*The Blood Letter* Helga Rist,2019-11-13 Helga Rist tells her story of survival in post-World War 2 Soviet prisons in East Germany, behind the Iron Curtain. Captive for over seven years, Helga was incarcerated for being accused of associating with anti-Communist elements in the Soviet-occupied territory. Typical prison stories from the era deal with the Jewish holocaust. Helga's was a different tale as a political prisoner. Her will to live was kept alive by slowly penning a letter home to her family using her own blood pricked from her finger. The letter was not delivered until she finally gained her freedom.

*Sports Crazy* Steven J. Overman,2019-02-11 Sports Crazy: How Sports Are Sabotaging American Schools exposes the excesses of middle and high school sports and the detrimental effects our sports obsession has on American education. Institutions are increasingly emulating college and professional sports models and losing sight of a host of educational and health goals. Steven J. Overman describes how this agenda is driven largely by partisan fans and parents of athletes who exert an inordinate influence on school priorities, and he explains how and why school administrators shockingly and consistently capitulate to these demands. The author underscores the incongruity of public schools involved in an entertainment business and the effects this diversion has on academic integrity, learning, life experience, and overall educational outcomes. Overman examines out-of-control school sports within the context of a school's educational mission and curriculum, with telling reference to impacts on physical education. He explores as well the outsized place of interscholastic sports beyond the classroom and scrutinizes the distorted relationship between intramural or recreational sports and elitist, varsity athletics. Overman's chapter on tackle football explains many reasons why this sport should be eliminated from the school extracurriculum and replaced by flag or touch football. Overman presents a brief history of interscholastic sports, and he compares and contrasts the American experience of school-sponsored sport to the European model of community-based clubs. Which approach better serves students? Overman recommends reforms in the context of a radical proposal to phase out interscholastic sports in favor of an intramural or club model. This approach would alleviate such problems as elitism and gender bias and reign in hypercompetitiveness while freeing schools to educate students rather than provide public entertainment.

**Touched** Jerry Sandusky,2000-09-01 Touched is the story of Jerry Sandusky's life in his own words. From his childhood to his professional career, this book goes behind the scenes to explore the successes and challenges that Jerry Sandusky has faced in life, both on and off the football field. After graduating from Penn State in 1966, Sandusky went on to coach collegiate football for 34 years. Thirty-two of those years were with Penn State, as the defensive coordinator and linebackers coach under Joe Paterno, until his retirement in 1999. The book also explores Sandusky's involvement in children's charities, including the founding of his charity, Second Mile.

Roll Red Roll Nancy Schwartzman,2022-07-12 **\*\*A New York Times Book Review Editor's Choice selection\*\*** An incisive narrative about a teen rape case that divided a Rust Belt town, exposing the hostile and systemic undercurrents that enable sexual violence, and spotlighting ways to make change. In football-obsessed Steubenville, Ohio, on a summer night in 2012, an incapacitated sixteen-year-old girl was repeatedly assaulted by members of the "Big Red" high school football team. They took turns documenting the crime and sharing on Facebook, Twitter, and YouTube. The victim, Jane Doe, learned the details via social media at a time when teens didn't yet understand the lasting trail of their digital breadcrumbs. Crime blogger Alexandria Goddard, along with hacker collective Anonymous, exposed the photos, Tweets, and videos, making this the first rape case ever to go viral and catapulting Steubenville onto the national stage. Filmmaker Nancy Schwartzman spent four years embedded in the town, documenting the case and its reverberations. Ten years after the assault, Roll Red Roll is the culmination of that research, weaving in new interviews and personal reflections to take readers beyond Steubenville to examine rape culture in everything from sports to teen dynamics. Roll Red Roll explores the factors that normalize sexual assault in our communities. Through inter-views with sportswriter David Zirin, victim's rights attorney Gloria Allred and more, Schwartzman untangles the societal norms in which we too often sacrifice our daughters to protect our sons. With the Steubenville case as a flashpoint that helped spark the #MeToo movement, a decade later, Roll Red Roll focuses on the perpetrators and asks, can our society truly change?

