A Year in the (Infertility) Life Nikki Zurawski,2021-11-02 A

Year in the (Infertility) Life By: Nikki Zurawski Infertility. It usually takes a year or more of “trying” to get pregnant to get to that word, and no one wants to hear it. Once the doctor says it out loud, life can

change as you know it. Poking and prodding. Early morning appointments. Ovulation tracking. HSG dye tests. Ultrasounds. Expensive Consultations. Fertility drugs that you can't even pronounce. Painful procedures. Fertility clinic referrals. Treatment cycles. Intrauterine insemination. Polypectomy. Too many follicles. Cysts. Injections. Hormone Support. Surgeries. Consultations on in-vitro fertilization. Even loss. That's just the physical side of it. The emotional side? Trying to navigate rescheduling work meetings for last-minute appointments based on baseline data each cycle. Tough conversations with friends, family, and your boss. Deciding when to allow your body a "break" from treatment cycles, even if just to give your health savings account a chance to catch up. Overthinking. Sleepless nights. Worrying that in the end, none of it will work. Trying to find a way to stay sane in the midst of all of it while literally filling your body with hormones.

The Palgrave Handbook of Critical Menstruation Studies Chris Bobel, Inga T. Winkler, Breanne Fahs, Katie Ann Hasson, Elizabeth Arveda Kissling, Tomi-Ann Roberts, 2020-07-24 This open access handbook, the first of its kind, provides a comprehensive and carefully curated multidisciplinary and genre-spanning view of the state of the field of Critical Menstruation Studies, opening up new directions in research and advocacy. It is animated by the central question: "what new lines of inquiry are possible when we center our attention on menstrual health and politics across the life course?" The chapters—diverse in content, form and perspective—establish Critical Menstruation Studies as a potent lens that reveals, complicates and unpacks inequalities across biological, social, cultural and historical dimensions. This handbook is an unmatched resource for researchers, policy makers, practitioners, and activists new to and already familiar

with the field as it rapidly develops and expands.

Virgin Beauty Magazine Issue 4 SAAM Virgin Beauty

Magazine,2021-03-21 April Known as Sexual Assault Awareness Month. A month to reflect, understand and educate on the topics of sexual assault and abuse. Understanding that it doesn't discriminate. It can happen to anyone and has happened to many around the world. We take this time to remember those who've been affected by such trauma. Living with the effects can be lifelong for many. Some have become what I call a Dove. They've gained their wings, flying high in the sky free of pain. It's important to understand that not every victim becomes a survivor and not every survivor was a victim. We all have our journey, story, and pain..... Be Kind Always... You NEVER know what someone is carrying every day. You can't see

anyone's mental health.

This bestselling, essential illustrated guidebook for adolescent girls is a trusty friend that can help girls feel confident about this new phase of their lives. What is my period exactly? Do I need to see a doctor? What does it feel like to wear a pad? What if I get my period at school? Karen Gravelle and her fifteen-year-old niece, Jennifer Gravelle, have written a down-to-earth and practical book that answers any questions you might have about your period, from what it is and what it feels like, to how to choose pads and tampons, to how to talk to your parents about it. The Period Book will help guide you through all the physical, emotional, and social changes that come with your period, as well as related issues like dealing with pimples, mood swings, and new expectations from friends and family. Go with the Flow Karen Schneemann, Lily Williams, 2020-01-14
High school students embark on a crash course of friendship, female empowerment, and women's health issues in Lily Williams and

Karen Schneemann's graphic novel *Go With the Flow*. Good friends help you go with the flow. Best friends help you start a revolution. Sophomores Abby, Brit, Christine, and Sasha are fed up. Hazelton High never has enough tampons. Or pads. Or adults who will listen. Sick of an administration that puts football before female health, the girls confront a world that shrugs—or worse, squirms—at the thought of a menstruation revolution. They band together to make a change. It's no easy task, especially while grappling with everything from crushes to trig to JV track but they have each other's backs. That is, until one of the girls goes rogue, testing the limits of their friendship and pushing the friends to question the power of their own voices. Now they must learn to work together to raise each other up. But how to you stand your ground while raising bloody hell?

