From Grandma's Recipe Box Gooseberry Patch,2021-01-01 Some of our most cherished memories are of visits to Grandma's house...and the wonderful meals she cooked for us. When she called us down for breakfast, we knew there would be homemade caramel rolls and hot cocoa waiting, just for us. In chilly weather, there was always a hearty kettle of vegetable soup or chili simmering on her stove. At dinnertime, the table overflowed with tender chicken and noodles or slow-baked pot roast, buttery mashed potatoes, brown sugar carrots (because she knew we wouldn't eat them, otherwise!) and salads, fresh-picked from her garden. Her cookie jar was filled with our favorite snickerdoodles or chocolate chip cookies, and there was always a frosted layer cake in the cake stand. So many delicious memories! *From Grandma's Recipe Box* is chock-full of all these recipes and more, shared by cooks like you, handed down through generations and still enjoyed today. We've included easy tips for adding down-home flavor to meals, and for making get-togethers with family & friends special. If you enjoy old-fashioned comfort food, you'll love the recipes in this cookbook! 225 Recipes

Dickory Cronke Daniel Defoe,2020-08-31 Daniel Defoe (1660?-1731) was a prolific English writer who became one of the first Western writers to write novels and turn them into a sought after literary genre. During his life, Defoe wrote more than 500 books, pamphlets and journals on topics as wide ranging as politics, crime, religion, psychology, supernatural events, and even economics. While those are all impressive accomplishments, Defoe's name has lived on through Robinson Crusoe, one of the first and finest novels ever written. The book is written as a fictional autobiography of Robinson Crusoe, a castaway who spends nearly 30 years on a tropical island, where he encounters all kinds of danger and adventures. Published in the early 18th century, the novel may have been inspired by a real Scottish castaway, Alexander Selkirk, who lived for nearly 5 years on a Pacific Island. That island's name has since been changed to Robinson Crusoe Island. Robinson Crusoe was a stark departure from the typical literature of the day, which was still based on ancient mythology, legends, and history.

Palm Programming Glenn Bachmann,1999 Artful Making offers the first proven, research-based framework for engineering ingenuity and innovation. This book is the result of a multi-year collaboration between Harvard Business School professor Robert Austin and leading theatre director and playwright Lee Devin. Together, they demonstrate striking structural similarities between theatre artistry and production and today's business projects--and show how collaborative artists have mastered the art of delivering innovation on cue, on immovable deadlines and budgets. These methods are neither mysterious nor flaky: they are rigorous, precise, and--with this book's help--absolutely learnable and reproducible. They rely on cheap and rapid iteration rather than on intensive up-front planning, and with the help of today's enabling technologies, they can be applied in virtually any environment with knowledge-based outputs. Moreover, they provide an overarching framework for leveraging the full benefits of today's leading techniques for promoting flexibility and innovation, from agile development to real options.