*Mind and Matter* John Urschel,Louisa Thomas,2019 For John Urschel, what began as an insatiable appetite for puzzles as a child quickly evolved into mastery of the elegant systems and rules of mathematics. By the time he was thirteen, Urschel was auditing college-level calculus courses. But when he joined his high school football team, a new interest began to eclipse the thrill he once felt in the classroom. Football challenged Urschel in an entirely different way, and he became addicted to the physical contact of the sport. Accepting a scholarship to play football at Penn State, Urschel refused to sacrifice one passion for another, and simultaneously pursued his bachelor's and then master's degrees in mathematics. Against the odds, Urschel found a way to manage his double life as a scholar and an athlete, and so when he was drafted to the Baltimore Ravens, he enrolled in his PhD at MIT. Weaving together two separate yet bound narratives, Urschel relives for us the most pivotal moments of his bifurcated life. He explains why, after Penn State was sanctioned for the acts of former coach Jerry Sandusky, he turned his back on offers from Ivy League universities and refused to abandon his team, and contends with his mother's repeated request, at the end of every season, that he quit the sport and pursue a career in rocket science. Perhaps most personally, he opens up about the correlation between football and CTE, and the risks he took for the game he loves. Equally at home with both Bernard Riemann's notion of infinity and Bill Belichick's playbook, Urschel reveals how each challenge - whether on the field or in the classroom - has brought him closer to understanding the two different halves of his own life, and how reason and emotion, the mind and the body, are always working together--

Wooden: A Coach's Life Seth Davis,2014-01-14 A provocative and revelatory new biography of the legendary UCLA coach John Wooden, by one of America's top college

basketball writers No college basketball coach has ever dominated the sport like John Wooden. His UCLA teams reached unprecedented heights in the 1960s and '70s capped by a run of ten NCAA championships in twelve seasons and an eighty-eight-game winning streak, records that stand to this day. Wooden also became a renowned motivational speaker and writer, revered for his Pyramid of Success. Seth Davis of Sports Illustrated and CBS Sports has written the definitive biography of Wooden, an unflinching portrait that draws on archival research and more than two hundred interviews with players, opponents, coaches, and even Wooden himself. Davis shows how hard Wooden strove for success, from his All-American playing days at Purdue through his early years as a high school and college coach to the glory days at UCLA, only to discover that reaching new heights brought new burdens and frustrations. Davis also reveals how at the pinnacle of his career Wooden found himself on questionable ground with alumni, referees, assistants, and even some of his players. His was a life not only of lessons taught, but also of lessons learned. Woven into the story as well are the players who powered Wooden's championship teams – Kareem Abdul-Jabbar, Bill Walton, Walt Hazzard, and others – many of whom speak frankly about their coach. The portrait that emerges from Davis's remarkable biography is of a man in full, whose life story still resonates today.

**Game Over** Bill Moushey, Robert Dvorchak, 2012-04-17 The most comprehensive and explosive book on the worst scandal in the history of sports, Game Over investigates the devastating sexual abuse case that brought down Joe Paterno and forever tarnished the name of Penn State. In this incisive work of investigative journalism, Bill Moushey and Bob Dvorchak, along with Lisa Pulitzer, go behind the headlines, official statements, and court transcripts to tell the full story of the sexual abuse scandal that has rocked the nation—a tale of power, privilege, money, and politics that leads from the football building on the Penn State campus to the administration's boardroom to the highest echelons of the state capital and beyond. Eye-opening and fast-paced, Game Over exposes the lies, willful ignorance, and cover-ups that may have allowed a sexual predator to use his position and status to prey on vulnerable young victims for years. Its explosive new discoveries shatter the illustrious image of “Happy Valley”—State College, Pennsylvania, home to one of the nation's most successful and highly lucrative college football programs. Moushey, Dvorchak, and Pulitzer craft a story that is as compelling as it is unsettling. Probing beneath the male-dominated football culture, they share the untold stories of the mothers and wives, the sisters and daughters associated with the scandal. They trace the rise and fall of hometown hero and national icon Joe Paterno—the Nittany Lion's legendary head coach with the most wins in the history of college football, including two national championship titles—juxtaposing Penn State's success and glory with the hidden anguish of former coach Jerry Sandusky's accusers. As it details the rise and fall of the individuals associated with the scandal, it also makes clear the larger implications for the university, its vaunted football program, the community, and all of us. An exploration of the messy morality of pride and loyalty, silence and bearing witness, Game Over will leave readers pondering their own values and their beliefs in right and wrong.

