TRUSTING MOBILE PAYMENT Andrea Bauer,2017-07-18 In this book Andrea Bauer examines the apparently simple question of the role of trust in the development and establishment of mobile payment services. The proliferation of new payment instruments was always associated with the condition of trustworthiness. Even if the form of payment has changed constantly in the past (e.g. cowrie shells, stones, coins, paper notes, plastic cards or electronic digits), the demand for trustworthiness was always an essential factor regarding its market acceptance. What trust exactly is, which functions trust has in the use of technical solutions and which aspects and determinants of trust are crucial regarding mobile payment services, Andrea Bauer will analyze in the present work.

THE 4 DIMENSIONS OF TOTAL CUSTOMER SERVICE Stuart McKechnie,2014-08-08 This book is about 'Total Customer Service' .It applies to all types of organisations large and small, private or public .It considers the ongoing changing context and circumstances such as technology, social media and remote buying which influence the relationship between the selling organisation and the buying customer .It introduces 'The Customer Service Hallmark', a unique Customer Service Quality Standard

and guiding implementation and benchmarking framework. It takes Customer Service beyond 'Have a Nice Day 'and the obvious 'Surface' approaches to Customer Service. It positions Customer Service as having its roots in the cultural heart of the organisation. The book adopts a holistic view of organisations incorporating Organisation Development approaches to managing improvement interventions .It positions 'Total Customer Service' within and across all organisation functions and boundaries and includes a proactive stance to managing external environmental influences .The book provides reflective reading plus new and refreshed ideas, tools and models. The interesting presentation of the book takes the reader through the development of a practical methodology which guides, improves, sustains and maximises the provision of 'Total Customer Service' and organisation improvement. Anyone who has an interest in 'Total Customer Service' and organisation performance improvement will find this book valuable and enjoyable. 'Vision to Action', 'Sub System Synergy', 'Hilltops', 'ERUDITE Leadership', ' 'Futuristic Thinking', 'Competitive Integrity ' and 'Triple E' touch point management all contribute to Customer Service' and are some of the innovative concepts included in this book. The book brings together organisational capacity and capability and reflects a synergistic approach which promotes cross functional cooperation and harmony .The 'Four Dimensions' of the Customer Service Hallmark provide an integrated framework which positions 'Total Customer Service' as a coordinated strategic response to achieving organisation improvement and strategic intent.

How to make money with donations and fundraising

adel laida, Collecting donations and raising money for project or event online are always good ways to make additional income on the web. Donations have bad fame historically. Some people consider only homeless ask for help. Donation in no way should be considered as a begging. Donation is a support. A lot of people wish to donate to those who needed.

Business For Authors Joanna Penn, 2018-08-12 Are you ready to take the next step in your author journey? Art for the sake of art is important. Writing for the love of it, or to create something beautiful on the page, is absolutely worthwhile and critical to expand the sum of human expression. But I'm not here to talk about creativity or the craft of writing in this book. My aim is to take the result of your creativity into the realm of actually paying the bills. To take you from being an author to running a business as an author. I was a business consultant for 13 years before I gave up my job in September 2011 to become a full-time author-entrepreneur. I worked for large corporates and small businesses, implementing financial systems across Europe and Asia Pacific. I've also started a number of my own businesses " a scuba dive charter boat in New Zealand, a customized travel website, a property investment portfolio in Australia as well as my freelance consultancy. I've failed a lot and learned many lessons in my entrepreneurial life and I share them all in this book. In the last six years of being an author, through tempestuous changes in the publishing world, I've learned the business side of being a writer and I now earn a good living as an author-entrepreneur. I'm an author because it's my passion and my joy but also because it's a viable business in this age of global and digital opportunity. In the book, you will learn: Part 1: From Author To Entrepreneur The arc of the author's journey, definition of an author-entrepreneur, deciding on your definition of success. Plus/ should you start a company? Part 2: Products and Services How you can turn one manuscript into multiple streams of income by exploiting all the

different rights, various business models for authors and how to evaluate them, information on contracts, copyright and piracy. Plus/ putting together a production plan. Part 3: Employees, Suppliers and Contractors The team you need to run your business. Your role as author and what you're committing to, as well as co-writing. Editors, agents and publishers, translators, book designers and formatters, audiobook narrators, book-keeping and accounting, virtual assistants. Plus/ how to manage your team. Part 4: Customers In-depth questions to help you understand who your customers are and what they want, as well as customer service options for authors. Part 5: Sales and Distribution How to sell through distributors and your options, plus all the information you need to sell direct. ISBNs and publishing imprints " do you need them? Plus/ your options for pricing. Part 6: Marketing Key overarching marketing concepts. Book-based marketing including cover, back copy and sales pages on the distributors. Author-based marketing around building your platform, and customer-based marketing around your niche audience and targeted media. Part 7: Financials Revenues of the author business and how to increase that revenue. Costs of the author business and funding your startup. Banking, PayPal, accounting, reporting, tax and estate planning. Part 8: Strategy and Planning Developing your strategy and business plan. Managing your time and developing professional habits. The long-term view and the process for becoming a full-time author. Plus/ looking after yourself. Part 9: Next Steps Questions from the book to help you work out everything to do with your business, plus encouragement for your next steps. Appendices, Workbook and Bonus Downloads including a workbook and business plan template. If you want to go from being an author to running a business as an author, download a sample or buy now.

The Value of Money Ellen R. Feingold, 2015-10-13 The Value of Money celebrates the power of using monetary objects to explore history. This richly illustrated book features over 175 objects from the Smithsonian National Museum of American History's National Numismatic Collection. With objects from every inhabited continent, spanning more than 2,600 years, this book showcases the National Numismatic Collection's unique strengths, including the geographic and chronological diversity of the collection and the stunning rarities it contains. The companion volume to a major exhibition of the same name, this book examines the origins of money, new monetary technologies, the political and cultural messages money conveys, numismatic art and design, and the practice of collecting money. The Value of Money connects American history to global histories of exchange, cultural interaction and expression, political change, and innovation.

Business Model Innovation Allan Afuah, 2014-03-26 Rooted in strategic management research, Business Model Innovation explores the concepts, tools, and techniques that enable organizations to gain and/or maintain a competitive advantage in the face of technological innovation, globalization, and an increasingly knowledge-intensive economy. The book investigates how organizations can use innovations in business models to take advantage of entrepreneurial opportunities from: • Crowdsourcing and open innovation • Long Tails • Social media • Disruptive technologies • Less-is-more innovations • Network effects •

Scarcity of complementary capabilities The book also looks at the ways firms can use innovations in business models to exploit or defend against threats. With twelve supplementary cases to help readers apply the concepts and techniques, this book is a must-have for anyone looking to understand the fundamentals of business model innovation.
