It's Personal, Not Personnel Rob Campbell,2017-10-18 There has never been a more important time -- in corporate America and in the American military -- for leaders, at all levels, to understand how to invest in people. This book teaches you to do just that. Written by a 27-year Army Colonel, veteran and leader of more than 5,000 troops in the 1st Brigade of the 101st Airborne Division, It's Personal, Not Personnel: Leadership Lessons for the Battlefield and the Boardroom offers true stories and practical frameworks you can apply to the people in your organization and on your team. Whether from lack of will, experience or training, many leaders pay lip service to investing in people. Instead, they manage them on spreadsheets and in HR-focused software applications without personal consideration, failing to truly know them, care for them or establish healthy, fulfilling environments in which they can work and serve. Leaders focus on task completion, blind to the true effect it has on a person and his or her family. Those appointed to guide and delegate -- in business and in the armed forces -- often miss the opportunity to create a people-centric environment where productivity and efficiency will improve. It's less about making mechanics, IT managers or soldiers better at their trade, and it's more about making people better people. Explore the intricacies of personal connection in the workplace by following Rob Campbell through his own experiences leading large teams in high-stakes work, and then learn to apply those insights to your own work as a leader. It's all too easy for leaders to misplace their primary focus on customers and investors, and even on their own over-committed schedules, when the most important thing they could be doing is investing in their people. By understanding that leadership is personal, you will begin to understand that all workplace challenges -- productivity issues, efficiency issues, turnover problems, lack of employee engagement -- all come down to whether employees are being acknowledged, valued and understood. Through his own applications of people-first processes, Rob Campbell will instruct you in how to reinforce your team, identify weaknesses to be strengthened and expand your definition of conscious leadership. If you are a leader in any capacity, whether in the boardroom or on the battlefield, this book will teach you to embrace the soul of powerful leadership: guiding and empowering people to enable every teammate to play to their greatest strengths and aptitudes. It's time to understand what makes your people tick, and to lead them in new and better ways.

The Missing Piece Rob Hill,2018-06-05 For anyone who has suffered pain, disappointment, or a broken heart, entrepreneur and motivational speaker Rob Hill, Sr. shares the transformational personal story of his struggles and the invaluable lessons those difficult challenges have taught him about looking within to find the power to heal and live a purposeful life. Often the greatest opponent we face in the game of life is ourselves. We spend hours, days, and years searching for answers to the questions of our hearts. But the answer is there. Our full awareness of self, our understanding of purpose, and our appreciation for the power of love are the missing pieces needed to heal the pain so many of us feel. The Perfect Score Rob Buyea,2018-10-09 From the beloved author of Because of Mr. Terupt and its sequels comes The Perfect Score, a new middle-grade school story with a very special cast of unforgettable characters who discover that getting the perfect score—both on the test and in life—is perhaps not so perfect after all. No one likes or wants to take the statewide assessment tests. Not the students in Mrs. Woods's sixth-grade class. Not even Mrs. Woods. It's not as if the kids don't already have things to worry about. . . . Under pressure to be the top gymnast her mother expects her to be, RANDI starts to wonder what her destiny truly holds. Football-crazy GAVIN has always struggled with reading and feels as dumb as his high school-dropout father. TREVOR acts tough and mean, but as much as he hates school, he hates being home even more. SCOTT's got a big brain and an even bigger heart, especially when it comes to his grandfather, but his good intentions always backfire in spectacular ways. NATALIE, know-it-all and aspiring lawyer, loves to follow the rules—only this year, she's about to break them all. The whole school is in a frenzy with test time approaching—kids, teachers, the administration. Everyone is anxious. When one of the kids has a big idea for acing the tests, they're all in. But things get ugly before they get better, and in the end, the real meaning of the perfect score surprises them all.

The Rob Roy Kelly American Wood Type Collection David Shields,2023-02-07 The Rob Roy Kelly Wood Type Collection is a comprehensive collection of wood type manufactured and used for printing in nineteenth-century America. Comprising nearly 150 typefaces of various sizes and styles, it was amassed by noted design educator and historian Rob Roy Kelly starting in 1957 and is now held by the University of Texas. Although Kelly himself published a 1969 book on wood type and nineteenth-century typographic history, there has been little written about the creation of the wood type forms, the collection, or Kelly. In this book, David Shields rigorously updates and expands upon Kelly's historical information about the types, clarifying the collection's exact composition and providing a better understanding of the stylistic development of wood type forms during the nineteenth century. Using rich materials from the period, Shields provides a stunning visual context that complements the textual history of each typeface. He also highlights the non-typographic material in the collection—such as borders, rules, ornaments, and image cuts—that have not been previously examined. Featuring over 300 color illustrations, this written history and catalog is bound to spark renewed interest in the collection and its broader typographic period.