*Mad Hoops* Bud Withers, 2020-10-15 The same year Bob Knight was coming to power at Indiana, a lesser known -- but no less mercurial -- coach was setting up shop 2,000 miles to the west. Dick Harter left a nationally prominent college basketball team at the University of Pennsylvania for a rebuilding job at Oregon and the expressed intention of challenging the sport's reigning power, UCLA. What evolved was a program that recruited nationally and didn't apologize for an extremely physical style that featured players diving on the floor for loose balls, battering the opposition under the boards and on occasion, overstepping the standards of fair play. The so-called Kamikaze Kids quickly became revered around their Eugene home base and reviled through much of the rest of the Pac-8 Conference. At a time when the league ranked at or near the top in the country competitively, several coaches were outspoken critics of the Ducks' tactics, including the sainted John Wooden of UCLA. This is the story of that fervent era, from the sizzling love affair between the program and the local fans to the contentiousness that swirled around Oregon and its furious approach to playing basketball.

Preventing Hazing Susan Lipkins, 2006-08-28 Written with clarity and passion, Preventing Hazing uncovers the deep roots of hazing, how and why it permeates schools, colleges, and communities, and what parents, teachers, and coaches can do to prevent it. The author shows how to recognize the warning signs, what to do if a student has been involved in a hazing (either as a victim, bystander, or perpetrator), how to deal with the moral, legal, and emotional aspects of hazing, and, ultimately, how to heal and move forward both as an individual and a community.

Fourth and Long John U. Bacon, 2013-09-03 The New York Times bestseller about the state of college football: Why we love the game, what is at risk, and the fight to save it—“A fascinating saga” (Booklist). In search of the sport's old ideals amid the roaring flood of hypocrisy and greed, bestselling author John U. Bacon embedded himself in four college football programs—Penn State, Ohio State, Michigan, and Northwestern—and captured the oldest, biggest, most storied league, the Big Ten, at its tipping point. He sat in as coaches dissected game film, he ate dinner at training tables, and he listened in locker rooms. He talked with tailgating fans and college presidents, and he spent months in the company of the gifted young athletes who play the game. Fourth and Long reveals intimate scenes behind closed doors, from a team's angry face-off with their athletic director to a defensive lineman acing his master's exams in theoretical math. It captures the private moment when coach Urban Meyer earned the devotion of Ohio State's Buckeyes on their way to a perfect season. It shows Michigan's athletic department endangering the very traditions that distinguish the college game from all others. And it re-creates the euphoria of the Northwestern Wildcats winning their first bowl game in decades. Most unforgettably, Fourth and Long finds what the national media missed in the ugly aftermath of Penn State's tragic scandal: the unheralded story of players who joined forces with Coach Bill O'Brien to save the university's treasured program—and with it, a piece of the game's soul. This is the work of a writer in love with an old game—a game he sees at the precipice. Bacon's deep knowledge of sports history and his sensitivity to the tribal subcultures of the college game power this elegy to a beloved and endangered American institution.

**Traffick** Ellen Hopkins, 2015-11-03 Five teens victimized by sex trafficking try to find their way to a new life in this “sincere and moving” (Booklist) companion to

the #1 New York Times bestselling *Tricks* from Ellen Hopkins, author of *Crank*. In her bestselling novel, *Tricks*, Ellen Hopkins introduced us to five memorable characters tackling these enormous questions: Eden, the preacher's daughter who turns tricks in Vegas and is helped into a child prostitution rescue; Seth, the gay farm boy disowned by his father who finds himself without money or resources other than his own body; Whitney, the privileged kid coaxed into the life by a pimp and whose dreams are ruined in a heroin haze; Ginger, who runs away from home with her girlfriend and is arrested for soliciting an undercover cop; and Cody, whose gambling habit forces him into the life, but who is shot and left for dead. And now, in *Traffick*, these five are faced with the toughest question of all: Is there a way out? How these five teenagers face the aftermath of their decisions and experiences is the soul of this story that exposes the dark, ferocious underbelly of the child trafficking trade. Heartwrenching and hopeful, *Traffick* takes us on five separate but intertwined journeys through the painful challenges of recovery, rehabilitation, and renewal to forgiveness and love. All the way home.

*Paterno* Joe Posnanski, 2012-08-21 A biography of the legendary college football coach, written with the cooperation of the subject and his family, traces his distinguished career over sixty-two football seasons and his enduring legacy.

