Business Voyages Richard John Stapleton,2010-05-06 Business Voyages is not a business fairy tale. Much of it really happened. Don't read this book if you are looking for simple answers and magic formulas. Although the book includes some concepts and techniques anyone should know about people and business, it does not promise success. Business Voyages is problem-oriented, presenting some of the problems encountered by the author and others on their business voyages, while explaining tools and processes anyone can use for analyzing and dealing with inevitable problems that will be encountered in any business world. Business Voyages is also opportunity-oriented, showing the reader how one might embark on a business venture at the right time and place and enjoy the winnings of a successful voyage.
