**Unlimiting God** Richard Blackaby,2010-05-26 People have their limits. Some choose to ignore them. God's power and love have no limits. So why do Christians put limits on their relationship with Him? We could be pursuing greater knowledge, experiencing deeper intimacy, and abiding in freer joy... and yet we routinely settle for mediocrity in our spiritual lives. But if you are ready to explode your self-imposed limits, Dr. Richard Blackaby can guide you through powerful and passionate insights revealed in this new book. By contrasting mediocrity with the spirituality of the great "heroes of the faith," Dr. Blackaby shows you that you need not settle for less than God intends for you. God can do extraordinary things through ordinary people like you...but only when you allow Him to enlarge your spiritual capacity and overcome your self-imposed limits. "I hope this book inspires you to aim for a new level of walking with God. I want you to reach heights in your spiritual life that you never dreamed were possible, to experience God working through your life in a powerful new dimension, to hear words from God that will dramatically change your life and your world. I want to help you blow past any limitations you have set for yourself in your Christian life." —Dr. Richard Blackaby

**Periods Gone Public** Jennifer Weiss-Wolf,2017-10-10 The first book to explore menstruation in the current cultural and political landscape and to investigate the new wave of period activism taking the world by storm. After centuries of being shrouded in taboo and superstition, periods have gone mainstream. Seemingly overnight, a new, high-profile movement has emerged—one dedicated to bold activism, creative product innovation, and smart policy advocacy—to address the centrality of menstruation in relation to core issues of gender equality and equity. In Periods Gone Public, Jennifer Weiss-Wolf—the woman Bustle dubbed one of the nation's "badass menstrual activists"—explores why periods have become a prominent political cause. From eliminating the tampon tax, to enacting new laws ensuring access to affordable, safe products, menstruation is no longer something to whisper about. Weiss-Wolf shares her firsthand account in the fight for "period equity" and introduces readers to the leaders, pioneers, and everyday people who are making change happen. From societal attitudes of periods throughout history—in the United States and around the world—to grassroots activism and product innovation, Weiss-Wolf challenges readers to face stigma head-on and elevate an agenda that recognizes both the power—and the absolute normalcy—of menstruation.

**The Modern Period** Lara Freidenfelds,2009-06-15 Winner, 2010 Emily Toth Award for Best Book in Women's Studies, Popular Culture Association/American Culture Association The Modern Period examines how and why Americans adopted radically new methods of managing and thinking about menstruation during the twentieth century. In the early twentieth century women typically used homemade cloth diapers to absorb menstrual blood, avoided chills during their periods to protect their health, and counted themselves lucky if they knew something about menstruation before menarche. New expectations at school, at play, and in the workplace, however, made these menstrual traditions problematic, and middle-class women quickly sought new information and products that would make their monthly periods less disruptive to everyday life. Lara Freidenfelds traces this cultural shift, showing how Americans reframed their thinking about menstruation. She explains how women and men collaborated with sex educators, menstrual product manufacturers, advertisers, physical education teachers, and doctors to create a modern understanding of menstruation. Excerpts from seventy-five interviews—accounts by turns funny and moving—help readers to identify with the experiences of the ordinary people who engineered these changes. The Modern Period ties historical changes in menstrual practices to a much broader argument about American popular modernity in the twentieth century. Freidenfelds explores what it meant to be modern and middle class and how those ideals were reflected in the menstrual practices and beliefs of the time. This accessible study sheds new light on the history of popular modernity, the rise of the middle class, and the relationship of these phenomena to how Americans have cared for and managed their bodies.

Designing Motherhood Michelle Millar Fisher,Amber Winick,2021-09-14 More than eighty designs--iconic, archaic, quotidian, and taboo--that have defined the arc of human reproduction. While birth often brings great joy, making babies is a knotty enterprise. The designed objects that surround us when it comes to menstruation, birth control, conception, pregnancy, childbirth, and early motherhood vary as oddly, messily, and dramatically as the stereotypes suggest. This smart, image-rich, fashion-forward, and design-driven book explores more than eighty designs--iconic, conceptual, archaic, titillating, emotionally charged, or just plain strange--that have defined the relationships between people and babies during the past century. Each object tells a story. In striking images and engaging text, Designing Motherhood unfolds the compelling design histories and real-world uses of the objects that shape our reproductive experiences. The authors investigate the baby carrier, from the Snuggli to BabyBjörn, and the (re)discovery of the varied traditions of baby wearing; the tie-waist skirt, famously worn by a pregnant Lucille Ball on I Love Lucy, and essential for camouflaging and slowly normalizing a public pregnancy; the home pregnancy kit, and its threat to the authority of male gynecologists; and more. Memorable images--including historical ads, found photos, and drawings--illustrate the crucial role design and material culture plays throughout the arc of human reproduction. The book features a prologue by Erica Chidi and a foreword by Alexandra Lange. Contributors Luz Argueta-Vogel, Zara Arshad, Nefertiti Austin, Juliana Rowen Barton, Lindsey Beal, Thomas Beatie, Caitlin Beach, Maricela Becerra, Joan E. Biren, Megan Brandow-Faller, Khiara M.
