Teaching Life Skills in the School Library Blanche Woolls,Connie Hamner Williams,2019-03-08 Drawing on stories from successful programs and research, this book shows librarians how to provide students with the practical information they need for a bright future. Chapters cover career readiness, financial literacy, and civic responsibility at each grade level. From preschool through high school, students are preparing for their future. As they move through grade levels, they choose courses, research potential careers, learn about managing money, and recognize the responsibilities of being active citizens. At each step of the way, librarians can collaborate with teachers to help students to learn how to live in a world they can only imagine. School librarians are positioned to make a positive impact on students' lives when it matters most. Focusing on preparation for life after high school, this book cites research and provides anecdotes of successful programs as examples of how school librarians, in collaboration with counselors, community members, public libraries, and teachers, can develop collections and offer programming to show students the importance of finishing high school. Chapters also explain how to help students to find the college or university that fits with their educational interests and won't cause them to incur enormous debt. Included in every chapter are activities, resources, and lesson plans around topics at each grade level for librarians to co-teach with teachers, counselors, and other school staff.

The author supplies financial basics for families and direction on creating a family mission statement, in order to help drive mindful financial choices. With the help of this book's holistic financial guidance, families can take steps to live their best financial lives, rather than simply getting by. Readers will find advice on: Practicing financial mindfulness Understanding the current financial landscape Spending with a focus on personal values Understanding key financial concepts Engaging in healthy financial socialization Becoming financially independent Today's financial environment sets up unique challenges, including concerns over Social Security, sky-high college costs, and debt. Kids are more likely to make their buying decisions online rather than in stores. It's important that children's knowledge about money begins in the home. When parents actively teach their kids about money, it can contribute to their chances of future financial success. Within Money Minded Families, parents will find tools for evaluating and improving their own financial wellness. They can also teach their children about positive financial health using the book's activities, which are organized by age.

There's A Riot Going On Peter Doggett,2007-10-04 Between 1965 and 1972, political activists around the globe prepared to mount a revolution, from the Black Panthers to the Gay Liberation Front, from the Yippies to the IRA. Rock and soul music supplied the

revolutionary tide with anthems and iconic imagery; and renowned musicians such as John Lennon, Mick Jagger and Bob Dylan were particularly influential in the movement. This is the definitive account of this unique period in modern history; a compelling portrait of an era when revolutionaries turned into rock stars, and rock stars dressed up as revolutionaries.

A Year in Provence Peter Mayle, 2010-05-19 NATIONAL BESTSELLER • In this witty and warm-hearted account, Peter Mayle tells what it is like to realize a long-cherished dream and actually move into a 200-year-old stone farmhouse in the remote country of the Lubéron with his wife and two large dogs. He endures January's frosty mistral as it comes howling down the Rhône Valley, discovers the secrets of goat racing through the middle of town, and delights in the glorious regional cuisine. A Year in Provence transports us into all the earthy pleasures of Provençal life and lets us live vicariously at a tempo governed by seasons, not by days.

Nightfall Jake Halpern, Peter Kujawinski, 2015-09-22 The dark will bring your worst nightmares to light in this gripping and eerie survival story, perfect for fans of James Dashner and Neil Gaiman. On Marin's island, sunrise doesn't come every twenty-four hours—it comes every twenty-eight years. Now the sun is just a sliver of light on the horizon. The weather is turning cold and the shadows are growing long. Because sunset triggers the tide to roll out hundreds of miles, the islanders are frantically preparing to sail south, where they will wait out the long Night. Marin and her twin brother, Kana, help their anxious parents ready the house for departure. Locks must be taken off doors. Furniture must be arranged. Tables must be set. The rituals are puzzling—bizarre, even—but none of the adults in town will discuss why it has to be done this way. Just as the ships are about to sail, a teenage boy goes missing—the twins' friend Line. Marin and Kana are the only ones who know the truth about where Line's gone, and the only way to rescue him is by doing it themselves. But Night is falling. Their island is changing. And it may already be too late.

Shadow Country Peter Matthiessen, 2008-08-19 NATIONAL BOOK AWARD WINNER • “Altogether gripping, shocking, and brilliantly told, not just a tour de force in its stylistic range, but a great American novel, as powerful a reading experience as nearly any in our literature.”—Michael Dirda, *The New York Review of Books* Killing Mister Watson, Lost Man's River, and Bone by Bone—Peter Matthiessen's great American epic about Everglades sugar planter and notorious outlaw E. J. Watson on the wild Florida frontier at the turn of the twentieth century—were originally conceived as one vast, mysterious novel. Now, in this bold new rendering, Matthiessen has marvelously distilled a monumental work while deepening the insights and motivations of his characters with brilliant rewriting throughout. Praise for *Shadow Country* “Magnificent . . . breathtaking . . . Finally now we have [this three-part saga] welded like a bell, and with Watson's song the last sound, all the elements fuse and resonate.”—Los Angeles Times “Peter Matthiessen has done great things with the Watson trilogy. It's the story of our continent, both land and people, and his writing does every justice to the blood fury of his themes.”—Don DeLillo “The fiction of Peter Matthiessen is the reason a lot of people in my generation decided to be writers. No doubt about it. *Shadow Country* lives up to anyone's highest expectations for great writing.”—Richard Ford “*Shadow Country*, Matthiessen's distillation of the earlier Watson saga, represents his original vision. It is the quintessence of his lifelong concerns, and a great legacy.”—W. S. Merwin “[An] epic masterpiece . . . a great American novel.”—The Miami Herald
