The Adventures of Armac Robert D Mix,Buddy Mix,2015-04-01 This book is about a pharmacist who finds a niche in life where he helps people avoid crime. These people are just citizens who are going about their business, not paying much attention to their environment. Armac discovers a use in his life other than pharmacy quite accidentally. This is the story about how his life is changed by one small act involving helping a convenience store owner.

Pharmacy OSCEs and Competency-based Assessments Sharon Haughey,Roisin O'Hare,2017-04-17 Patient safety is now a very strong focus of pharmacy degrees. Competency-based evaluations of pharmacy students using simulated assessments including Objective Structured Clinical Examinations (OSCEs) and Criterion Referenced Assessments (CRAs) are increasingly commonplace. These are designed to simulate aspects of real-life pharmacy practice in order to train students to integrate their knowledge of medicinal chemistry, pharmaceuticals, therapeutics, legislation, clinical skills, numeracy, communication and empathy, and to test a student's ability to provide safe and effective patient care. This book provides a unique resource to support students and trainers in developing and practising these essential skills. It is designed as a useful resource for undergraduate students, clinical tutors and those involved in teaching students on pharmacy degree courses. Format OSCE outline Format (written/interactive) Level of difficulty Time limit Props supplied (e.g. BNF) Competencies tested Station task Model Answers and sample marking schemes Tips Short chapter introductions about how to tackle the type of problems encountered in the chapter. Station examples to test your ability to integrate knowledge and skills. Stations written in detail so that you can practise and then check or score performance against model answers. Examples of competency-based assessments designed to assess the level of integration between science and practice.

The Pharmacy Student Companion Daniel H. Albrant,Linda R. Harteker,1999 A manual on education and careers in practical pharmacy. It discusses: how to choose - and get into - the right pharmacy school for you; what you can expect of today's pharmacy school curriculum; why you should join a pharmacy organization; where to search for a residency or fellowship programme; what is involved in getting your pharmacist's license; and how to get your first position. There are names, phone numbers, email addresses and postal addresses of the people and organizations that do, with an index for quick reference. There are also 19 appendices containing listings of: US schools and colleges of pharmacy; scholarships, loans, awards, grants and internships; graduate, residency, and fellowship programmes in the US and Canada; state-by-state internship, licensure, and continuing education requirements; and state and national pharmacy organizations.

Healers or Dealers? Richard P. Allison,2021-07-28 Do no Harm? There is an innate trust built into us since childhood that our doctor spent years, learning and studying, how to help people. But what if that trust is broken? Are they all brought to justice for the confidences they've betrayed and the countless lives they've helped ruin? In *Healers or Dealers?*, readers get a front-row seat to the jaw-dropping true accounts written by the retired investigator who experienced them and attempted to hold these doctors accountable. His stories show a direct correlation between doctors' questionable conduct with illegal administering, dispensing, and prescribing of opioids and the craze that plagues our nation today. Couple this with the addictions that unwaveringly rival those we see in the worst of America's inner cities... and a pharmaceutical opioid epidemic is born.

Introduction to Public Health in Pharmacy Bruce Lubotsky Levin, Ardis Hanson, Peter D. Hurd, 2018 'Introduction to Public Health in Pharmacy' takes an approach that is both global and local. Macro-level examinations of health care systems and funding mechanisms around the world and advice for culturally competent, client-centered communication regarding nutrition and proper self-administration of medications encapsulate pharmacists' dual roles as guardians of global public health and providers of personalized care. Written in accordance with the latest guidelines from the Center for the Advancement of Pharmacy Education, this text offers an accessible introduction for pharmacy students and a comprehensive refresher for pharmacists already in practice