The Personal Credibility Factor Sandy Allgeier,2009-02-09 You'd trust your life with some people. Others, you wouldn't trust for an instant, even when the stakes are low. Why? What builds the personal credibility that some people simply exude? What do they do differently? This book shows you and helps you build your own personal credibility, the #1 attribute in earning trust and achieving success. Renowned personal coach Sandra K. Allgeier begins with a set of powerful stories that demonstrate what personal credibility really consists of, how it's earned, and how easily it can be destroyed. You'll discover how small daily actions, together with specific communication techniques and decisions, shape others' view of whether you can be trusted. Next, Allgeier illuminates three oft-neglected, crucial secrets of personal credibility. You'll find a hands-on assessment tool designed to help you bring more personal authenticity and transparency to your interactions; as well as

practical guidance on suspending judgment and really listening, thereby earning others' trust even if you ultimately choose to disagree. Allgeier concludes with seven specific steps you can take every day to increase your personal credibility, and rebuild credibility you may have already lost. Following her easy-to-understand, easy-to-use guidance, you can live a life that's not just more successful, but happier and more fulfilled, too.

A Treatise on Crimes and Misdemeanors: Offences against property, public or private: Public nuisances and offences relating to trade. Procedure, appeal, costs, and rewards. Of evidence William Oldnall Russell,1923

After The Event Chris Henson,2023-08-01 I am waiting for Mark. For the last several months he has been missing, Garbo-like, from public life. But in reality he has been writing a new book. We have agreed to go back over the original manuscripts for this edition, to do some editing, add in some extras, delete a few choice words and phrases. We meet in his London home, where he is dressed in a workday uniform of brown shirt, jeans and trainers, hair clipped up in practical busy-busy fashion, all smiles and loud laughter. We first met over five years ago. Then we tentatively shook hands and the laughter was nervous. All that has changed. But some things have not. He still famously hates interviews. Around us there is evidence of a very regular existence. There are books scattered everywhere, a Sony widescreen with a DVD of Shackleton sitting below it. Atop the fireplace hangs a painting called Fishermen by James Southall, a tableau of weather-beaten sea dogs wrestling with a rowing boat; a gift he bought himself on the anniversary of a publication. Balanced against a wall in the office next door is a replica of the Rosebud sledge burned at the dramatic conclusion of Citizen Kane. As I unpack my scripts, I begin with a question. You once said, 'There is a figure that is adored, but I'd question very strongly that it's me.' There is silence. A stare. You did say it. 'Well supposedly I said that. But in what context did I say it?' Just talking about people building up this image of you. It was one of the first things you ever said to me. 'Yes, but I'm not, am I?' There was also that interview that described you as someone fragile being who's hidden himself away. 'That was fairly amusing. A lot of the time it doesn't bother me. I suppose I do think I go out of my way to be a very normal person and I just find it frustrating that people think that I'm some kind of weirdo reclusive that never comes out into the world.' His voice notches up in volume. Did you ever feel you would finish your first book? 'Oh yeah,' he sighs. 'I mean, there were so many times I thought, I'll have the book finished this year, definitely, I'll get it out this year. Then there were a couple of years where I thought, I'm never gonna do this. I don't know why. Time evaporates.' He walks over and picks up the manuscripts. He reads a bit. He laughs. 'Did I really agree to this?' he asks. Mark knows the answer. 'A couple of people who read the first book Tour De Europa,' he says, 'they either really liked it or they found it very uncomfortable. I liked the idea of it being uncomfortable. I thought that was great. I love the ambiguity. But I also loved looking back on lost conversations and instantly remembering an emotion.' A clock somewhere strikes two and a friend arrives with tea, pizza, avocado with balsamic vinegar and cream cake for afters, only to be playfully admonished by Mark, who protests, 'I can't eat all this shit!' It would appear some things never change.
