Beautiful Mark D. Sikes,2016-09-20 This New York Times bestselling book from interior designer Mark D. Sikes is a celebration of American style today, showcasing chic and accessible ideas for every home. Modern and unfussy, Mark D. Sikes's interiors are classic takes on California indoor/outdoor living, with natural fibers and crisp coloration, informed and influenced by the fashion world where he began his career. In eight chapters, he explores approachable, stylish looks, from Blue and White Forever, which features indigos, stripes, batiks, and wicker in casual rooms such as porches and pool houses; to Timeless Neutrals, presenting semiformal rooms filled with chinoiserie, gilt, glass, mirrors, banquettes, and French chairs; to Garden Greens, featuring happy, casual family rooms and kitchens inspired by the garden with treillage woodwork, rattan, and cotton. There are also Beautiful Brights, colorful rooms that are eclectic, layered, and fun, with chintz, florals, and Middle Eastern influences; and Sun Faded Hues, rustic coastal rooms with weathered fabrics and furniture. Each chapter presents light-filled images of the designer's looks and offers the reader inspiration and advice. As famed film director Nancy Meyers writes in the book's foreword, this is a book that shows design lovers how classic can look fresh, how style and comfort go hand-in-hand.

Gardens Are For Living Judy Kameon,2014-03-04 Bring the indoors outdoors with these inspiring design ideas. Gardens should be spaces that invite gathering, entertaining, and relaxing-gardens are for living. This is the philosophy behind Judy Kameon's design, and it reflects a shift in the way people today relate to the areas around their homes. Kameon has developed a unique style of creating rooms outside. By extending interior design to the exterior, she shows how to expand effectively the space of the home. What's more, gardens provide opportunities to engage with our surroundings and with each other in new ways. Here, Kameon shares insights for making dynamic outdoor spaces that are both beautiful and usable. Inspired by the midcentury-modern ethos that introduced the idea of everyday outdoor living, she shares strategies for making complete environments-what to look for when choosing the paths, walls, and plants but also the lighting, furniture, and accessories. The goal is to create a linked series of warm settings for different purposes to suit different occasions-whether it is a patio for cocktails around the fire pit, a large table for dinner parties, or a cozy hangout nook for curling up with a book. She also shows how to use elements like mats, pillows, lanterns, and benches to carve out individual retreats. It is an inspiring lifestyle with deep roots in California, but one that can be created anywhere.