Womancode Alisa Vitti, 2013 Alisa Vitti found herself suffering through the symptoms of polycystic ovarian syndrome (PCOS), and was able to heal herself through food and lifestyle changes. Relieved and reborn, she made it her mission to empower other women to be able to do the same. As she says, 'Hormones affect everything. Have you ever struggled with acne, oily hair, dandruff, dry skin, cramps, headaches, irritability, exhaustion, constipation, irregular cycles, heavy bleeding, clotting, shedding hair, weight gain, anxiety, insomnia, infertility, lowered sex drive, or bizarre food cravings and felt like your body was just irrational?' With this breadth of symptoms, improving hormonal health is a goal for women at every stage of their lives Alisa Vitti says that medication and anti-depressants aren't the only solutions. The thousands of women she has treated in her Manhattan clinic know the power of her process that focuses on uncovering your unique biological make up. Groundbreaking and informative, *WomanCode* educates women about hormone health in a way that's relevant and easy to understand. Bestselling author and women's health expert Christiane Northrup, who has called *WomanCode* the 'Our Bodies, Ourselves of this generation', provides an insightful foreword.

Periods Gone Public Jennifer Weiss-Wolf, 2017-10-10 The first book to explore menstruation in the current cultural and political landscape and to investigate the new wave of period activism taking the world by storm. After centuries of being shrouded in taboo and superstition, periods have gone mainstream. Seemingly overnight, a new, high-profile movement has emerged—one dedicated to bold activism, creative product innovation, and smart policy advocacy—to address the centrality of menstruation in relation to core issues of

gender equality and equity. In *Periods Gone Public*, Jennifer Weiss-Wolf—the woman *Bustle* dubbed one of the nation's “badass menstrual activists”—explores why periods have become a prominent political cause. From eliminating the tampon tax, to enacting new laws ensuring access to affordable, safe products, menstruation is no longer something to whisper about. Weiss-Wolf shares her firsthand account in the fight for “period equity” and introduces readers to the leaders, pioneers, and everyday people who are making change happen. From societal attitudes of periods throughout history—in the United States and around the world—to grassroots activism and product innovation, Weiss-Wolf challenges readers to face stigma head-on and elevate an agenda that recognizes both the power—and the absolute normalcy—of menstruation.

Designing Motherhood Michelle Millar Fisher, Amber Winick, 2021-09-14 More than eighty designs--iconic, archaic, quotidian, and taboo--that have defined the arc of human reproduction. While birth often brings great joy, making babies is a knotty enterprise. The designed objects that surround us when it comes to menstruation, birth control, conception, pregnancy, childbirth, and early motherhood vary as oddly, messily, and dramatically as the stereotypes suggest. This smart, image-rich, fashion-forward, and design-driven book explores more than eighty designs--iconic, conceptual, archaic, titillating, emotionally charged, or just plain strange--that have defined the relationships between people and babies during the past century. Each object tells a story. In striking images and engaging text, *Designing Motherhood* unfolds the compelling design histories and real-world uses of the objects that shape our reproductive experiences. The authors investigate the baby carrier, from the Snugli to BabyBjörn, and the (re)discovery of the

varied traditions of baby wearing; the tie-waist skirt, famously worn by a pregnant Lucille Ball on *I Love Lucy*, and essential for camouflaging and slowly normalizing a public pregnancy; the home pregnancy kit, and its threat to the authority of male gynecologists; and more. Memorable images--including historical ads, found photos, and drawings--illustrate the crucial role design and material culture plays throughout the arc of human reproduction. The book features a prologue by Erica Chidi and a foreword by Alexandra Lange.

Unlimiting God Richard Blackaby, 2010-05-26 People have their limits. Some choose to ignore them. God's power and love have no limits. So why do Christians put limits on their relationship with Him? We could be pursuing greater knowledge, experiencing deeper

intimacy, and abiding in freer joy... and yet we routinely settle for mediocrity in our spiritual lives. But if you are ready to explode your self-imposed limits, Dr. Richard Blackaby can guide you through powerful and passionate insights revealed in this new book. By contrasting mediocrity with the spirituality of the great “heroes of the faith,” Dr. Blackaby shows you that you need not settle for less than God intends for you. God can do extraordinary things through ordinary people like you...but only when you allow Him to enlarge your spiritual capacity and overcome your self-imposed limits. “I hope this book inspires you to aim for a new level of walking with God. I want you to reach heights in your spiritual life that you never dreamed were possible, to experience God working through your life in a powerful new dimension, to hear words from God that will dramatically change your life and your world. I want to help you blow past any limitations you have set for yourself in your Christian life.” —Dr. Richard Blackaby
