Soul Empowerment Instafo, 2016-08-19 Enrichment of Soul for Greater Awareness Take a dive deep into the depth of your very own soul. What do you see? Who are you? What makes you the person that you are today? These are questions you should know about yourself. If you don't know, then you don't know the very fabric of your own soul. The soul has many spiritual connotations and nevertheless, they are all not wrong - from the eyes being the windows of the soul to the soul being a transcendence of self-awareness that breathes higher consciousness. Yet, modern culture goes against the human spirit, attempting you to look outward for the next thing rather than inward for what you already have. Would you like to go on a spiritual quest by visiting the foundation of your being to discover your bigger purpose? Would you like to better deal with the inevitable challenges you face every day, responding in a way that moves your life forward? Soul Empowerment will allow you to enjoy life more by learning to take care of your soul just as you care for your body. Through it all, you will experience more joy and peace each day. * Achieve higher power to respond effectively to the world around you. * Gain wisdom and self-awareness to make better decisions with clarity. * Accomplish seemingly impossible goals using the 3-Step LAMS Method. * Purify a burdened soul with this practice that is not for the faint of heart. * Rediscover the depth of soul with your very own self-assessments. * And much more! Achieving more positivity, and enriching your soul, does not need to be as difficult as it may seem. If you choose to set out on this journey, you will discover the soul that is the true reflection of yourself. Soul Empowerment will help uncover and build an empowered soul for you to fulfill your aspirations and lead you to a more meaningful life.

Self-Empowerment For Young People Dharma Mitchell, 2020-01-02 Often times, we young people face pressure either as a result of our status in the society or family issues, these most times deters and affects our lives. Young folks like you and I tend to be the most active in the society, but it is quite discouraging that we are unable to use that fact to our advantage. Nevertheless, we can still make things happen. All that is required of us is to get empowered, right? Let's start from the basics. What comes to your mind when you hear the term empowerment? Power? To enable? Well the term 'empowerment' in simple terms means 'becoming powerful'. Building yourself or personal empowerment involves looking inside yourself to find out the things we need to have to become the person we desire. Personal skills we have to develop, values and goals we need to form, and being ready to adjust our behavior so as to achieve our goals. In self-empowerment for young people, the aim is to get us young folks to know more about ourselves in order to better ourselves and become more useful to society.

Recipe to Empower Your Life: A Woman's Guidebook to Self-Empowerment Tamara Pelosi, 2021-05-26 It is often from the darkest moments of despair that wondrous gifts are born. Such is the case of Dr. Tamara Pelosi. Many years ago, her pastor told her that God was going to use her shameful experiences in a way she could never imagine. At that time, she could not comprehend how someone as broken as she could help another. Unfortunately, it took a catastrophic and nationally publicized event for Tamara Pelosi to find the courage to lift the veil of illusion she hid behind. The event that changed her life began on October 21, 2001. On that ill-fated day the body of a New York millionaire was found bludgeoned to death in his East Hampton country estate. It was her husband who was eventually found guilty of the horrendous crime. Using her own experiences of a twenty-year dysfunctional marriage she developed a powerful recipe that can help you understand your lemons or negative behavior patterns and how you can uncover the healing ingredients necessary to develop positive attributes. In this easy-to-read guide-book, Dr. Pelosi offers women the means to begin their own journey towards self-love and becoming the best version of themselves. Dr. Tamara Pelosi shares so much of her wisdom in this guidebook, taking difficult situations in her life and turning them into something positive. Her pure honesty in the first part of the book should really give others hope and inspiration. The second part is packed full of tools (or ingredients) that can be a survival guide to empower others to make positive changes in their lives. I believe through sharing her own experiences others will begin to see the glimmer of light in their darkness. Dr. Carol Carter, CEO/Family Prevention Professional Co-founder of Sunshine Alternative Education and Prevention Center * * * I have known Dr. Tamara Pelosi, both professionally and personally, for many years, we met when I served on the board of the Sunshine Center that she co-founded. I recall how Tamara held her head up high never letting the difficult circumstances she was experiencing stand in the way for the children in her care. Recipe to Empower Your Life is a testimony not only to how strong a woman Tamara is, but for all women. Her recipes for lightening a wounded soul and coming out happy on the other side are some of the best ideas I have ever heard. This book is a must read for all women to help guide them to peace, understanding and success. Julie Hernandez, Life Coach, Author, Founder of Perspectives Counseling Service and Retired CASAC working over 40 years in the field of addictions and trauma * * * This courageous, honest and ultimately hopeful memoir and self-help book will inspire anyone who reads it! It serves as a powerful reminder that faith, when mixed with other key ingredients, has the power to heal lives. What a blessing for Dr. Tamara Pelosi to vulnerably share her story of how the lemons in her life paved the way for her to formulate this comprehensive recipe. She will indeed impact so many women on their journey seeking hope and freedom. Dr. Nicole Chiuchiolo, Psychologist and Adjunct Professor, St Joseph's College.
