**Discovering Hidden Gems in Foreign Languages** M.D. Miller, 2023-04-27 This book offers a practical approach to conducting research in foreign languages on topics with a global nexus. It introduces the problem researchers face when getting started with a research problem, such as setting up the research environment and establishing goals for the research. The researcher then needs to prepare and to conduct foreign-language research by generating key terms and searching the right places where the information they seek is most likely to be stored. Using the appropriate advanced search operators, the researcher narrows down the search results to the desired sources, thereby eliminating the irrelevant sources. Specialized knowledge of country-specific domains advances the specificity and relevance of the researcher's efforts. The methods and tools demonstrated in this book are applicable to a variety of academic and practical fields. A doctor may ask "what are other experts in my field saying about ABC disease?" A sommelier may ask "where else in the world are XYZ grape varieties grown?" A businessman may ask "who are my global competitors in my market?" A doctoral student may ask "have any other students at universities abroad ever written a dissertation about my topic, too?" With the tools and techniques demonstrated in this book, all of these questions are answerable. This book concludes with chapters on translation and citation methods, and includes three case studies that demonstrate the practical use of the methods discussed above. This book targets academic

researchers as well as students and faculty. This book will also be a good fit as an assigned reading for a college course on thesis/dissertation research.

*Mobility for Smart Cities and Regional Development - Challenges for Higher Education* Michael E. Auer, Hanno Hortsch, Oliver Michler, Thomas Köhler, 2022-01-27 This book presents recent research on interactive collaborative learning. We are currently witnessing a significant transformation in the development of education and especially post-secondary education. To face these challenges, higher education has to find innovative ways to quickly respond to these new needs. On the one hand, there is a pressure by the new situation in regard to the COVID pandemic. On the other hand, the methods and organizational forms of teaching and learning at higher educational institutions have changed rapidly in recent months. Scientifically based statements as well as excellent experiences (best practice) are absolutely necessary. These were the aims connected with the 24th International Conference on Interactive Collaborative Learning (ICL2021), which was held online by Technische Universität Dresden, Germany, on 22–24 September 2021. Since its beginning in 1998, this conference is devoted to new approaches in learning with a focus on collaborative learning in Higher Education. Nowadays, the ICL conferences are a forum of the exchange of relevant trends and research results as well as the presentation of practical experiences in Learning and Engineering Pedagogy. In this way,

we try to bridge the gap between 'pure' scientific research and the everyday work of educators. This book contains papers in the fields of Teaching Best Practices Research in Engineering Pedagogy Engineering Pedagogy Education Entrepreneurship in Engineering Education Project-Based Learning Virtual and Augmented Learning Immersive Learning in Healthcare and Medical Education. *Laughing Without an Accent* Firoozeh Dumas, 2008-04-29 NEW YORK TIMES BESTSELLER • "There's such warmth to Dumas' writing that it invites the reader to pull up a seat at her table and smile right along with her at the quirks of her family and Iranians and Americans in general."—Booklist In the New York Times bestselling memoir *Funny in Farsi*, Firoozeh Dumas recounted her adventures growing up Iranian American in Southern California. Now she again mines her rich Persian heritage in *Laughing Without an Accent*, sharing stories both tender and humorous on being a citizen of the world, on her well-meaning family, and on amusing cultural conundrums, all told with insights into the universality of the human condition. (Hint: It may have to do with brushing and flossing daily.) With dry wit and a bold spirit, Dumas puts her own unique mark on the themes of family, community, and tradition.