Reminiscing Through The Years Sandy Staub Kassimir, 2011-07-27 *Reminiscing Through The Years* is a book of laughter, tears, and life— Sandy Staub Kassimir's life to be exact. She begins the journey with the story of her parents' childhoods, along with the struggles they encountered when they came to America. She takes us through their courtship; sharing the loving details of how they met and fell in love. She also shares the story of her romance with her husband—a romance that began at the age of eighteen. Over the years they have welcomed their wonderful children and then, with time, their grandchildren into their lives. Sandy has been fortunate to meet many wonderful friends along the way. She tells the stories of people who have touched her life in some way, with honesty, warmth, and humor. Sandy has included the stories of her travels which have been a particular joy for her to relive. Throughout the book she expresses herself with great tenderness and frankness that anyone can appreciate. Among the 211 stories in the book, there were two sisters and a cousin whose stories made front page headlines world-wide. The Triangle Shirtwaist Factory Fire In 1911 my great maternal aunt was caught in that fire when she was a teenager. She barely survived. Her entire back was burned, and she could not bend her body. I never saw her sit. Her sister was in the Plague of 1918. The Plague of 1918 The Influenza Plague in Europe killed my maternal grandmother in Poland. My mother was only seven years old at the time. The Klinghoffer Murder In 1985 Leon Klinghoffer was murdered on the Achille Lauro ship. He was shot in his wheelchair and thrown overboard. He was my father's cousin. *Reminiscing Through the Years* was written to enlighten Sandy's children and grandchildren about her origin and her experiences through the years.

The Anna Cabrini Chronicles - Journals Tawd b. Dorenfeld, 2017-02-05 Transcribed from the audio tapes of the feature film *The Anna Cabrini Chronicles*, writer and director Tawd b. Dorenfeld creatively takes you through the minds of those suffering from Mental Illness, Social Anxieties, Depression, and Suicidal Tendencies. The *Chronicles* voice the inner chaos of four troubled characters, ultimately ending in their own personal demise. Brooke Caldner (age 22) battles with theological dichotomies and body image. Unable to accept his homosexuality, Jonathan, (age 50), succumbs to a fragmentation of his sexual desires and his own person. Venice Beach skater Merrick (age 12), decides the only escape from his hopeless family life and the testing of prepubescent societal is to end his own. Part Play, Part Poetry, Part Narrative, *The Anna Cabrini Chronicles - Printed Journals* is as unique a read as the film is to watch.

The Ballbreaker Jerome Washnis, 2001-09 I served with the 7th Infantry Division in the Pacific back in 1945 and 1946 and that, I believe, is what inspired me to write this story. But this is not a war story, not at all, even though all the action takes place in wartime America in 1944. It is, rather, a salty tale about the trials and tribulations of a young man who was caught up in the wartime draft of that era. I mention my military service only to lend credence to some of the events that take place in this story. I took pains to express myself in simple, everyday language throughout the book, and used easy to understand words and phrases to make a point in various situations. The book itself is made up of interrelated comic situations ... absorbing events and circumstances told in a ribald

fashion, and which I tout as sophisticated adult humor.

The Time Has Come Will Leitch, 2023-05-16 The author of the Edgar nominated and ALEX Award-winning *How Lucky* ("an absorbing thriller with heart"—People), blends suspense, humor, and compassion in a new novel about seven strangers and one very intense evening at a small-town Georgia pharmacy. Lindbergh's Pharmacy is an Athens, Georgia, institution—the type of beloved mom and pop shop that once dotted every American town but has mostly disappeared. But Lindbergh's has recently become the object of attention of a local fourth grade teacher Tina Lamm ("Ms. Lamm to my students"). Tina is certain something very, very bad is happening behind its famous black door and she intends to do something about it. Her suspicions—and the drastic actions she plans—are the unlikely glue that will connect her to a group of six employees and customers inside the pharmacy one hot Georgia evening. They include Theo, the Lindbergh's scion with a secret of his own; Daphne, a nurse and Army veteran struggling with her faith; Jason, a local contractor uncertain how to deal with his gifted teenage son; Karson, a young lawyer and activist wrestling with a job offer that makes him uncomfortable; David, an Athens music scene lifer whose sobriety has been sorely tested by isolation; and Dorothy, a widow just beginning to regain her bearings. The fates of these individuals—and their fateful encounter with Tina Lamm—become intertwined in a story that is by turns funny, touching, and tense. As he did in *How Lucky*, Will Leitch illuminates how we live today through a story of human beings struggling to do their best.
