A deep space transport has been developed to take a small crew to an earth-like, habitable planet in a nearby system in an attempt to begin colonization/repopulation. The internet is now telepathic and referred to as the "innernet." When the hub is revealed to be a human child, Melody McCabe is hired to develop the new nexus on the second International Space Station. Working within the structure of sci-fi, Nod Away moves back and forth between physical and psychological worlds, utilizing traditional and abstract storytelling styles to explore what consciousness could be, where it could possibly be located, and what function or point it might serve.  
**Black and White Tapestry** Fred Cogswell,1989  
**Fasten Your Seat Belts** Lawrence J. Quirk,2018-06-19 The illuminating, comprehensive biography of Bette Davis, one of the most electrifying Hollywood stars ever to grace the silver screen. With a career spanning six decades and more than eighty films, Bette Davis is synonymous with Hollywood legend. From her incandescent performance as Margo Channing in All About Eve, to her terrifying, psychopathic Jane Hudson in What Ever Happened to Baby Jane?, Davis generated electricity wherever she appeared, whatever she did--and not just on the silver screen. Her personal life was as passionate as her career and was so fiery that it eventually consumed her. In this landmark biography, Lawrence J. Quirk takes us behind the scenes of all of Davis's movies, from her early unpromising roles, to her commanding presence at the pinnacle of stardom, to her degrading exploitation in horror films at the end of her career. Quirk delves into Davis's four unhappy marriages, as well as her frosty, manipulative relationships with her three children. Also revealed are her many affairs through the years with leading men, bit players, servicemen during World War II, and, very late in her life, much younger men, who repaid her by using her and deserting her. Intense, volatile, ruled often by her emotions, Bette Davis was described by one critic as a force of nature that could find no ordinary outlet. Fasten Your Seat Belts brilliantly explores the life and career of Bette Davis to show us the fascinating original she was.  
The Kennedys in Hollywood Lawrence J. Quirk,2004 Long-time Hollywood reporter and writer, Quirk has used his knowledge and friendship with the Kennedys and many film stars to create an engrossing saga of America's most revered dynasty.