She braves the uncommon palate of her French-born husband and learns the nuances of having her book translated for Persian audiences (the censors edit out all references to ham). And along the way, she reconciles her beloved Iranian customs with her Western ideals. Explaining crossover cultural food fare, Dumas says, "The weirdest American culinary marriage is yams with melted marshmallows. I don't know who thought of this Thanksgiving tradition, but I'm guessing a hyperactive, toothless three-year-old." On Iranian wedding anniversaries: "It just initially seemed odd to celebrate the day that 'our families decided we should marry even though I had never met you, and frankly, it's not working out so well.'" On trying to fit in with her American peers: "At the time, my father drove a Buick LeSabre, a fancy French word meaning 'OPEC thanks you.'" Dumas also documents her first year as a new mother, the familial chaos that ensues after she removes the television set from the house, the experience of taking fifty-one family members on a birthday cruise to Alaska, and a road trip to Iowa with an American once held hostage in Iran. Droll, moving, and relevant, *Laughing Without an Accent* shows how our differences can unite us—and provides indelible proof that Firoozeh Dumas is a humorist of the highest order. Praise for *Laughing Without an Accent* "Dumas is one of those rare people: a naturally gifted storyteller."—Alexander McCall Smith "*Laughing Without an Accent* is written . . . as if Dumas were sharing a cup of coffee with her reader as she relates her comic tales. . . . Firoozeh Dumas exudes undeniable charm [as she]

reveals a zeal for culture—both new and old—and the enduring bonds of a family filled with outsize personalities.”—San Francisco Chronicle “[Dumas is] like a blend of Anne Lamott and Erma Bombeck.”—Bust “Humorous without being sentimental, [Dumas] speaks to the American experience.”—The Plain Dealer

**The Ungrateful Refugee** Dina Nayeri, 2020-09-15 A Finalist for the 2019 Kirkus Prize in Nonfiction Nayeri combines her own experience with those of refugees she meets as an adult, telling their stories with tenderness and reverence.” —The New York Times Book Review Nayeri weaves her empowering personal story with those of the ‘feared swarms’ . . . Her family’s escape from Isfahan to Oklahoma, which involved waiting in Dubai and Italy, is wildly fascinating . . . Using energetic prose, Nayeri is an excellent conduit for these heart-rending stories, eschewing judgment and employing care in threading the stories in with her own . . . This is a memoir laced with stimulus and plenty of heart at a time when the latter has grown elusive.” —Star-Tribune (Minneapolis) Aged eight, Dina Nayeri fled Iran along with her mother and brother and lived in the crumbling shell of an Italian hotel-turned-refugee camp. Eventually she was granted asylum in America. She settled in Oklahoma, then made her way to Princeton University. In this book, Nayeri weaves together her own vivid story with the stories of other refugees and asylum seekers in recent years, bringing us inside their daily lives and taking us through the different stages of their journeys, from escape to

asylum to resettlement. In these pages, a couple fall in love over the phone, and women gather to prepare the noodles that remind them of home. A closeted queer man tries to make his case truthfully as he seeks asylum, and a translator attempts to help new arrivals present their stories to officials. Nayeri confronts notions like “the swarm,” and, on the other hand, “good” immigrants. She calls attention to the harmful way in which Western governments privilege certain dangers over others. With surprising and provocative questions, *The Ungrateful Refugee* challenges us to rethink how we talk about the refugee crisis. “A writer who confronts issues that are key to the refugee experience.” —Viet Thanh Nguyen, Pulitzer Prize-winning author of *The Sympathizer* and *The Refugees*

*Daisy: Not Your Average Super-sleuth! The First Bundle* R T Green, 2023-11-11  
It all begins with a rose bush, mysteriously uprooted in the middle of the night, revealing a horrific secret... If you've not met our R.E.D. (Retired Extremely Daisy) heroine yet, the first bundle is a great way to get to know her, and the hit series! Three full books for less than the price of two! Daisy moved to a village a few miles from Kings Lynn in Norfolk a year ago, after a very unfortunate incident in London made her decide village life was the best option. She's adapted to country life quite well, although she rather irreverently refers to the village of Great Wiltingham as the 'place people go to wilt'. She does have a wicked side, after all! "One of the best cozy mystery series I've ever read!" "A real breath of fresh literary air!" In the first book, after some strange goings-on and a murder in the village, Daisy and Aidan, together with a young police-woman called Sarah, whose curiosity gets the better of her, set about solving the mystery. It all begins with a rose bush, mysteriously uprooted in the middle of the night, revealing a horrific secret... In the second book, village life has reverted to as normal as it ever gets where Daisy is concerned. Then one morning everything changes, in a very tragic way. To begin with, Daisy believes

