Scott Turow

Personal Injuries Scott Turow,1999-08-31 A gripping, suspenseful, deeply satisfying new novel about corruption, deceit, and love. Robbie Feaver (pronounced favor) is a charismatic personal injury lawyer with a high profile practice, a way with the ladies, and a beautiful wife (whom he loves), who is dying of an irreversible illness. He also has a secret bank account where he occasionally deposits funds that make their way into the pockets of the judges who decide Robbie's cases. Robbie is caught by the Feds, and, in exchange for leniency, agrees to wear a wire as he continues to try to fix decisions. The FBI agent assigned to supervise him goes by the alias of Evon Miller. She is lonely, uncomfortable in her skin, and impervious to Robbie's charms. And she carries secrets of her own. As the law tightens its net, Robbie's and Evon's stories converge thrillingly. Scott Turow takes us into, the world of greed and human failing he has made immortal in Presumed Innocent, The Burden of Proof, Pleading Guilty, and The Laws of Our Fathers, all published by FSG. He also shows us enduring love and quiet, unexpected heroism. Personal Injuries is Turow's most reverberant, most moving novel-a powerful drama of individuals trying to escape their characters.

Winning Personal Injury Cases Evan K. Aidman,2011 In this book, I examine every aspect of personal injury litigation, from attracting new clients to jury trials, and beyond. The personal injury laws vary from state to state and between state and federal court. Since 1983, I have been a trial lawyer in Pennsylvania and New Jersey. Much of the information presented involves those experiences. The law in your state may be different. Nevertheless, there is much uniformity throughout the states. The information in this book can be used by personal injury litigants and their counsel in any state. You may have to refer to local sources for the law or practice that applies to your situation. -- INTRODUCTION.

Doing Away With Personal Injury Law Stephen D. Sugarman,1989-07-07 Although personal injury law has been much criticized--by legal groups, insurers, health care providers, the business community, legislators, victims, and others--no concrete legal reforms have been enacted that would create a more equitable compensation system for accident victims of all sorts. In this volume, Sugarman offers both a penetrating critique of current personal injury law and a pioneering proposal for new compensation arrangements and new mechanisms for controlling unreasonably dangerous conduct. Sugarman argues persuasively that personal injury law as it is currently constructed generates more perverse behavior than desired safety, that it is an intolerably expensive and unfair system of compensating victims, and that in practice it fails to serve any commonsense notion of justice. His solution is the abolition of personal injury law and the institution of reforms based on social insurance and employee benefits. Sugarman begins by examining the justifications advanced in support of existing personal injury law, demonstrating that these goals are either unachieved or inefficiently pursued. He argues that current tort law discourages business innovation, undermines our health care system, diverts the time and attention of engineers, executives, and others from their main tasks, leaves many victims uncompensated while allowing others inappropriate punitive damages,

artificially inflates insurance costs, and more. In the second section, Sugarman criticizes already proposed reforms, arguing that they do not go nearly far enough to address the serious short falls of the current system. Finally, Sugarman delineates his own three-part reform proposal: eliminate tort remedies for accidental injuries; build on existing social insurance and employee benefit plans to assure generous, yet fair compensation to all accident victims; and build on existing regulatory schemes to promote accident avoidance and to provide effective outlets for public complaints. Practicing attorneys, lobbyists, policymakers and business, consumer, and insurance leaders will find *Doing Away with Personal Injury Law* a provocative contribution to the continuing debate on the best means of reforming the victim compensation system.
