Reality Transurfing Vadim Zeland,2011-09 Transurfing Reality was one of the top non-fiction bestsellers in the world in 2005 and 2006. Unknown till now in the West, the series has sold over 1,300,000 copies in Russia in three years. This translation (by Natasha Micharina) describes a new way of looking at reality, indeed of creating it. It provides a scientific explanation of the laws that help you do this, building up a scientific model, speaking in detail about particular rules to follow and giving important how-to tips, illustrated with examples. The author introduces a system of specific terms, notions, and metaphors, which together make a truly convincing, thought-provoking theory of creating your own life. “You are ruled by circumstances and it will always be like that until you learn how to manage your reality,” says the author. Bringing together the cutting edge of modern science and philosophical teaching, the book’s style is popular-scientific, metaphorical and conversational. Books in the series: Reality Transurfing 1: The Space of Variations; Reality Transurfing 2: A Rustle of Morning Stars; Reality Transurfing 3: Forward to the Past; Reality Transurfing 4: Ruling Reality; Reality Transurfing 5: Apples Fall to the Sky

Foucault's Pendulum Umberto Eco,2014-08-29 Three book editors, jaded by reading far too many crackpot manuscripts on the mystic and the occult, are inspired by an extraordinary conspiracy story told to them by a strange colonel to have some fun. They start feeding random bits of information into a powerful computer capable of inventing connections between the entries, thinking they are creating nothing more than an amusing game, but then their game starts to take over, the deaths start mounting, and they are forced into a frantic search for the truth

The Magician King Lev Grossman,2011-08-09 Lev Grossman’s new novel THE BRIGHT SWORD will be on sale July 2024 Return to Fillory in the riveting sequel to the New York Times bestseller and literary phenomenon, The Magicians, now an original series on SYFY, from the author of the #1 bestselling The Magician’s Land. Quentin Coldwater should be happy. He escaped a miserable Brooklyn childhood, matriculated at a secret college for magic, and graduated to discover that Fillory—a fictional utopia—was actually real. But even as a Fillorian king, Quentin finds little peace. His old restlessness returns, and he longs for the thrills a heroic quest can bring. Accompanied by his oldest friend, Julia, Quentin sets off—only to somehow wind up back in the real world and not in Fillory, as they’d hoped. As the pair struggle to find their way back to their lost kingdom, Quentin is forced to rely on Julia’s illicitly learned sorcery as they face a sinister threat in a world very far from the beloved fantasy novels of their youth.

The Pendulum Kit Sig Lonegren,2018-10-28 The pendulum is a tool that bridges the gap between the logical left brain and the intuitive right brain. Now you can unlock the mysteries of the earth and its energy fields and tap into the unlimited potential of your own mind as you learn the secrets of dowsing with a pendulum. Follow exercises that will instruct you how to interpret the movements of a swinging pendulum to tune into your intuition; answer questions about your love life, health, or career; forecast the weather, predict events, locate lost objects and underground reserves of water or oil, and more! Use nineteen dowsing and astrological charts to acquire definitive answers, learn how to triangulate your movements to find misplaced items, discover additional applications for using the pendulum, and explore complementing tools. Have fun as you begin with the basics and continue your training to expert status. Kit includes pendulum with chain and pouch, 128-page book, and nineteen dowsing and astrological charts.

The Magicians Trilogy Lev Grossman,2015-06-09 The entire #1 New York Times bestselling Magicians trilogy, including The Magicians, The Magician King, and The Magician's Land, now available in one ebook bundle The Magicians Quentin Coldwater is brilliant but miserable. A high school math genius, he’s secretly fascinated with a series of children’s fantasy novels set in a magical land called Fillory, and real life is disappointing by comparison. When Quentin is unexpectedly admitted to an elite, secret college of magic, it looks like his wildest dreams may have come true. But his newfound powers lead him down a rabbit hole of hedonism and disillusionment, and ultimately to the dark secret behind the story of Fillory. The land of his childhood fantasies turns out to be much darker and more dangerous than he ever could have imagined . . . The Magicians is one of the most daring and inventive works of literary fantasy in years. No one who has escaped into the worlds of Narnia and Harry Potter should miss this breathtaking return to the landscape of the imagination. The Magician King Quentin Coldwater should be happy. He escaped a miserable Brooklyn childhood, matriculated at a secret college for magic, and graduated to discover that Fillory—a fictional utopia—was actually real. But even as a Fillorian king, Quentin finds little peace. His old restlessness returns, and he longs for the thrills a heroic quest can bring. Accompanied by his oldest friend, Julia, Quentin sets off—only to somehow wind up back in the real-world and not in Fillory, as they’d hoped. As the pair struggle to find their way back to their lost kingdom, Quentin is forced to rely on Julia’s illicitly learned sorcery as they face a sinister threat in a world very far from the beloved fantasy novels of their youth. The Magician's Land Quentin Coldwater has lost everything. He has been cast out of Fillory, the secret magical world of his childhood dreams that he once ruled. With nothing left to lose he returns to where his story began, the Brakebills Preparatory College of Magic. But he can’t hide from his past, and it’s not long before it comes looking for him. Meanwhile, the magical barriers that keep Fillory safe are failing, and barbarians from the north have invaded. Eliot and Janet, the rulers of Fillory, embark on a final quest to save their beloved world, only to discover a situation far more complex—and far more dire—than anyone had envisioned. Along with Plum, a brilliant young magician with a dark secret of her own, Quentin sets out on a crooked path through a magical demimonde of gray magic and desperate characters. His new life takes him back to old haunts, like Antarctica and the Neitherlands, and old friends he thought were lost forever.

The Magician's Land is an intricate and fantastical thriller, and an epic of love and redemption that brings the Magicians trilogy to a magnificent conclusion, confirming it as one of the great achievements in modern fantasy.

The Bedroom Michelle Perrot,2018-08-21 An erudite and highly enjoyable exploration of the most intriguing of personal spaces, from Greek and Roman antiquity through today The winner of France's prestigious Prix Femina Essai (2009), this imaginative and captivating book explores the many dimensions of the room in which we spend so much of our lives—the bedroom. Eminent cultural historian Michelle Perrot traces the evolution of the bedroom from the time of the ancient Greeks and Romans to today, examining its myriad forms and functions, from royal king's chamber to child's sleeping quarters to lovers' trysting place to monk's cell. The history of women, so eager for a room of their own, and that of prisons, where the principal cause of suffering is the lack of privacy, is interwoven with a reflection on secrecy, walls, the night and its mysteries. Drawing from a wide range of sources, including architectural and design treatises, private journals, novels, memoirs, and correspondences, Perrot's engaging book follows the many roads that lead to the bedroom—birth, sex, illness, death—in its endeavor to expose the most intimate, nocturnal side of human history.

The Right Hand of Evil John Saul,2000-05-02 When the Conways move into their ancestral home in Louisiana after the death of an estranged aunt, it is with the promise of a new beginning. But the house has a life of its own. Abandoned for the last forty years, surrounded by thick trees and a stifling sense of melancholy, the sprawling Victorian house seems to swallow up the sunlight. Deep within the cold cellar and etched into the very walls is a long, dark history of the Conway name--a grim bloodline poisoned by suicide, strange disappearances, voodoo rituals, and rumors of murder. But the family knows nothing of the soul-shattering secrets that snake through generations of their past. They do not know that terror awaits them. For with each generation of the Conways comes a hellish day of reckoning. . . .