someone from her past is responsible. Before she retired, she had a job very few people have, after all. Then a clue from a really unexpected source makes her wonder if it might be someone much closer to home. So once again she becomes the worm on the hook, much to Aidan and Sarah's horror. For Daisy there's no choice, because this time it's just about as personal as it gets... In the third book, following a surprise lead their daughter might have been sold by traffickers to someone in Africa three years ago, Daisy, Aidan and Sarah head for Uganda. But they've only been in the country a few minutes when a mysterious dying man thrusts a note into Daisy's hand. As he gasps his last breath, he begs her not to involve the police. She suddenly realises there isn't just one, but two mysteries to be solved! The extra mystery deepens as three different people confess to a murder that took place many years ago. But there's a silver lining to solving a case the local police closed in the nineteen-sixties, because it unearths an overgrown path that just might lead them to Celia. A path that could very well end in an international incident! Read all about Daisy, Sandie, and everything else we do, on the new rtgreen website. Enjoy!

*Big Data in Complex Systems* Aboul Ella Hassanien, Ahmad Taher Azar, Vaclav Snasael, Janusz Kacprzyk, Jemal H. Abawajy, 2015-01-02 This volume provides challenges and Opportunities with updated, in-depth material on the application of Big data to complex systems in order to find solutions for the challenges and problems facing big data sets applications. Much data today is

not natively in structured format; for example, tweets and blogs are weakly structured pieces of text, while images and video are structured for storage and display, but not for semantic content and search. Therefore transforming such content into a structured format for later analysis is a major challenge. Data analysis, organization, retrieval, and modeling are other foundational challenges treated in this book. The material of this book will be useful for researchers and practitioners in the field of big data as well as advanced undergraduate and graduate students. Each of the 17 chapters in the book opens with a chapter abstract and key terms list. The chapters are organized along the lines of problem description, related works, and analysis of the results and comparisons are provided whenever feasible.

*A Broken Hallelujah: Rock and Roll, Redemption, and the Life of Leonard Cohen* Liel Leibovitz, 2014-04-14 Brings to life a passionate poet-turned-musician and what compels him and his work. Why is it that Leonard Cohen receives the sort of reverence we reserve for a precious few living artists? Why are his songs, three or four decades after their original release, suddenly gracing the charts, blockbuster movie sound tracks, and television singing competitions? And why is it that while most of his contemporaries are either long dead or engaged in uninspired nostalgia tours, Cohen is at the peak of his powers and popularity? These are the questions at the heart of *A Broken Hallelujah*, a meditation on the singer, his music, and the ideas and

beliefs at its core. Granted extraordinary access to Cohen's personal papers, Liel Leibovitz examines the intricacies of the man whose performing career began with a crippling bout of stage fright, yet who, only a few years later, tamed a rowdy crowd on the Isle of Wight, preventing further violence; the artist who had gone from a successful world tour and a movie star girlfriend to a long residency in a remote Zen retreat; and the rare spiritual seeker for whom the principles of traditional Judaism, the tenets of Zen Buddhism, and the iconography of Christianity all align. The portrait that emerges is that of an artist attuned to notions of justice, lust, longing, loneliness, and redemption, and possessing the sort of voice and vision commonly reserved only for the prophets. More than just an account of Cohen's life, *A Broken Hallelujah* is an intimate look at the artist that is as emotionally astute as it is philosophically observant. Delving into the sources and meaning of Cohen's work, Leibovitz beautifully illuminates what Cohen is telling us and why we listen so intensely.

*Is It Still Good to Ya?* Robert Christgau, 2018-11-09 *Is It Still Good to Ya?* sums up the career of longtime Village Voice stalwart Robert Christgau, who for half a century has been America's most widely respected rock critic, honoring a music he argues is only more enduring because it's sometimes simple or silly. While compiling historical overviews going back to Dionysus and the gramophone along with artist analyses that range from Louis Armstrong to M.I.A., this definitive collection also explores pop's African roots, response to 9/11, and evolution from the teen music of the '50s to an art form compelled to confront mortality as its heroes pass on. A final section combines searching obituaries of David Bowie, Prince, and Leonard Cohen with awed farewells to Bob Marley and Ornette Coleman.