*Alvin York* Douglas V. Mastriano, 2014-02-20 Alvin C. York (1887--1964) -- devout Christian, conscientious objector, and reluctant hero of World War I -- is one of America's most famous and celebrated soldiers. Known to generations through Gary Cooper's Academy Award-winning portrayal in the 1941 film *Sergeant York*, York is credited with the capture of 132 German soldiers on October 8, 1918, in the Meuse-Argonne region of France -- a deed for which he was awarded the Congressional Medal of Honor. At war's end, the media glorified York's bravery but some members of the German military and a soldier from his own unit cast aspersions on his wartime heroics. Historians continue to debate whether York has received more recognition than he deserves. A fierce disagreement about the location of the battle in the Argonne forest has further complicated the soldier's legacy. In *Alvin York*, Douglas V. Mastriano sorts fact from myth in the first full-length biography of York in decades. He meticulously examines York's youth in the hills of east Tennessee, his service in the Great War, and his return to a quiet civilian life dedicated to charity. By reviewing artifacts recovered from the battlefield using military terrain analysis, forensic study, and research in both German and American archives, Mastriano reconstructs the events of October 8 and corroborates the recorded accounts. On the eve of the WWI centennial, Alvin York promises to be a major contribution to twentieth-century military history.

*Beating Burnout at Work* Paula Davis, 2021-03-16 A first-of-its-kind, science-backed toolkit takes a holistic approach to burnout prevention by helping individuals, teams, and leaders build resilience and thrive at work. In *Beating Burnout at Work*, Paula Davis, founder of the Stress & Resilience Institute, provides a new framework to help organizations prevent employee burnout.

*Life of Dante* Giovanni Boccaccio, 2019-07-07 e; *Life of Dante*; brings together the earliest accounts of Dante available, putting the celebratory essay of literary genius Giovanni Boccaccio together with the historical analysis of leading humanist Leonardo Bruni. Their writings, along with the other sources included in this volume, provide a wealth of insight and information into Dante's unique character and life, from his susceptibility to the torments of passionate love, his involvement in politics, scholastic enthusiasms and military experience, to the stories behind the greatest heights of his poetic achievements. Not only are these accounts invaluable for their subject matter, they are also seminal examples of early biographical writing. Also included in this volume is a biography of Boccaccio, perhaps as great an influence on world literature as Dante himself.

*Wounded Lions* Ronald A. Smith, 2016-04-15 The Jerry Sandusky child molestation case stunned the nation. As subsequent revelations uncovered an athletic program operating free of oversight, university officials faced criminal charges while unprecedented NCAA sanctions hammered Penn State football and blackened the reputation of coach Joe Paterno. In *Wounded Lions*, acclaimed sport historian and longtime Penn State professor Ronald A. Smith draws from university archives to answer the How? and Why? at the heart of the scandal. The Sandusky case was far from the first example of illegal behavior related to the football program--or the university's attempts to suppress news of it. As Smith shows, decades of infighting among administrators, alumni, trustees, faculty, and coaches established policies intended to protect the university, and the football team considered synonymous with its name, at all costs. If the habits predated Paterno, they also became sanctified during his tenure. Smith names names to show how abuses of power warped the Penn State Way even with hires like women's basketball coach Rene Portland, who allegedly practiced sexual bias against players for decades. Smith also details a system that concealed Sandusky's horrific acts just as deftly as it whitewashed years of rules violations, coaching malfeasance, and player crime while Paterno set records and raised hundreds of millions of dollars for the university.

*Legendary Locals of Harrisburg* Todd M. Mealy, 2014 With images taken from the archives of the Dauphin County Historical Society, as well as family collections, *Legendary Locals of Harrisburg* encompasses biographical tributes that celebrate the deeds of actors, musicians, artists, teachers, athletes, humanitarians, politicians, veterans, firemen, and community leaders who have added a peculiar brand of Harrisburg's rich cultural tapestry. William Howard Day, an educator, and John Harris, who established Harrisburg, are two pioneers. Edward Stackpole, of Stackpole Books, and Theophilus Fenn, editor of the *Telegraph*, have forged the way for the city's writers. The first secretary of homeland security, Tom Ridge, and Simon Cameron, secretary of war under Lincoln, are among world-renowned politicians who have contributed to Harrisburg's valued reputation. From rival high school football coaches to dueling business owners, from civic leaders building an integrated city to aspiring young people embarking on independent journeys to the big screen, these profiles of real lives and real heroes show us that we all have contributed to the development of our own communities.
