed Bodies Bambi

Harris, 2011-04-11 With her murder well behind her, Penny has a new adventure to contend with: uncontrollable time travel. And she's made a powerful enemy right off the bat. Claudius, the evil, ancient Roman merchant, needs to get Penny and her abilities as a seer out of the picture, so he sends her jumping in and out of other people's bodies in a wild race through time. Penny's trip takes her to plague-infested Europe, the hippie era, the Vietnam War, and beyond. Despite the constant change of address (and body and time), Penny still manages to communicate with her allies: the moody and handsome Avery, cowboy Roy, and

her vintage-loving angel, Eric. They frantically try to get her back to her new home in Gods garden, but Claudius is a twisted puppet master. He has hidden her in time and has quite a selection of exhaustive and exhausting misadventures planned for her. But not all is despair and confusion. Penny uses her many skills to comfort people along her journey, and she is reunited with family she didn't know she had eventually experiencing some of her own past lives. Pennys inspiring journey of self-improvement and hard-earned life lessons is another fun ride on the astral plane in this third installment in the popular Afterlife series.

Famous Past Lives Steve Burgess, 2011 Steve Burgess is one of the UK's leading Hypnotherapists who has completed many thousands of past life regressions. This intriguing book is the story of some of his clients who in regression sessions appear to have been very famous historical characters in their previous lives. These famous past lives include Queen Elizabeth I, her elder sister Queen Mary, one of Jack the Ripper's prostitute victims, Titus Oates from the Scott of the Antarctic Expedition and William Shakespeare. Whilst in trance, Steve's clients give fascinating accounts of their past life alter egos, often experiencing things known only to historians. As they re-live their famous past lives they even provide unknown information, which gives us a fuller insight into the lives of the famous characters, including Elizabeth's passionate affair with Robert Dudley and the fate of their love child, and Shakespeare's travels abroad. This book may be the book that proves the reality of reincarnation, and will be of interest to both sceptics and spiritually minded people.

Past Life Regression Mary Lee LaBay, 2004-12-10 The quest for self-knowledge and awareness has gained increasing popularity over the past several decades, with an explosion of beliefs and methodologies. Central to these practices is the exploration of past lives. From the curious layperson to the traditional doctor of medicine, people are employing various techniques in an effort to facilitate this experience. Certified hypnotherapy instructor Mary Lee LaBay has written Past Life Regression: A Guide for Practitioners as a comprehensive text for beginning as well as veteran therapists. Ms. LaBay covers both basic and advanced techniques in a philosophical context, to help practitioners generate maximum healing and change during the past life session. Through case studies and concise instructions, the author demonstrates practical and elegant uses of these techniques that allow the client to discover life purpose, aspects of their relationships, roots of disease, addiction, and phobias, as well as a wide range of other life issues.

Your Past Lives Michael Talbot, 1989 The author explains

why he believes in reincarnation, discusses the benefits of past-life therapy, and tells how to recall and explore memories of past lives

Time Travelers: Stories of Reincarnation Anna Maria Panici,2015-08-27 This book is the accumulation of five years of research, study, and personal experience with past-life regression therapy work. The individual past-life stories of these various hypnosis clients contain factual evidence, affirming the validity of this theory as something very important, real, and worth considering. Reincarnation is more than merely a theory; it is the key to set ourselves free from karmic cycles and provides profound healing of body, mind, and spirit.

Lifetimes Ago Susie Schecter,2010-03-16 In the historical romance, *Lifetimes Ago*, a modern-day couple discovers through past life regression that their lives were once intertwined and unintentionally uncover a passionate 1930s love story. It is 1934 in Rensselaer, Indiana, when Elsie Wilkins meets John McDonald-a man unlike any other. After feeling an immediate and intense chemistry, Elsie cannot take her eyes off him. It's official-the handsome apprentice architect has just swept the independent-minded teacher off her feet. Despite the fact that Elsie is still married to a man who abandoned her without warning, she and John begin a fervent courtship as all social mores fall away. As the Great Depression continues to wreak havoc around them, John and Elsie feel no hunger other than for each other. Just when their infatuation transforms to a powerful love, Elsie's husband makes an appearance and suddenly, the joyful future they have planned together is

threatened. Despite an unbearable tragedy, John and Elsie's deep love for each other transcends sixty-six years proving that true love never dies.

