Bad Bug Book Mark Walderhaug, 2014-01-14 The Bad Bug Book 2nd Edition, released in 2012, provides current information about the major known agents that cause foodborne illness. Each chapter in this book is about a pathogen—a bacterium, virus, or parasite—or a natural toxin that can contaminate food and cause illness. The book contains scientific and technical information about the major pathogens that cause these kinds of illnesses. A separate “consumer box” in each chapter provides non-technical information, in everyday language. The boxes describe plainly what can make you sick and, more important, how to prevent it. The information provided in this handbook is abbreviated and general in nature, and is intended for

practical use. It is not intended to be a comprehensive scientific or clinical reference. The Bad Bug Book is published by the Center for Food Safety and Applied Nutrition (CFSAN) of the Food and Drug Administration (FDA), U.S. Department of Health and Human Services.

Braving Home Jake Halpern, 2004-06-07 Part travelogue . . . part meditation on the meaning of home (Wall Street Journal), *Braving Home* introduces readers to some of modern America's most unusual,

unforgettable pioneers. The cub reporter Jake Halpern - dubbed the Bad Homes Correspondent by his colleagues - sets out on a journey to some of the most unforgiving locales in America. He wanted to understand the people who live there - and more importantly why they refuse to leave. What results is an irresistible portrait of outlandish places and their most loyal residents. Meet a firefighting hillbilly in Malibu; a video store clerk who lives in a snowbound high-rise in Alaska; a hermit whose house in Hawaii, formerly an inn, is entirely surrounded by molten lava. Written in an infectious style and with swashbuckling spirit (Christian Science Monitor), *Braving Home* is an affectionate and affecting tale of rootedness in America.

The Poisonwood Bible Barbara Kingsolver, 2009-10-13 New York Times Bestseller • Finalist for the Pulitzer Prize • An Oprah's Book Club Selection "Powerful . . . [Kingsolver] has with infinitely steady hands worked the prickly threads of religion, politics, race, sin and redemption into a thing of terrible beauty." —Los Angeles Times Book Review The *Poisonwood Bible*, now celebrating its 25th anniversary, established Barbara Kingsolver as one of the most thoughtful and daring of modern writers. Taking its place alongside the classic works of postcolonial literature, it is a suspenseful epic of one family's tragic undoing and remarkable reconstruction over the course of three decades in Africa. The story is told by the wife and four daughters of Nathan Price, a fierce, evangelical Baptist who takes his family and mission to the Belgian Congo in 1959. They carry with them everything they believe they will need from home, but soon find that all of it—from garden seeds to Scripture—is calamitously transformed on African soil. The novel is set against one of the most dramatic political chronicles of the twentieth century: the Congo's fight for independence from Belgium, the murder of its first elected prime minister, the CIA coup to install his replacement, and the insidious progress of a world economic order that robs the fledgling African nation of its autonomy. Against this backdrop, Orleana Price reconstructs the story of her evangelist husband's part in the Western assault on Africa, a tale indelibly darkened by her own losses and unanswerable questions about her own culpability. Also narrating the story, by turns, are her four daughters—the teenaged Rachel; adolescent twins Leah and Adah; and Ruth May, a prescient five-year-old. These sharply observant girls, who arrive in the Congo with racial preconceptions forged in 1950s Georgia, will be marked in surprisingly different ways by their father's intractable mission, and

by Africa itself. Ultimately each must strike her own separate path to salvation. Their passionately intertwined stories become a compelling exploration of moral risk and personal responsibility.

Audrey Hepburns Neck Alan Brown,1997-03 A dazzling debut (People), Alan Brown's novel tells the story of 23-year-old Toshi who moves to Tokyo, where he finds a thrilling metropolis full of Americans. Intelligently and tenderly (braids) politics, war, laughter, and erotic and familial love.--New York Newsday.
