Valery Keith

My Pet Demon Valery Keith,2016-11-29 Got Demon? Unfortunately, I now do and she's a real bad Samaritan. I'm Melisandra Ashford, known as Mel to my few friends here in New York City. I'm the quiet type you never notice, wasting my life dreaming over my oblivious secret crush at the ad agency where I work, and going nowhere fast. So when some crazy old lady in an antique shop told me to make a wish, I asked for help in getting my life together. That was a big mistake, because now, help has arrived. Sarcastic, ballsy and sexy as hell, Angie is ready and willing to wreck my life, it seems. Now I'm stuck with an obnoxious demon roommate impaling cars with street signs and dragging me out to meet men. Thanks to her, work has turned into rumor central and my hidden crush is starting to look like yet another mister wrong. All I need now is to be forced into signing some kind of demonic contract and my lunatic life will be complete. A humorous fantasy of angels and demons, this light-hearted funny tale of friendship and romance is the perfect summer read.

Haunted Pet Stories Mary Beth Crain,2011-07-19 Since ancient times, stories have abounded concerning the existence of ghost animals. From the Native American animal spirits, to the menacing demon dogs of medieval England, to present day encounters with animal apparitions, there can be little doubt that animals, like people, live after death and pass back and forth between this world and the next. In the realm of the paranormal, experiences concerning deceased pets who revisit the living are common events. Like the ghosts of humans, pet ghosts return for various reasons. Sometimes they appear to say goodbye. Sometimes they want to reassure their grieving owners that they are all right, and that their spirits are always with them. And sometimes, as they often did in life, they are guarding their beloved humans, delivering a message or a warning. Haunted Pets covers a wide range of encounters with animal ghosts. Some of these encounters are comforting; others are terrifying. In general, when pets return in ghostly form, they provide comfort and protection to the living. But there are other less benign phantom creatures who have been known to haunt places of violence, or exact revenge upon humans for evil deeds which, while long past, have somehow evaded justice.

Pit Bull Bronwen Dickey,2017-04-04 The controversial story of one infamous breed of dog--a New York Times Bestseller (Animals list). When Bronwen Dickey brought her new dog home, she saw no traces of the infamous viciousness in her affectionate pit bull. Which made her wonder: How had the breed--beloved by Teddy Roosevelt and Helen Keller--come to be known as a brutal fighter? Dickey's search for answers takes her from nineteenth-century New York dogfighting pits to early twentieth-century movie sets, from the battlefields of Gettysburg to struggling urban neighborhoods. In this illuminating story of how a popular breed became demonized--and what role humans have played in the transformation--Dickey offers us an insightful view of Americans' relationship with their dogs.

Demon Hunter Vee Eye Scott Juris,2006 They are the most feared, reviled, despised, hated creatures in all the world, and those are their good points. But they aren't the Demon Hunter Gabrielle's Hell spawn servants, just their pet Gremlin. When the Girls, Blaze and Scarlet, begin to miss the baby dragons they cared for, and more so after taking care of a Demon Dog, the Demon Hunter reluctantly, very reluctantly, agrees to permit them to have a Gremlin for a pet. But with so little known about them, except for the fact that outside of nature, Gremlins are the most destructive force there is, the Demon Hunter is understandably concerned. Yet, as the Girls tend their pet while they ride and the Demon Hunter performs her duties, Gabrielle is beginning to think there is much more to the Gremlin. Something that may be far worse.