Reliving Past Lives: The Evidence Under Hypnosis Helen Wambach, 2021-04-06 In *Reliving Past Lives*, psychologist Helen Wambach, PhD, shares the fascinating results of her large-scale past-life group hypnotherapy sessions. In an effort to rule out false memory, fantasy and wishful thinking often associated with past life hypnosis, Wambach devised a protocol where she chose time-specific periods from 2000 BC to the twentieth century and asked respondents where they were and what they were doing during that specific period. Race, social class, occupation, types of money used and gender were all explored. Mundane questions were asked such as: What types of utensils are being used? Describe weaving techniques that are being used. What foodstuffs are commonly in use during this time? What color is the brickwork of the houses? As expected, when taken to a specific period some respondents reported experiences while others reported nothing, prompting the question, did they report nothing because they were between lives? Wambach reasoned that if she asked a large number of subjects questions about a specific time and place and received a sizable percentage of similar answers from subjects who weren't consciously aware of the information they were reporting, that was something worth investigating further. Together with her book, *Life before Life*, the data is compelling reading for anyone pondering the validity of reincarnation and life beyond physical death.

Guinevere Laurel Phelan, 1996 life regression. When the results pointed to a past life as Queen Guinevere, Laurel traveled back to that life to make peace with the woman she once was.

Return to Life Jim B. Tucker, M.D., 2013-12-03 Dr.

Tucker, in a follow-up to his book *Life Before Life*, explores American cases of young children who report memories of previous lives in the New York Times bestseller, *Return to Life*. A first-person account of Jim Tucker's experiences with a number of extraordinary children with memories of past lives, *Return to Life* focuses mostly on American cases, presenting each family's story and describing his investigation. His goal is to determine what happened—what the child has said, how the parents have reacted, whether the child's statements match the life of a particular deceased person, and whether the child could have learned such information through normal means. Tucker has found cases that provide persuasive evidence that some children do, in fact, possess memories of previous lives. Among others, readers will meet a boy who describes a previous life on a small island. When Tucker takes him to that island, he finds that some details eerily match the boy's statements and some do not. Another boy points to a photograph from the 1930s and says he used to be one of the men in it. Once the laborious efforts to identify that man are successful, many of the child's numerous memories are found to match the details of his life. Soon after his second birthday, a third boy begins expressing memories of being a World War II pilot who is eventually identified. Thought-provoking and captivating, *Return to Life* urges its readers to think about life and death and reincarnation, and reflect about their own consciousness and spirituality.

Return to Life Jim B. Tucker, 2013-12-03 Investigates cases of children remembering past lives, including a boy who describes a previous life on a small island, and a boy who finds his past self in a photograph from the 1930s.

Past Lives, Present Dreams Denise Linn, 1997 As we approach the beginning of a new millennium, huge and

exciting changes will occur. And as powerful planetary shifts increase, we have a unique opportunity to release our limitations. *Past Lives, Present Dreams* teaches us how to best take advantage of the energies available for growth and personal expansion. In this wise and thorough guide to past-life therapy, renowned healer Denise Linn shows you how to address persistent conditions that haven't responded to other types of therapy. You will come to understand . . . * The concepts of reincarnation, soul mates, and karma * Techniques that can be used for past-life regression * How past-life therapy can improve your health, relationships, and prosperity * How fears, phobias, and blockages can be released through regression * Dreams and how they provide a vital connection to your past lives * Spirit guides, animal guides, and angels that can assist you in past life exploration With many examples of past life regressions and her comprehensive knowledge of mystical traditions around the world, Linn teaches you to rewrite the past to improve your present and future.

Past Life Clues Karin Hoppe Holloway, 2008 According to the author, a qualified hypnotherapist, current lives contain clues to past lives. In this volume, she explains how to uncover past-life clues.

True Real Life Stories of Reincarnation Richard Bullivant, 2015-10-01 Have you lived before? Suddenly the idea of reincarnation has produced a wave of resonance in modern society and struck a chord. This book documents the growing public acceptance of the possibility that all of us will live again after we finish our present 'go-around' on the planet Earth. The ancient concept of reincarnation and past lives has not only re-emerged into our modern consciousness, but seems to have become a more natural and accepted part of our world view. Some studies show that twenty-five percent of people in modern western

countries now agree that reincarnation is not only possible, but a reality. The implications of this are enormous. Imagine a population that has been released from the fear of death. Suddenly, we have all the time in the world - eternity, in fact! Life now takes on a new dimension of meaning. We realize that this is not all there is and we also understand that we are more than our physical bodies and because we are more than our physical bodies, we can access that which is beyond the physical. Our potential is virtually unlimited. Freedom from the fear of death is a kind of universal freedom that can flow across all aspects of life and living. Knowing that we are not mere physical lumps of biological matter, but indestructible souls constructed of pure consciousness is a magnificent vision for humanity. Knowing that we are 'souls' means that we can live out our lives from that basic understanding. It is the ultimate empowerment. No doubt many will remain sceptical about the possibility of reincarnation. But it seems this is a concept and a phenomenon that is not going away. Those amazing headlines in the media just keep coming. Every day more people - average, ordinary everyday people - are discovering that they have an undeniable connection to something larger, something infinite and something absolutely amazing.
